PRODUCING OIL WITHOUT NOISE

Oklahoma and Indian Territory Fields Are Making a Showing.

NOT SO IN KANSAS

Monnett-Hearst Combination is Keeping Up Agitation and Injuring Operators.

INCENDIARY LANGUAGE USED

SPECIAL TELEGRAM FROM ALFRED R. CRUM, Staff Correspondent.

TISHOMINGO, IND. TER., March 16.—Although this town with the odd name is far out of the oil and gas fields, it possesses peculiar interest for the men engaged in that industry. The name is distantly related to Mingo, where the Wabash system "follows the flag" across the Ohio river, but that fact has no relation to the oil business. Tishomingo is an ordinary Indian territory district town where records are kept and is a point of some importance on the railroad. Its interest to the oilman, however, lies in the fact that it is in the center of a volcanic uplift that forever bars his way from the territories to Texas.

The "belt" will not extend, as some suppose, from Cleveland, O. T., to Beaumont, Tex., because the Tishimingo cone throws the oil sands, the entire carboniferous and sub-carboniferous formations, including the Mississippian and Devonian series up into the air. Where they go down, they dip too sharply to offer any inducement to the wily driller who understands his business. By reason of this conical elevation, not apparent on the surface, the deep trough between it and the Ozark uplift is too steep on both sides for practical oil and gas purposes.

Region Will Be Barren.

It must be concluded from this geological demonstration that the area between the Arkansas and Red rivers will be mostly barren. This will be a keen disappointment to the boomers who are leasing territory about Oklahoma City and El Reno, and those more venturesome spirits who are looking as far as Tishimingo, or even the Texas line. There is little promise to the east, for the Ozark area rises rapidly from McAlester in that direction. True, there is oil at Muskogee and better oil than at Bartlesville or Cleveland. It is obtained from rocks of Devonian series where the Pennsylvania oils are found, if of a beautiful, wine-red transparency and quite rich in paraffine. It is on a paraffine base. One hundred wells, however, are producing only about 150 barrels a day and cannot compete with the 2,000 barrel gushers west of Ramona. Their oil, at present, commands $1 10 a barrel, as against 70 cents a barrel for the Bartlesville district, yet even that price puts no extra quantity of fluid in the rock.

Some small pools may be found on the eastern range, but they will prove no considerable factor in the situation. The Guffey and Galey development about Red Fork, is likely to be found near the southern end of the territory fields. It is near the northeastern corner of the lands of the Creek nation and runs up past Tulsa into the Osage reservation. This is a part of the property recently sold to Theodore Barnsdall of Pittsburgh and others.

Getting Oil Without Noise.

It has been suggested the lower measures may prove productive in the older producing areas. Just west of Caney, Kas., a well is being drilled to test this idea. It is now down 2,000 feet, has just struck a flood of salt water that has collapsed the casing. By the reckonings of Prof. Hatch of the United States Geological survey, it should get Trenton rock in another 500 feet. From a geological point of view this well is interesting, but as an oil venture it is likely to prove valueless. Yet there is no reason why several producing horizons may not be developed in proximity. Three stratas are known to be oil and gas bearing. At Paola, Kas., the oil is found at 500 feet, and in a "sand" about 500 feet higher geologically than at Chanute, Independence, Coffeyville and other districts in Kansas, which find their supplies in the group known as the Cherokee shale. Muskogee, I. T., on the other hand gets its oil far below the Cherokee shale. The trouble is that the rocks dip so rapidly away from the uplift that they soon get out of drilling distance.

While this territory and Oklahoma are getting the oil, the Kansas producers are making the noise. Since Oklahoma legislative council adjourned without passing the Kansas bills, enmity is growing between the producers on opposite sides of the border. As it becomes apparent that Oklahoma and Indian territories will produce more oil than can possibly be consumed in the middle west, the Monett-Hearst political contingent is growing desperate lest it lose its hold upon the Kansas producers.

Monnett's Incendiary Talk.

Mr. Monnett, while in Independence, published an interview in which he suggested a resort to force. He said the messages sent to President Roosevelt and Chief Justice Fuller were in keeping with the Kansas producers' "desperate efforts to save themselves by peaceable means if possible, but I doubt not that the true western spirit, which is now at white heat, will have protection in any way." Again he said, referring to the hearings in the case against the Atchison, Topeka & Santa Fe railroad, that in face of the testimony adduced of abuses "in the interests of the Rockefeller-Rodgers-Gould crowd, I think there would have been no trouble to have started mob violence in the oil district."

This incendiary talk, while it excites the more volatile element, has had a distinctly reactionary effect upon the more conservative. I met a prominent member of the Kansas Oil Producers association today, who declared most emphatically that such language will injure the producers' movement. He said he, for one, would demand that no talk of

BEEF WITNESSES LEAVE AMERICA

Swift & Co.'s High-Priced Employes Will Not Appear Before the Grand Jury.

"VACATION TRIPS" TO EUROPE

[SPECIAL TELEGRAM TO THE GAZETTE.]

CHICAGO, March 16.—"Vacation trips" was the term applied by managers of packing concerns today to the precipitate flitting to Europe of four of the 250 witnesses who were expected to shed light on the inner mechanism of the beef trust. The special federal grand jury was empanelled by Judge Kohlsaat Monday to start the inquiry into the methods of the packers.

The news of the exodus was followed by activity on the part of the government officials in the Monadnock block today and it was found that the four fugitives could not be extradited. Still United States District Attorney Bethea will not suffer from any lack of testimony, as 246 witnesses remain.

The packers were disposed to treat the disappearance of the four witnesses lightly. Manager George L. Miller of the National Packing Company explained the absence of two of the high-salaried employes of the concern.

"E. A. Allen has gone on a vacation trip with his family," he said. "No subpoena had been served on him. F. A. Spink is our traffic manager and in the discharge of his duties travels extensively. He goes to Europe several times a year, and this is only one of his business visits."

The other two men who are on the billows are James Brennan, department manager for Swift & Co., and G. D. Roberts, a salesman for the Hammond Company.

"It is nonsense to suppose that the packers are trying to get employes out of the country," said Albert H. Veeder, attorney for Swift & Co.

PRECEDES OPERATION.

Girl Hurries the Wedding When Groom Is Stricken With Appendicitis.

HUNTINGTON, W. VA., March 16.—(Special.)—Fearing that the man she loved would not survive an operation for appendicitis, Miss Stella Wilson this afternoon was married to Phineas Kinney at his bedside at Getaway, O., across the Ohio river from Huntington, just before the surgeons used the knife.

Kinney and Miss Wilson were to have been married last Saturday. The groom took sick while in this city Friday, arranging for his honeymoon trip. Miss Wilson secured the license herself at Ironton, O., brought a minister back with her and was married to Kinney standing at his bedside. Kinney will live.

LIKENS ROSEBERY TO CUCKOO.

John Redmond Refers Sarcastically to Former Premier's Recent Speech on Home Rule.

LONDON, March 16.—John Redmond, speaking at an Irish banquet, tonight said the political prospects of Ireland were never brighter and the Irish question now dominated parliament.

Referring to Lord Roseberry's speech on home rule, he likened Lord Rosebery to the cuckoo which was heard every spring, but which none heeded. He said the Irish people remembered Rosebery's former pledges to Ireland. The Irish party never would support or keep in office any Liberal government which took Rosebery's view of home rule.

ANTI-PILLORY BILL UP TO GOVERNOR

DOVER, DEL., March 16.—The house of representatives today passed the senate bill abolishing the pillory in this state. An effort was made to repeal the law which provides for the whipping post, but it failed. The anti-pillory bill now goes to the governor.

MRS. CHADWICK TO SUE COLLECTOR OF CUSTOMS

CLEVELAND, March 16.—(Special.)—Mrs. Cassie L. Chadwick has directed her attorney to sue Collector of Customs Leach for libel because he is alleged to have charged her with smuggling.

ADAMS IS OUSTED FROM HIS CHAIR

Peabody Declared Governor on Promise to Resign in Favor of McDonald.

HE MAY BREAK HIS WORD

[BY ASSOCIATED PRESS TO THE GAZETTE.]

DENVER, March 16.—James H. Peabody today won his contest for the office of governor of Colorado, from which he retired January 10, after serving a term of two years, but his victory was achieved only after he had given his pledge to resign and surrender the chair to Lieut.-Gov. Jesse F. McDonald, Republican. Gov. Peabody took over the office of governor from Adams this evening.

The vote in joint convention of the general assembly, by which Gov. Alva Adams, Democrat, was ousted, and Gov. Peabody, Republican, installed, was 51 to 41. Ten Republicans voted with the Democratic members of Adams.

While the Republican majority on joint ballot is 35, it was found impossible to gain for Peabody enough votes to reinstate him governor for the term ending in January, 1907. Finally the leaders of the opposing Republican factions arranged a compromise by which Peabody would be vindicated by being declared elected, and McDonald would be made governor.

Must Resign at Once.

Gov. Peabody's undated resignation, it is said, has been placed in the hands of W. S. Boynton and will be filed with the secretary of state tomorrow, but according to D. B. Fairley, state Republican chairman, Gov. Peabody will not resign his seat. Chairman Fairley said Peabody had signed a tentative resignation, but that nothing would be done with this resignation, he thought.

Gov. Peabody, in speaking to a crowd of citizens at his home tonight made no reference to a possible resignation.

Scores of letters, telegrams and telephone messages reached the executive chamber this afternoon, urging Gov. Adams to hold his seat by force, but he decided to ignore this advice. He said he felt outraged at the action of the general assembly.

Gov. Peabody was escorted before the joint assembly by a committee after the adoption of the report making him governor. The oath of office was administered to him by Chief Justice Gabbert. Gov. Peabody thanked the members of the legislature for having "done their duty," and assured them their action would meet with the approbation of their constituents. He said his election would do away once for all with criminal elections.

Insulted by Secretary.

No hint was given in Mr. Peabody's speech of his intention of resigning. Accompanied by Adjut.-Gen. Sherman M. Bell and a number of friends, Mr. Peabody went directly to the governor's chamber after the conclusion of the inauguration ceremony. Gov. Adams had left when Gov. Peabody arrived, but the retiring governor's private secretary, Alfred Patek, was still in the office.

Gov. Peabody introduced himself to Mr. Patek, remarking that he had been sworn in as governor, and offered to shake hands.

Mr. Patek drew back and uttered a contemptuous remark, which caused Col. F. N. Gross of the Colorado national guard, to seize Mr. Patek by the shoulder and demand that he repeat the remark he had made. Before Mr. Patek could reply Gen. Bell separated the two men.

Jesse F. McDonald, who is slated to become governor of Colorado, was born in Ashtabula, O., in 1858, and was for a long time a resident of Pennsylvania. He came to Colorado in 1879, and has extensive mining interests in Leadville and elsewhere.

By throwing out 104 precincts in Denver the assembly today gave Peabody a plurality over Adams.

Japan Also Wants Money.

BERLIN, March 16.—The Lokal Anzieger says Japan is sounding German financiers with reference to the placing of a Japanese loan on the German market. The results of the interchange of views are not yet known.

Court Adjourned to Pittsburgh.

HARRISBURG, March 16.—The superior court adjourned this afternoon to meet at Pittsburgh April 20.

TRAINMEN WANT CHANGE OF LAWS

Railroad Employes Aroused by Conviction of an Engineer for Manslaughter.

LEGISLATIVE BOARD FORMED

THE PITTSBURGH GAZETTE BUREAU, Press Building.

PHILADELPHIA, PA., March 16.

Aroused by the conviction of Engineer Fleischert for manslaughter in accordance with the charge which Judge Schwartz of Norristown gave to the jury in that case, representatives of the Federated Brotherhood of Railroad Men in Pennsylvania met in this city today and formed a legislative board which will seek to effect a change in the state laws.

J. S. Hemphill of the Brotherhood of Locomotive Firemen presided over the meeting which was held behind closed doors. About 25 delegates, from Pittsburgh, Altoona, Scranton, Tyrone, Pottsville and other points, were present, representing the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen, Order of Railway Conductors and Order of Railway Telegraphers. After the meeting a delegate said:

On the Fleischert case the engineer had been required to be on duty for 23 consecutive hours, and fell asleep while his train was on a siding waiting for another train to pass. Thinking they had done so, he pulled out, and a third train crashed into his, causing loss of life and injury to passengers. In charging the jury the judge said that the matter of endurance was no excuse, and Fleischert, who had been held for manslaughter, was sentenced to two months in prison and a fine of $100 and costs imposed on him.

Judge Schwartz claimed that when an employe of a railroad had been on duty to the limit of his endurance he had a right to quit and refuse to work longer regardless of the consequences. But the Brotherhoods say that this act of insubordination would constitute a resignation from the service, and after a man has reached the age of 25 years and quits the service of a railroad company voluntarily no other railroad company will employ him.

BANKS LOAN MUCH MONEY ON CREDIT OF BROKERS

Witness in Berry Bankruptcy Case Testifies That Only Good Name Was Necessary.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, March 16.—That banks loan hundreds of thousands of dollars to customers without any other security than the credit of the broker desiring the loan, was the admission made by a witness in the hearing before S. W. Dexter, referee in bankruptcy, in the case of Jacob Berry & Company today.

Henry R. Carse, assistant cashier of the Hanover National bank, testified loans were secured by promissory collateral notes. He was asked if the only security was the equity of the firm, and he replied, no, that security was the good name of the firm dealing with the bank.

Continuing, the witness said:

"Jacob Berry & Company had been in business for 40 years and the firm stood very high."

MOBILIZATION WILL BE ATTEMPTED IN WARSAW

BERLIN, March 16.—(Copyright Cable.)—That the war party is still in the ascendant in Russia is seen from the fact that orders have been given for the mobilization of the Warsaw military district. There has been no mobilization in Warsaw since the beginning of the war, as the authorities have been afraid of serious trouble.

GOVERNMENT ENGINEER ORDERED TO PITTSBURGH

WASHINGTON, March 16.—(Special.)—First Lieut. Edward N. Johnston, corps of engineers, has been relieved from duty with the Second battalion of engineers at Washington barracks, and is detailed to report to Maj. William L. Sibert at Pittsburgh, for duty under his immediate orders.

Mr. Leishman in Constantinople.

CONSTANTINOPLE, March 16.—John G. A. Leishman, the American minister, has arrived here from the United States.

CZAR HUMBLES KUROPATKIN

Orders Defeated Chief Turn Command Over to Linevitch.

CAMPAIGN IS ENDED

With Evacuation of Tie Pass, Last Stronghold in Southern Manchuria Is Abandoned.

WILL LEVY A FRESH ARMY

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

ST. PETERSBURG, March 17.—It is officially announced that Gen. Kuropatkin will be replaced by Gen. Linevitch as commander-in-chief of the Manchurian army.

TOKYO, March 17.—(9 a. m.)—The Japanese captured many prisoners at Tie pass and the Russians destroyed vast stores.

LONDON, March 17.—A St. Petersburg dispatch to the Times reports that the Russians sustained a severe reverse at Tie pass, involving the abandonment of their remaining artillery, and that the Japanese have cut the railway north of Changtufu, 40 miles above Tie pass.

ST. PETERSBURG, March 17.—With the evacuation of Tie pass Wednesday night the Russian army abandoned the last stronghold in Southern Manchuria and definitely turned over the section to the Japanese for the campaign of 1905. At least no other strategy is possible for Gen. Kuropatkin, in view of his scanty supplies of ammunition and stores, the shattered condition of his army and the wide, enveloping movements which the Japanese have continued almost without a stop since the Russian defeat at Mukden.

Nothing has been heard of the part which Gen. Kawamura's army is taking in these operations, but Gens. Nogi and Oku, operating in the low hills of the Tie pass gorge, were themselves sufficient to turn the shattered Russian army out of the fortifications which had been prepared with a view to being held by the army after it should have been withdrawn from Mukden. Gen. Kuropatkin, with the railway for a line of retreat, probably will be able to keep ahead of his pursuers. A constant succession of delaying rearguard encounters may be expected.

Military men here have but the haziest idea as to where the next stand will be made. Apparently there are no more fortified positions in readiness, and the retirement probably will not stop short of Kirin or Kuanchentsy, on the railway line. If the Japanese press the pursuit, the Russians may retire beyond and up the Sungari river, there to await new levies, the mobilization of which will begin immediately in Russia.

Will Raise New Army.

The evacuation of Tie pass involves the loss of the coal mines in that vicinity, which, with the Fushun and Yentai mines gone, is a severe blow. The railway shops at Tie pass and most supplies were sacrificed.

A further mobilization is determined upon, the preparatory orders to quartermasters are already being issued; but the extent of the mobilization is not known.

No change in the command of the Manchurian army has yet been gazetted. One high military official said yesterday that to remove Gen. Kuropatkin at this moment would be "much like trading horses in the middle of the stream," and that it would be better to give Kuropatkin a chance to get what is left of his army out of the claws of the Japanese before committing it to a new commander, who necessarily would need a little time to get a grasp upon the situation.

Gen. Kaulbee has been appointed commander-in-chief of the forces at Vladivostok. M. Bobrinsky succeeds Count Verontsoff-Dashkoff as president of the organizing committee of the Red Cross society.

The following dispatch has been received by Emperor Nicholas from Gen. Kuropatkin, dated March 15:

"The troops are traversing Tie pass in good order. I have inspected the Fourteenth division of infantry. The men seemed in good spirits.

"Up to the time of my departure from Tie pass fighting had not commenced. During my progress northward I saw many troops and trains in good order. I also inspected the regiments recently from Russia, who presented an excellent appearance."

Retired in Good Order.

SANTOUPOU, March 16.—The Russian detachments at Tie pass were on March 15 ordered to evacuate their positions, and during the night retired in exemplary order, covering their rear. There had been fierce fighting throughout the day. Before the withdrawal of the Russian forces the military settlement and such of the stores of fuel and forage as could not be removed were set on fire and destroyed.

The fighting on March 14 and 15 fell to the Second Siberian corps. The Kineshemsko and Voyasemsky Red Cross nurses, including two Sisters of Charity, attended the wounded at the various positions, retiring just as the advance rear guard passed.

HARBIN, March 16.—Large numbers of Chinese bandits and Chinese troops are reported to be west of Tsitsihar, and an attack on the railway is apprehended. In spite of the heavy withdrawals of convalescents and those who have been sent westward, this city is being filled to overflowing with wounded soldiers from Mukden.

The Czar Is Moping.

BERLIN, March 16.—(Copyright Cable.)—The well-informed Schlesische Zeitung says that the czar sits for hours in an absent-minded state, and eats very little. He interrupted Prince Khilkoff when he was reporting about the journey to Siberia, with the words, "Don't bore me with rubbish."

GREAT LIST OF OBJECTIONS

Anti-Saloon League Remonstrates Against Hundreds of Retailers.

CHURCHES PROTEST

Prominent Downtown Places on the List and Manufacturing Interests Heard From.

TEACHERS TAKE A HAND

Attorney M. H. Stevenson, representing the Anti-Saloon league and many churches and individuals, filed almost a thousand remonstrances against the applications for licenses made by retail liquor dealers of the county, shortly before 4 o'clock yesterday afternoon. A few general remonstrances were put in by other attorneys, representing individuals or institutions objecting to a saloon being established in certain neighborhoods, but the great bulk were handled through the league. This was due, in a large measure, to the fact that people who are fighting licenses sought the aid of the league and their remonstrances therefore go in through that channel.

The papers filed are simple in their character and very brief, either objecting to license being granted on the ground of no necessity or because the person who seeks to sell liquor is not a fit person. Mr. Stevenson prepared them with the intention of making them so broad that almost any evidence can be submitted at the hearing, and yet in a form which would not cause the court annoyance by having to wade through a large mass of material which would be brought out at the hearing anyhow. Where the papers were prepared by the pastors or churches objecting they are very voluminous, in most cases, and constitute the second class of Mr. Stevenson's remonstrances.

Most of the charges are technical in nature and include besides lack of necessity and fitness of applicant, lack of suitable place, and proximity to churches, schools and railroads. Objections are also made to defects in petitions, such as failure to clearly designate the location. In a considerable number of cases a note is attached the papers, which reads, "Proof of naturalization will be required at the hearings." This was done in instances where there is reason to believe the applicant is of foreign birth and has never been made a citizen.

Prominent Places Objected To.

In the list remonstrated against is found a number of the most prominent places in the downtown wards of the city, among them being the Cafe restaurant in the Frick building, Matt Weise' place and the Monongahela House. In these cases the charge is that the applicant is "not a fit person" to have a license. No specific allegations are made, and Mr. Stevenson refused to discuss the matter when seen after the remonstrances were filed. He said that all he could give out was what appeared on the record. It is presumed, however, that this charge means that the door is left open to prove the allegation at the hearing, and an attempt will be made to do this. The new Farmers Bank cafe is included in the list, the ground being lack of necessity. The First Presbyterian church is fighting this license.

In the Anti-Saloon league list the Oakland Presbyterian church remonstrates against Patrick Joyce, 2008 Fraser street, M. M. Frey, 548-550 Bryn Mawr road; Herman Roeth, 620-625 Herron avenue, and Robert Snape, 628 Herron avenue, are all objected to because four churches are in the neighborhood. Against John Cline, 7201 Butler street, whose place is in the rear of Highland park, it is alleged that it is near the Morningside Presbyterian church and the end of the Butler street car line, and also near an entrance to Highland park, which has been a resort for loafers and it without police protection. The Tabernacle Presbyterian church is opposed to Hulda Kramer having a license at Broad street and Collins avenue, because it is near the church, the Young Women's Christian association and the Empire theater. W. J. McDonald filed one of the five pointed remonstrances. It is against James Fleming of 6205 Penn avenue. McDonald says he and his mother asked Fleming not to sell to his brother, John McDonald, and Fleming laughed at them.

Many Churches File Protests.

The remonstrance against John M. Arnold of the Hotel Lamont, Spahr street, is the largest in the collection. The churches in the vicinity are all represented by long strings of signers. In this the smallest remonstrance on record in point of words is filed. It is written on a piece of fine paper and reads: "The application of John M. Arnold, Hotel Lamont. We protest against it." A half dozen names signed it.

Calvary Protestant Episcopal church, by its rector and wardens, joins in a remonstrance against Frank Coen, 6346 Penn avenue. The teachers of the Lexington public schools, which is part of the Lincoln sub-district, protest against George Dersane, 1426 Lincoln avenue; A. Korta, Lincoln and Lemington avenues, and Henry Lersch, 1871 Lincoln avenue. The teachers held a meeting and adopted a resolution protesting against a saloon near the school on account of the effect on the children. They all signed it, and then that the court might not be misinformed, they added a map of the locality to the papers.

John R. Sweeney, etc., objects to those applications. He says he built 31 houses in the neighborhood and sold them all. One inducement that influenced purchasers was that there was no saloon near, and Mr. Sweeney holds that it would not be fair to the present property owners to let a saloon come in now. A remonstrance against Constantine Karabeers, 1118 Grand View avenue, says that the house is not far from a school and is

within 141 feet of a precipice with poor guard rails.

Protest Against Councilman Pfannkuch.

In the Thirty-eighth ward there seems to be a strong feeling against saloons. Andrew Pfannkuch, the councilman, is applying for Greenleaf and Gearing streets. A remonstrance against him states that the ward has no saloons and is getting along very nicely without. Of Pfannkuch it says he "would certainly make a better impression on the majority of the residents if he were to continue the business in which he has been engaged—teaming and draying."

Another applicant, Charles M. Sacher, Gearing and Sylvania streets, now has a grocery. The remonstrants object to a saloon, but say he has a good grocery with a clean stock and a good trade, and that the grocery is needed. Against Charles W. Cross, Climax street, it is urged that his family will not live in the house if it is licensed and a remonstrance against William Ehrhardt, Climax street, declares that the profanity near his place is disgusting to decent people.

Against George Fritz, 43 Beltzhoover avenue, it was charged that the sidewalk at his place was blocked by intoxicated persons, and the Second German Baptist church objects to a license being given to Charles Nolte of 101 Beltzhoover avenue.

Mathematical terms are resorted to for making out a case against J. H. Banzer, 921 Chestnut street, Allegheny. Twelve saloons, two breweries and two wholesale houses are said to be within two or three blocks of his house, "which are certainly sufficient," the remonstrants think. The same line is followed against William Hedemann, 810 East Ohio street, 12 saloons within three or four blocks on the street being quoted. Gilbert Palen of the Brighton road, Allegheny, is declared to have failed to properly conduct his house last year. He is charged with harboring drunken men and loafers and with permitting disorder, especially on election days. Caspar Mathias, Main and Chestnut streets, now has a poolroom, and a remonstrance says women dislike to pass it on account of the loafers.

Scripture Is Quoted.

West Homestead sent in a bunch of remonstrances against William Walton, Peter M. Weisser, Joseph A. Leitz, Caspar Knoeloch, Annie R. Cochran, E. E. Downing and John Bonner. The necessity for license is denied, and each remonstrance bears the following:

"Woe unto him who giveth his neighbor to drink, that puttest thy bottle to his lips and makest him drunk.—Hab., 2:5."

Against Joseph Eschmann, 702 Main street, it is asserted that he does not need a license to support his family, having employment and being a property owner. In a similar vein it is said of Antonio Sisca, 114-116 North Canal street, Sharpsburg, that he is a grocer, a notary public, a steamship agent and don't need a license. Jonest & Blocksmith, 12 North Main street, Sharpsburg, are declared in a remonstrance to be "intemperate and dissipated." This is one of the few charges of a personal nature made.

A remonstrance against John Rooney, Crescent township, says that four times members of this family have been refused, and that last year, after a refusal, the house was closed and the family moved away, thus admitting that a public house was not necessary.

The Forward township applicants will not have an easy time. Against Phillips & Murray it is alleged that their house is on an abandoned coal road, faces a prohibitory district without police protection and would be a rendezvous for disorderly people. To this is added that the district was noted for disorder before the Brooks law was passed. The same objections are made to the applications of Henry McCorkle and Mike O'Donnell.

The remonstrance against Thomas Byrne of Dehaven, after speaking of the proximity of church, store, postoffice and school house, says a saloon has depreciated the property of Allison Park, which is an injustice to the owners, and that it would be detrimental to the moral and religious welfare of the community.

John A. Lewis of Jefferson township will have to face a remonstrance which declares there has been much drunkenness and disorder about his place of business, while a remonstrance against Robert Jenkins of Jefferson township speaks of the annoyance from intoxicated persons.

John Gruber is the only applicant from Greentree, and a number of persons remonstrate because his house is near St. Paul's Orphan asylum, with its 800 children and a short distance from the entrance to Chartiers cemetery. Against Harry F. Evans of Ellinwild it is charged that the building is old and out of repair and that he has had no experience.

William Walton remonstrates against Michael Curran, 338-35 Eighth avenue, Homestead. Walton owns the building and says Curran's lease expires May 1 and that he has rented the building to Edward Walton. Mrs. J. Whalen, Shady avenue and Eckert street, charges that Joseph M. Singer, 637 Preble avenue, sold liquor to her 18-year-old son.

Protest from Westinghouse People.

The most important remonstrance filed outside of those of the Anti-Saloon league came from the Westinghouse Electric and Manufacturing Company and the Westinghouse Machine Company of East Pittsburgh. It set forth that there are now 11 saloons in East Pittsburgh, a sufficient number. The borough has 3,500 residents. The two companies employ 11,000 persons, not more than 1,000 of whom live in the borough, the others coming in the morning and leaving in the evening on special trains. These people work all day, except for three-fourths of an hour at noon, when they quit for luncheon. The companies maintain a casino which furnishes 600 meals daily, and a club house where the office force get their meals. In addition to the 11 saloons there are plenty of boarding houses and restaurants and no more saloons are needed. On the grounds of lack of necessity and unsuitable premises the companies remonstrate against Frank J. Bortight, R. C. Cunningham, R. H. Brinker, Luke Lynch, T. M. Torreyson, John P. Scholk, G. H. Brown, A. J. Haverly, M. J. Carter, T. J. Huffman and S. W. Whalen.

Several remonstrances are filed against the Rowmont hotel, North avenue and Esplanade street, Allegheny, the grounds being that it is in a residence district, that there has never been a saloon in that voting precinct and that the Third ward school is nearby. Fred Waldschmidt, 1200 Federal street, Allegheny, is said to be in a residence district. Boggs & Buhl and many other Allegheny business men remonstrate against Antoni Mangiere, 414 Federal street, Allegheny. They say that for 40 years, except one year, there has not been a saloon on Federal street between Park way and South Diamond street.

The National Tube Works objects to a license being given to Michael Martabey, 1117 Jerome street, McKeesport. It is near the mills and would be a menace to the good of the community. Another McKeesport remonstrance is against M. E. Stegman, Versailles and Evans streets, because it is in a residence district and near many churches. A heavy remonstrance was filed against David Maers of Carrick. The charges are it is a residence district and close to Southern park. Conrad Walsh, Michael Gorsky and Mary A. Schmidt of Castle Shannon, will all have a fight, remonstrances alleging lack of necessity being filed against them. Another remonstrance against Conrad Bauer of Knoxville, declares he is not a fit person.

But one remonstrance against a wholesale dealer was put in. It was against Vetter & Kessler of Railroad street, Baldwin township, and was on the ground of no necessity.

SPRING GARDEN WAS TERRORIZED

Postmaster Johan F. Johannishon Held Borough at Bay for Three Hours.

TRIES TO BURN A HOUSE

With ax and firebrand, Johan F. Johannisohn, postmaster at Mutzig, Spring Garden borough, for about three hours yesterday afternoon terrorized the inhabitants of the borough and attempted to destroy his father's store and dwelling, at Spring Garden avenue and School street. After parading up and down near the store in which the postal station is located, defying anyone to molest him, Johannisohn went to the barber shop of Charles J. Fischer, about a half-mile below the postoffice and near the borough line, to get shaved. He was placed under arrest at the barber shop by Constable Charles A. Busha, two Allegheny firemen and the officers conected with No. 1 patrol wagon of Allegheny. Johannisohn submitted quietly to arrest.

Several hundred people crowded about the barber shop when the officers arrived to see the terror of the neighborhood taken away. Johannisohn was bleeding about the hands and face from numerous cuts received while he was wrecking his father's house.

Began Smashing Furniture.

The postmaster went to his father's house, where he had been living, shortly after noon and demanded information concerning a woman. His father, Frederick Johannisohn, who was formerly postmaster at the station, replied she had probably gone to town. Johannisohn then went to an upstairs room and began smashing the furniture. He appeared at one of the windows with an ax and declared to the crowd below he would jump out of the window.

After wrecking much of the furniture on the second floor of the house the postmaster went downstairs and scattered carbon oil over the floor of the store and sitting room in the rear. He then took an empty oil barrel into the store, and after filling it with paper, set it afire. Some small boys in the neighborhood, being aware that the oil tank in the store was near the blaze, secured buckets and dashed water on the barrel until the fire was extinguished.

Johannisohn then took the ax and started to demolish the showcases and other contents of the store. About this time his aged father entered. He feared his son's strength, but tried to persuade him to stop in his mad career. The son heeded not his father's pleadings and the old man struck him a severe blow on the head with his walking stick. The stick broke and as the son paid no heed to the blow the old man retired from the store and left the son in possession.

Threw Peck Measure Through Window.

The postmaster, after tiring of demolishing the interior, went outside and hurled quarter-peck measures and bricks through the front windows and the doors. Every window in the store was smashed. He then made several more attempts to burn the house, which is a two-story-and-attic frame, but the young men gathered about the building and prevented him carrying out his purpose.

When Johannisohn again returned to the street Edward Lampis, Joseph Bernardi and about a half-dozen other young men sprang upon him and overpowered him. They tied his hands across his chest with rope, and William Theis, aged 18, secured his father's wagon. Johannisohn was placed in the wagon, but the men about the place refused to hold the postmaster in the wagon while it was being driven to the Allegheny police station. Finally the Theis boy drove off alone with the wagon.

Johannisohn carried on in the wagon like a wild man and vowed vengeance on the men who had tied his hands. Young Theis was unable to cope with the man and finally Johannisohn freed himself by biting apart the strands of rope which bound his hands. He then jumped from the wagon and returned to the store, and everybody fled before him. Women gathered their children about them and ran into their houses, and the men who had gathered about the store kept a safe distance from the enraged man.

Would Not Cross City Line.

The patrol wagon from No. 1 station, Allegheny, was telephoned for, but on its arrival the officers refused to cross the city boundary. As none of the male residents of the borough would secure the postmaster and take him across the line into the city the patrol wagon returned to the police station again.

Johannisohn's father, after the son was taken away by the police, stated he had been drinking heavily for about a month and that he was unable to control him. About four months ago he said he resigned the postmastership in the borough and had his son appointed. He also gave him full charge of the general store, a check for $1,000, some cash and paid his bills. All this was done in the hope of keeping the younger man, who is aged 24, at home, he said.

About two months ago the father said his son went to Harpers Ferry and upon his return introduced a woman he brought back with him as his wife. The older Johannisohn said he told his son he was satisfied for the woman to live with them. Trouble arose between the woman and the younger man sent his resignation as postmaster to Washington. He is still in charge of the office. The old man said his son has broken out before, but he never wrecked the place so badly as yesterday. The elder Johannisohn said he believed the office would be abolished.

Miss Theresa Neibert, a former postmistress, while returning from the city, met Johannisohn, but not being aware that he was on a rampage she stopped him. He told her what he had done. She said the postmaster has been a terror to the neighborhood when he is in a bad humor. Residents have always given him a wide berth when it is known he had been drinking.

Johannisohn is being held at the police station on two warrants sworn out by his sister, Mrs. Caroline Scholes, before Alderman W. G. Lang of Allegheny, on charges of assault and battery and disorderly conduct. Mrs. Scholes alleges her brother beat her. Constable D. Rosencranz of Spring Garden borough reported the matter to Acting Postmaster Charles A. Smiley of Allegheny, and he notified Postoffice Inspector Frank A. O'Brien.

LAWYER HELD FOR COURT.

Client Charges Him With False Pretense in Not Entering Suit.

William Vokoluk, a lawyer at 424 Fourth avenue, was held for court by Alderman Charles F. Anderson yesterday on a charge of false pretense made by Mike Pukin, a miner in the Pittsburgh Coal Company mines at Trevesksan. Pukin, who lost an arm and leg while working in the mine, alleges Vokoluk agreed to enter suit for him against the coal company and that after he had paid him $31.50 as a retaining fee, Vokoluk announced he had entered suit. The records do not show that any suit was entered and the time limit for entering suit has expired. Vokoluk claims to be the victim of a conspiracy and declares he advised his client not to enter suit but to settle the case.

WILL USE MOTORS ON ROLLING MILL

Order for Carnegie Steel Company Is Given to the Westhouse Interests.

SUPPLANTS STEAM ENGINES

Electric motors to operate rolling mills is the significance of an order which the Westinghouse Electric & Manufacturing Company is filling for the Carnegie Steel Company. The big electric plant at East Pittsburgh will manufacture two 1,500-horse power outfits for the work.

The motors will be applied to the two rollings mills at the Edgar Thomson works of the Carnegie Steel Company used for re-rolling large steel rails down to smaller sections. The motor will be direct-connected to the rolls with gears and couplers and will eliminate belts.

The generators producing the current used will be operated by gas engines. The gas for these engines will be obtained from the blast furnaces. Gas from this source is already extensively used for heating air and for boilers.

In the process determined upon for the Edgar Thomson works the gas will be washed in water and go to the gas engines. In the present system of operating rolling mills huge steam engines are used, and this necessitates boilers, which are eliminated by the use of the gas engines.

It is claimed that from the use of gas in this direct way there will be secured twice as great heat from the same amount of gas as at present used to heat boilers.

The use of electric motors to operate rolls in steel mills has been expected to result from the rapid development of the electricity in every department of manufacture. It has been accomplished in a number of German rolling mills and at Messina, N. Y., the plan is being tried. At the Edgar Thomson works, however, will be the first introduction of the plan in America on a very large scale, and the process will be watched with much interest by all connected with the manufacture of steel.

It is expected that the installation of the new equipment will be completed in six months and the start of work made.

In addition to the economy resulting from obtaining twice as great efficiency from the gas consumed, it is believed that the new system will bring other advantages. Easier manipulation, the instantaneous readiness for operation, and the lack of troubles that frequently arise from steam pipes, etc., are among these.

M'AFEE TOOK NO CHANCES.

Quickly Handcuffed Prisoner and Held Revolver on His Companions.

Special Officer Charles McAfee yesterday brought to the city Mihail Milosevich, who is wanted here for killing Milo Kovotchivich on March 2, at 2808 Carson street. The Croatian is alleged to have said he killed Kovotchivich because the latter was cheating him in a game of cards.

The officer had some trouble arresting Milosevich. He located him at the coal regions at Masontown. He was just sitting down to dinner when Officer McAfee and the interpreter entered the place. The officer quickly handcuffed the prisoner and drew his revolver and held his companions at bay until he got Milosevich out of the house. On reaching the city yesterday Milosevich told the officer, through an interpreter, about the assault.

A Trio of Splendid Bargains in Women's Garments.

Today New Spring Suits and New Raincoats For Very Near Half Prices.

It may well be asked how we can have the temerity to say that these garments are in the newest Spring style, that the cloths of which they are made are the very latest weaves, and that everything about them partakes of Spring, 1905, and yet THE PRICES ARE BUT A FRACTION OVER THE HALF-PRICE LINE.

It is very easy of explanation, and here it is: All manufacturers (and we do no business other than with those of very highest reputation) of women's garments always make up anywhere from 75 to 100 numbers more of the special garment upon which they have orders, and in a short time these overmakes amount to quite a lot. As a rule we are among the first to be notified of the surplus lot, and they are turned over to us for liberal concessions. Thus it is we can truthfully say these garments are worth very much more than we are going to charge you for them today. The following detail is submitted:

New Spring Tailor-Made Suits.

$15.00, Worth $25.00 to $35.00.

A most timely offer, right in front of the season, when thousands of women are eagerly planning their new outfits for Spring. Suits in up-to-the-hour style, the very smartest tailoring. There is broad variety, but we cannot promise every size in each style.

Taken together, however, there will be found all sizes.

In colors there are the popular light checks, and for those who prefer them, plain dark shades.

No woman who is considering a new suit for Spring can afford to overlook this special offer, especially if she be in the habit of looking at the economical side of buying.

New Walking Skirts for Spring.

$5.00 Each, Real Value $7.50 to $10.00.

Every woman likes to own two or three separate skirts. But it is in the Spring and Summer that the Separate Skirt reaches the zenith of popularity.

The skirts in this collection are shown in blue, black, brown and other leading shades. As a matter of course in a collection of this kind there is a great variety of materials.

Among them skirts for wear with cotton shirtwaists, with silk shirtwaist and skirts may be found which may be made to do service with any waist.

Well made in every particular, well fitting, new designs copied after garments which sell for three or four times the price.

New Raincoats for Spring.

$13.75 for $25.00 Garments.

More and more women are wearing Raincoats—the woman who has much shopping to do or she who is much on the street, finds greatest comfort in a Raincoat.

So it is very opportune that we are able to offer the new Spring, fashionable, well tailored, serviceable, new models at such a low price as the above.

These are full length coats, almost touching the ground, with loose back, long straps running from shoulder seam in front down to hem, new shaped sleeve, skirt generous enough in proportions to enable them to do duty as an evening wrap if necessary.

Made of invisible checks, oxfords, tans, silver gray and brown. Only a limited number of these raincoats.

At 25c a yard specialties in dotted Swisses, Figured Poplins, Broche, plain and figured Muslin Madras, 50c and 75c goods.

We have probably the largest variety we ever carried of French and St. Gall embroidered and figured Swisses and Mulls, ranging in price from 50c a yard up to $4.00.

Something Special in Dress Trimmings.

On Center Table, Fifth Street Aisle, today there will be a lot of short pieces of dress trimmings, braids and guimpes. You know we always sell these short ends for the proverbial song.

At the Trimming Counter, fancy white cotton Braid, all widths, just the thing for trimming cotton dresses. We are going to sell them in bunches, 10c to 35c bunches for 3c and 5c respectively.

Mohair Braids, in all widths and colors, quite neat for trimming children's Buster Brown and Sailor Suits, 5c, 10c, 15c a yard.

Friday at the Linen Counter.

Why not give some time today to the purchase of table damask—we'll make it pleasant for you in the matter of small prices. For instance—

At 50c a yard, 64-inch full Bleached Table Damask, all pure linen, regular 65c goods.

At 75c a yard, 66 and 68 inch full Bleached Table Damask, quite a large variety of designs, regular 85c and 90c goods.

At $1.00 a yard, 72 and 81 inch full Bleached Table Damask, quite heavy, $1.25 and $1.35 goods.

At $1.50 a yard, 72 and 86 inch full Bleached Table Damask, heavy and durable, $1.75 and $2.00 grades.

At 85c dozen—Napkins, 18x18 inches, all linen, $1.00 goods.

At $1.50 dozen—Napkins, silver bleach, $2.00 goods.

At $2.50 dozen—Napkins, 24x24 inches, full bleached Damask, $3.00 goods.

At $5.00 dozen—Napkins, 27x27 inches, fine bleached damask, $6.50 goods.

At the Counter for Imported Cottons.

Today we make it interesting to all visitors to this counter. Note the following—

Friday, March 17, 1905.

The desertion of seven Addicks men and their union with nine regular Republicans Wednesday made the gas promoter's strength less than that of any Republican candidate. The combination cast their votes for H. A. Richardson of Dover, but he is likely to be abandoned before the legislature adjourns March 23. It is considered extremely improbable if the joint session succeeds in electing a senator this time. But if it fails the prospect is that Addicks will not be able to keep up his campaign between sessions as he has the past 10 years. The friendship gained by the distribution of favors is not the lasting kind and if it is not continually cultivated the prize is likely to go to another.

Benton McMillan and Robert L. Taylor, both former governors, were candidates for election to the United States senate to succeed the late Senator Bate of Tennessee, but the Democratic caucus has indorsed J. B. Frazier, the present governor, for the place, his contestants not allowing their names to appear in the caucus. The retirement of the governor will make the speaker of the house chief executive of the state. The decision of the Democrats was prompt enough to prevent any tedious contest, for it was made immediately after the funeral of Senator Bate. The new senator is under 50, and promises to be much more aggressive than his aged predecessor, but he can hardly expect to share greater affection than the "good Senator Bate."

Manuel Garcia, the Spanish-educated music teacher, celebrated the 100th anniversary of his birth yesterday and because he invented the method of examining the throat by mirrors which developed the laryngoscope, Emperor William of Germany sent him a gold medal of honor. Garcia's father was also a singer and composer and the failure of his voice, no doubt, led the son to make experiments on the best means of studying the throat. The laryngoscope is a simple invention consisting of mirrors, one of which is attached to the investigator's head and the other tilted in his mouth so as to reproduce an image of the membranes lining the throat. The weakness of the emperor's family has made them appreciate any instrument to facilitate work on the larynx.

There is said to be a quiet movement in New York state to nominate former Judge Parker for justice of the appellate division to succeed Justice Van Brunt, whose term will expire. He could then be designated chief justice and draw a larger salary than in the office he vacated on his nomination for the presidency. This proposition would indicate that the judge had decided to forsake politics entirely. But he received so much advertising during the campaign that he ought to be able to earn more as a private lawyer than he could on the bench. Whatever may be the opinion of his strength as the Democratic candidate no one doubts that he was an able and upright judge. In fact, he was somewhat handicapped by an exhibition of the "judicial temperament," for he maintained the attitude too long and when he abandoned it he entirely lost his head.

Chicago will act at once on the decision of Judge Grosscup declaring that certain franchises of the traction company do not hold until 1956. They will advertise for bids, hoping that the contractors will be willing to accept certificates from a street railway corporation owned by the city as pay for their work. As the United States supreme court is still to pass upon the question of the validity of the franchise extensions the contractor who would accept such "I. O. U.'s" must be an enthusiast on municipal ownership. The rights are all on the West Side of the city, and it is claimed that they would not be sufficient in themselves to pay the expenses of an operating company. But Chicago seems determined to own the transportation lines using her streets and will find someway of securing them, although the operation may require years of litigation. Meantime other cities will, no doubt, profit by learning how difficult it is to recall what is once given to a private corporation without compensation.

While it was not anticipated that Gen. Kuropatkin would be long able to hold Tie pass the sudden development of a fresh turning movement by Marshal Oyama comes as a surprise. The hasty retreat which Gen. Kuropatkin had to make to escape being cut off leaves him in a situation which appears to be quite hopeless. He lost a great part of his artillery in the retreat from Mukden and is now obliged to abandon the supplies which he had in reserve at Tie pass. His retreat passes into a country which does not offer good defensive situations, and meanwhile the problem confronts him of getting supplies for his army from a base 300 miles away over a line of railway exposed to Japanese attack. The circumstances are such that his force may go to pieces. Some of the more mobile units may be able to make their way to Kirin, about 140 miles to the northeast, where some stores may have been collected. There is a road thither from Tie pass and if Gen. Kuropatkin is forced back from the line of the railway, he will probably have to take this route. But the organization of his army would be irretrievably shattered and only fragments would be likely to escape.

Greater Pittsburgh Prospects.

The Greater Pittsburgh movement has dwindled down into a bill to provide means for the union of Pittsburgh and Allegheny. If this can be enacted under reasonable conditions the result will be acceptable, although not as much as was desired nor as much as should have been granted. We are far from having as good legislative facilities for the formation of Greater Pittsburgh as those which were at one time on the statute book, the repeal of which were the first fruits of the faction war which has demoralized the politics of Allegheny county. Still, if the union of Allegheny and Pittsburgh as one city can be accomplished, a great step forward will have been made and the attractive force of the larger city will accelerate the incorporation of the outlying boroughs into which the settled area of Pittsburgh extends.

The advocates of the bill are now confident of its passage, a canvass showing that sufficient votes will be cast for it in the senate and sentiment for it in the house being favorable. The session is, however, drawing rapidly to its close and special exertion will be necessary.

Peabody's Empty Vindication.

The bolting Republicans in Colorado have carried their point with a small concession to Gov. Peabody. Adams is to be ousted and Peabody will be governor for 24 hours, and then he is to resign so that Lieut.-Gov. McDonald shall succeed to the office. This is queer, but to Gov. Peabody it affords some vindication for his claim that he would have been re-elected had it not been for Democratic frauds. More than a party vindication, he desired an indorsement of his uncompromising stand during the labor difficulties, when he displayed both courage and stubbornness.

No doubt the ability of the legislature to reach a compromise was due to the great desire for the speedy settlement of a bad muddle. There were election frauds, but whether in such great numbers as to change what ought to have been a Republican result to 9,774 votes for Alva Adams, the Democratic candidate, may never be determined. If party lines had been followed strictly Peabody might have won in the legislature, but there were 22 members against him, so the Republican party majority of 35 did not avail. But any decision is better than a deadlock and when there was no means of proving conclusively whether the majority of the men and women who voted were Republicans or Democrats, it was perhaps best to throw both candidates out. Thus Colorado will have the distinction of serving under at least three governors in 1905, for Gov. Adams has served in that office since January 10, Gov. Peabody will take the executive chair again for a day and then comes a long inning for Gov. McDonald.

Financial Credit of Belligerents.

A London dispatch yesterday quoted Lord Rothschild as saying that the Russian government had not yet succeeded in inducing the French bankers to float the new war loan of $120,000,000. The foundation of the wealth of the house of Rothschild was based upon advance information concerning the outcome of the battle of Waterloo, and there is probably no higher authority on government war loans than the head of this famous banking house. If the loan is finally effected, it will probably involve trade concessions to France in addition to a high commission to the banking syndicate which undertakes the flotation.

Even after the two great victories on sea and land, sympathizers with Japan were apprehensive that the financial resources of the nation would not be strong enough to withstand the strain of a long war. This has been the view taken by Russian diplomats, and it no doubt had some weight with Tuesday's war council in St. Petersburg, which decided to continue the contest. If we cannot win a victory on land or on sea, we will break Japanese credit in the money market, was in effect the position of the czar's advisers. Curiously enough, at the outbreak of hostilities no one ever questioned Russia's financial resources, these being regarded as inexhaustible. Furthermore, French and German investors had become so deeply involved in sustaining Russian credit that the czar's finance minister naturally concluded that his creditors would be compelled to grant all future demands for war credit in order to save that already extended the government, not to speak of the vast sums advanced for the development of Russian industries.

Now, however, the shoe appears to be on the other foot. This week the French bankers to whom Russia had applied for an inconsequential $120,000,000 additional loan have balked over the proposition, although the French nation had previously invested between $2,500,000,000 and $3,000,000,000 in Russian public and private loans. It is reasonable to infer that the Paris bankers would not have taken the position which Lord Rothschild says is tantamount to a refusal of credit, if they had not been prompted by the French government, which earnestly desires peace. The limit of national humiliation will have been reached by Russia if it turns out that it cannot float an external loan on anything except usurous terms at the beginning of the second year of the war. The state of its domestic affairs is such that it will be almost equally difficult to float an internal loan, and the burden of taxation can hardly be increased.

Japan, on the other hand, has the gratification of seeing its war loans quoted in the open market at the highest prices since the war began, and last week it successfully floated an additional loan among its own people.

An Impending Invasion.

President Castro takes a position in regard to foreign interference which should gratify the senate opposition to the Santo Domingo treaty as it is strictly in accord with their ideas of national deportment. Every country should keep to itself and nobody should interfere with it. If people choose to lend a nation money or make investments upon the faith of its government they do it at their own risk, and if their claims are repudiated then they are settled. It is contrary to the Monroe doctrine to meddle in American affairs and it is the duty of foreign governments to take notice of this. If the president of the United States wants to get busy mixing in such affairs it is the prerogative of the senate to hold him down. Such is the practical purport of the senate's attitude and these are President Castro's principles. Since the representatives of foreign governments at his capital have the bad taste to press him about obligations which he desires to forget, he refuses to give them a chance to talk to him. Associated Press advices from Venezuela state that none of the diplomats have been able to get an interview with President Castro for months. There's a statesman of the right stuff! He resolutely keeps out of foreign entanglements. Senator Gorman, who is now directing Democratic policy in the senate on similar lines, should send him a telegram of sympathy.

It will afford Senator Gorman and other opponents of the Santo Domingo treaty a fresh argument of the dangers of exposing the foreign policy of this country to the control of the president to learn that his policy has exposed this country to the perils of an invasion by President Castro's forces. The great Venezuelan statesman has been much incensed by the result of The Hague arbitration to which our government persuaded him to submit in order to end the Anglo-German blockade of Venezuelan ports. The arbitration instead of ridding him of the debts and claims which he found so disagreeable actually confirmed them, so he regards arbitration as a failure for which this country is responsible. His resentment is so keen that plans have been made for a punitive expedition against New Orleans. Thirty thousand Venezuelans are to march overland "to wash away the insult which our glorious flag has received, in the very waters of the Mississippi." The enterprise is declared to be practical "when we reflect that the North American squadrons cannot operate in the forests and that traders always will be traders, inept and cowardly in feats of heroism." Here is a fresh and interesting argument against a strong navy. It alone produces that impression of militarism in the attitude of this country which some people, including a great philanthropist, find so deplorable. If with this peril of invasion impending the senate has the heart to adjourn it can wash its hands of the whole responsibility, for the wrath of President Castro can be imputed solely to the efforts of the administration to make him recognize obligations which he has repudiated and thus settled in a manner quite satisfactory to himself.

Laurier's Flank Movement.

After a long period of hesitation, during which Canada has been ablaze with excitement, it appears that Premier Laurier has found a way out of his dilemma over the school question. Influential sections of his party are in revolt against the attempt to enforce upon two new provinces a division of the school funds in the interest of the Roman Catholic church, and on the other hand the hierarchy, which is sustained by the province of Quebec solidly, claims that as its right. The argument is the familiar one that the church desires to educate its own children, and hence her people should not be taxed for the support of the public schools which they do not use. In this country the position has been firmly maintained that the maintenance of public schools is a matter of general public policy and people must pay their school taxes whether they use them or not. Multitudes of people who send their children to private schools, or who have no children to send to school at all, have to pay school taxes just the same.

Premier Laurier's dilemma was that whatever course he took he encountered revolt in his party. This dilemma he now avoids by a flank movement. The argument has been advanced that it is not within the constitutional power of the Dominion parliament to restrict or qualify the taxing power of any province as regards its internal administration, and that the educational clause of the pending bill would be practically void. This affords a good excuse for postponing further action on the matter until the legal question has been submitted to judicial interpretation. It is stated that the privy council in England will be called upon as a last resort to pronounce upon the question, and to settle for all time public policy in this respect. In the meanwhile the premier can go on with the policy of internal improvement and industrial development on which he won such a brilliant victory at the polls.

The gentleman from the Sandwich Islands who selected for adoption an Ohio baby had to take a girl. The boy babies all preferred to grow up in Ohio and become presidents after while.

Kuropatkin may console himself with the reflection that there are quite a number of theatrical stars in this country who have at various times had trouble with a Tie pass.

Why has a dam on the Salt river in Arizona been called "Roosevelt dam"? He has never had occasion to speak of that famous stream in that way, never having cruised on it.

Allegheny has an uncomfortable habit every once in awhile of adding the name of one or more of her city officials to the prison lists. The habit is healthy, however.

Grand opera got many a penny that under ordinary circumstances would have been spent for Easter eggs. Thus one art treadeth on the toes of another.

It is to be hoped that Allegheny will put all her objectionable people out of the way before we have to annex the rest of her population.

Signor Marconi is married at last and the "also ran" girls may now send in their congratulations per wireless telegraph.

From the present outlook the spring session of the license court is going to be nearly as interesting as a Colorado election.

The killing of a bunch of Bulgarian bandits will doubtless draw forth an appreciative interview from Miss Ellen Stone.

It is well that the German opera crowds got out of town in advance of St. Patrick's arrival.

Controller Larkin evidently mislaid his fountain pen somewhere.

Talked of in Gotham

By FRANK A. PARKER.

[By Private Wire to The Gazette.]

NEW YORK, March 16.—Leonte F. Vasquez, consul general of Santo Domingo, who, with his brother, Horation, former president of the republic, is one of the most ardent advocates of the Dominican treaty, said today just before sailing on the steamer Cherokee for his native country on business, which he admitted was in some degree connected with the probable failure of the measure in the senate, that in his opinion the rejection of the treaty would be simply the result of differences between the administration and the senate.

"I do not believe," said Mr. Vasquez, "that the treaty will be rejected by the American senate because it is thought that our country had no positive obligation. We need a treaty with the United States, as our country is in such a condition that peace, such as would be guaranteed by the protocol between the two nations, is needed. We need the protection it would afford our country, but we should have a two-sided treaty—one that would be politically reciprocal and which should be very clear in its provisions, defining just what we would give the United States, and what they would give to us under its terms.

"I do not know just what effect the announcement that the senate may drop the treaty will have upon Dominican politics. I expect developments on the island when the news is generally circulated there, though I do not know what effect it will have upon the claims of the foreign bondholders."

Loud Call to the Lambs.

Perhaps it is a scarcity of lambs in Wall street that brought out a story today of the fabulous sums made by big operators in stocks during the past year. The story credits William Rockefeller with a profit of $15,000,000, Charles M. Schwab $20,000,000, John W. Gates $1,000,000 and E. H. Harriman $600,000. About 15 months ago, when Union Pacific was selling for about $70, Mr. Rockefeller is known to have purchased at least 100,000 shares of this stock. Many authorities in the street claim that he secured a much larger block of the stock. Meanwhile this stock has advanced 50 points. Considering the fact that Mr. Rockefeller still holds the greater portion of the stock, which he secured more than a year ago, he stands a winner in Union Pacific alone to the extent of at least $5,000,000.

Regarding Mr. Schwab's big winnings those who are responsible for the story say it is known Mr. Schwab purchased heavily of United States Steel last year when every one else was getting rid of their holdings in that company. He has stated to friends that he is the largest individual holder of United States Steel common, and it is said that before he began his latest purchases he held 212,000 shares of the common stock. By the rise in Steel during the present bull market, Mr. Schwab has certainly profited to a fabulous degree, but the exact figures he alone could tell.

Still Feel Effects of Strike.

The grand jury filed indictments this afternoon against six men, charging them with violating section 635 of the penal code in interfering with the operation of the roads of the Interborough Rapid Transit Company during the recent strike. The men will be arraigned before Recorder Goff tomorrow. Receiving applicants for positions has been discontinued by the Interborough Rapid Transit Company until 8 o'clock tomorrow morning. The staff at General Manager Headley's office, weary of examining more than 1,000 men a day, is to have a breathing spell, to look over the situation. The old employes waiting in the office at 1 o'clock were told to come around tomorrow. No more motormen and conductors are being taken, it is announced, as the company has filled all the vacancies in those classes. Trains in the subway and on the elevated roads continue to run on rather unsatisfactory schedules. The company's order to "go slow and avoid accident," is still in effect in the tunnel, but the expresses made better time today than yesterday.

A Bit of Real Japan.

Real Japan in miniature was transplanted to the home of Mrs. Jobieki Takamini, when Mrs. Kei Katsuda, head of the Seika school for girls of Tokio, Japan, spoke in behalf of the war orphans for whom it is desired to build an addition to the school. In a typically Japanese room, the only one in New York of a similar sort, with Japanese attendants and interesting Japanese women in Japanese costumes assisting, the event was one of unique interest. A thousand dollars was cleared by the fair and the Japanese women are rejoicing in consequence. A little girl, Hiro Chiro, was one of the most admired of the attractions. Mrs. Kei Katsuda, who has been in this country for the past few months raising funds for an addition to the Seika school, was the center of attraction, but owing to her spare command of English Mrs. J. Imanishi told the women present something of the aims of the school and the efforts being made to raise a fund for the girls left orphans by the war. Two thousand dollars had already been raised and the $1,000 just added will form a splendid nucleus for the enlargement of the school.

Country Undertaker Stirs Up City.

With the assistance of Charles H. Sturtevant, a wealthy undertaker from Portsmouth, Va., the six big Methodist churches south of Fourteenth street are holding a revival such as was never known in the history of the Methodist church of New York. While hundreds of church workers with long experience at revivals have thrown all their energies into this affair, and while a score of ministers are doing likewise, it is really the old-fashioned country undertaker with his picturesque and primitive style who has stirred the people of the old part of the city into a genuine religious frenzy. He is a "plain business man," as he says, and he is working for the love of the cause. His chief power seems to lie in his ability to make people sing the old-time hymns that rang out from the little wooden meeting houses in the country half a century ago. No revivalist who has been in New York during the past quarter of a century has had such success as has been brought about largely through the medium of these almost forgotten hymns. Hundreds of converts have been made within the past two weeks.

President Will Give Bride Away.

Miss Eleanor Roosevelt, who is to be married tomorrow to her cousin, Franklin Delano Roosevelt, braved the alleged unluckiness of being married on Friday in order that her uncle, the president, might be present at her wedding to give her away. The wedding is to take place in the afternoon at the home of Mrs. Henry Parish, Jr., No. 8 East Seventy-sixth street. President Roosevelt is to make the trip from Washington for the purpose of being at the wedding and also attending the banquet of the Friendly Sons of St. Patrick at Delmonico's in the evening. After paying a flying visit to the banquet of the Sons of the Revolution at the Hotel Astor at 10 o'clock, the chief executive will go at once to his train and start on his return to the capital.

The Beef Trust's Appeal.

By showing that they make only 99 cents instead of $1 on each steer slaughtered, the beef trust magnates may be just trying to adopt bargain counter tactics for appealing to their lady patrons.—Washington Post.

The Quiet Observer.

By ERASMUS WILSON.

There are in this wide, amazing tide
Of human care and crime,
With whom the melodies abide
Of the everlasting chime,
Who carry music in their heart,
Through dusty lane and wrangling mart,
Plying their daily toil with busier feet,
Because their secret souls a holier strain repeat.
—Keble.

Learn to be happy and you will be good.
You may set it down as a rule that none but the good are happy.

At first thought you may not accept this rule as being well founded, but after thinking it over you may change your mind.

The trouble with most people in this age is that they can't understand how anyone can be happy without being rich.

Think this over, too, and see if you can't figure it out. Recall the happiest, wholesomest people you have known and note how many were rich and how many worked every day for the bread they ate and the comforts they enjoyed.

Also note how many of them were good people and how many were bad.

* * * * *

Surely the love of money is the root of all evil.

Money itself, as a medium of exchange or a convenience in the transaction of business, is all right and as harmless as so many buttons or slips of paper. The love of it, however, is different, for it leads you first to envy those who have it, and next to get it at any cost, even to the sacrifice of your good name.

And when you have it in abundance how much better are you off than when you had only enough to feed and clothe you comfortably?

And after you have thought over the matter carefully you will probably come to the conclusion that he who loves money is hardly to be trusted, for a pile of gold will divert him from the straight and narrow way as a pile of iron directs the needle from the pole.

Give us enough, but not more than we need, is a good style of prayer.

Enough health to enable a man to earn enough money to buy enough bodily comforts is about all that you or anyone really needs, unless you happen to have fine business ability and a disposition to help the world along.

But as for yourself enough to keep you in reasonable comfort is a-plenty. An excess of funds might be the cause of your ruin.

* * * * *

If men and women were to study the problem of happiness more carefully there would be much less wickedness in the world, more real progress and all rational comforts would be multiplied many times over.

But how are we to get people to study this problem as carefully as they should?

May it not be that the study is not begun early enough in life?

What would you think of postponing the study of arithmetic, grammar and other essentials until after maturity?

Are not the elements of happiness more important than common school studies?

Have you ever heard of these highly essential elements being taught in our schools or even in our Sunday schools? But on the other hand you have heard much on wealth, riches, jewels, and about people who haven't anything to boast of except their money.

Were the elements of happiness taught in our schools as persistently as are some of the things of much less value, we would soon see a change in the social world that would indicate the beginning of a millenium of peace, prosperity and general goodness.

But, will it ever be?

* * * * *

Mr. Quiet Observer:—You never said anything truer than this: "The world today stands in need of more working women—women who not only know how to keep homes, but how to make them."

It is the women who can make homes that are needed. There are plenty of those who are so philanthropically disposed that they hire just as many servants as their neighbors and one more, if the finances of the family permit.

Better to not let the men know their wives are hiring servants out of kindness of heart or there will be a lot of young ladies in Pittsburgh doing more than to take care of their own rooms.

The fact is that the ordinary servant is not capable of running a house properly, but is hired to do the menial work. A man of the right sort, if he be able to pay for hired help, wishes to save his wife and daughters from work that is drudgery or which would overtax their strength; or else he hires servants because the mother is too busy taking care of their children to attend to the ordinary household work. There is no charity involved, and the hired help would be quick to resent it if there were.

But the home-maker! Do you know one? And don't you love her and wish you had been so fortunate as to win her for your wife?

You would gladly work 16 hours six days in the week for such a woman. She's a rare being, is the home-maker. She doesn't have time "to climb into the hand wagon and raise a disturbance by tooting horns and throwing confetti," and she is not compelled to choose between "the fabled crooked stick with his whisky and tobacco breath" and single blessedness. She is not so unfortunate in her acquaintance, for the good men know the home-maker at sight, and she generally has many suitors of the right sort.

I don't say she always marries young. Too frequently she never marries for she may have selfish parents, brothers and sisters who profit from her keen sense of duty to them, especially where the parents are old when she arrives at the marriageable age. She then becomes a home-maker for them, strangling at its birth the love borne for the man she ought to marry. Maybe she never tells him, but goes through life sorrowfully, happy only in living up to her mistaken sense of duty.

When she does marry she makes a home. That home may consist of two rooms, or it may be a mansion, but there is one thing certain—she suits her style of living to her husband's income, and she doesn't worry him into an early grave trying to keep up an establishment which they cannot afford, to the ill-concealed amusement of the more fortunate acquaintances whom the other type of women seek to equal in extravagance.

She doesn't hire servants in order that she may have time for reading trashy novels and talking nonsense with her neighbors.

Such a woman may enjoy all the rational pleasures of society, not barring the theater, dancing or card playing, but they, too, are her servants. She is a slave to nothing—not even to the husband whom she loves with all her great big heart. But when she plans for a pleasure she never leaves him out of her calculations.

When they are poor, she laughs at the frugality of the dinner, and when they become rich, as they are likely to, she helps the poor people whom she befriends to see that happiness consists in high ideals rather than in high living.

What is the recipe, do you ask? I don't know, except it be that she was born that way. You may be sure, though, that she thinks, she observes—she's wise; and she follows the Golden Rule.

An Analysis of Emigration.

Emigration from the European countries to the United States and other countries of the world is discussed at considerable length in a British publication which has just reached the department of commerce and labor through its bureau of statistics. The discussion in question is part of an elaborate document issued by the British board of trade, the title of the chapter which discusses emigration being "Emigration from the Chief European Countries." The following extracts from the discussion present the more important of its conclusions, and especially those which relate to the United States:

"The migration of population from one country to another is affected by a number of complex causes. The whole volume of migration, of course, depends largely on the distribution throughout the world of density of population, climatic advantages, and wealth of natural resources, together with facilities of communication between the more and less densely settled and naturally favored regions. As regards the volume and direction of the movement from any particular country, much depends not only on the natural resources and field of employment, but also on the national temperament and characteristics, the standard of living of the people, and the existence in over-sea countries of populations of similar or kindred character.

Reasons for Emigration.

"So far as emigration is a purely economic movement, the main factors which determine the changes in its volume are two—the state of the labor market in the country from which the emigrant starts and the state of the labor market in the country to which he goes. But emigration is by no means an exclusively economic movement. Other causes, such as political or religious persecution, have operated in many well-known cases to encourage the transfer of population from one country to others. Broadly speaking, however, the economic element in migration is usually by far the most important, and even in the case of emigration to escape burdensome laws (e. g., the Russian Jews or German Socialists) the time and direction of the movement is determined largely by changes in the labor market in oversea countries. A study of fluctuations in commercial activity and employment in the principal countries leads to the conclusion that among the principal advanced commercial countries the general waves of inflation and depression are to a considerable, and perhaps a growing extent, simultaneous, though the effect of these wide movements of expansion and contraction may be often complicated and disguised in the case of particular countries by purely local causes, e. g., the effect of a war or other disturbance, the discovery of gold or mineral resources, good or bad harvests, and so forth. To these local variations in the economic conditions affecting emigration are to be added the local political causes already adverted to, which may tend at one time or another to stimulate or retard the migration of population.

"These considerations would lead us to expect that the total volume of emigration (new) from all European countries will follow some more or less definite law depending on the state of industrial activity in the world generally, and especially in the over-sea countries which are the chief recipients of emigrants, while the flow from and to particular countries will be also affected by local and special circumstances, which in many cases may be even more important. Examples, both of the general and local factors in emigration, will be found in succeeding parts of this memorandum.

Two Important Periods.

"A few of the leading results may be thus briefly summarized:

"Since 1876 (the first year for which the statistics of our British emigration can be given) there have been two great periods of activity in European emigration, the first beginning about 1880 and lasting for the succeeding 10 or 12 years, and the second beginning about 1900 or 1901 and still continuing. Separating these periods was a period of comparative stagnation, from 1893 to about 1898. Thus the recorded emigration from the principal European countries for which continuous records are available was 500,000 in 1876; in 1879 it was only 234,000; in 1882 it had risen to 807,000. Though by no means the whole of this stream is directed to the United States, the alternating periods of inflation and depression in America have been the most potent single factor in the situation. The financial and industrial collapse of 1893 suddenly diminished the capacity of America to absorb labor. This was followed by the great increase of industrial activity which began in 1898. In the former of the two periods of activity Great Britain and Germany contributed large numbers of the emigrants to America. In the latter period, however, these countries no longer supplied any large proportion of those migrants, who were largely contributed by Italy, Austria-Hungary and Russian Poland. The total volume of British emigration to all destinations did not diminish in proportion to the fall in such emigration to America, but found, to some extent, other outlets within the empire. German emigration, on the other hand, has largely diminished, while that from Italy and Austria-Hungary has very rapidly increased.

"In order to bring out the great change which has taken place in recent years in the character of these sources, it is of interest to compare the two periods 1879-1882 and 1899-1902, which were the two periods of greatest expansion of immigration into the United States within the series of years covered by the table. It so happens that the total volume of increase was practically the same in the two cases, viz., 544,000 in the three years 1879-1882, and 543,000 in the four years 1899-1902, but the sources from which the increased supplies of labor were drawn differed very widely.

Contributing Elements Vary.

"In the early '80s the great increase of immigration into the United States was mainly accounted for by the following countries:

GROUP I.	Increase in 1882 compared with 1879.
Germany	226,000
United Kingdom	129,000
Sweden	54,000
Total of above	409,000

or nearly three-quarters of the whole increase.

"In the last revival of immigration into the United States the principal elements were very different:

GROUP II.	Increase in 1902 compared with 1899.
Italy	135,000
Austria-Hungary	144,000
Russia (excluding Poland)	73,000
Total of above	352,000

or over two-thirds of the whole increase.

"The change of sources from which the population of the United States is recruited is even more clearly brought out when we show the relative contributions of the countries of groups I. and II. to the total increase of immigration in the two periods compared:

	1882 compared with 1879.	1902 compared with 1899.
Total increase	541,000	648,000
Increase from countries of Group I.	392,000	80,000
Increase from countries of Group II.	66,000	372,000

"In other words the expanding United States labor market now exercises its chief attractions on the populations of South and Eastern Europe—south Italians, Hungarians, Poles, and Jews from Eastern Europe—in place of the Teutonic races of Northern Europe."

CONRIED OPERA NEXT YEAR? YES

Pittsburghers Consider Story of Farewell Tour as Mere Figure of Speech.

"LA GIOCONDA" CHARMED ALL

The czar's troops yesterday fled from Tie pass, and last night Herr Conried took his metropolitan opera company from Pittsburgh—two retreats which are totally different, namely: The czar declares that he will some day return to Tie pass, but the world knows that this never will be accomplished. Conried says that never again will he bring his singers to Pittsburgh, but everybody knows down deep in his heart that grand opera will be here next spring just as certain as the coming of the robin and the lark.

These musical farewell tours are only figures of speech, and they have slipped very unctiously into Conried's rhetoric. The story of the advent of the opera season this year was told in wonderful metaphors, and the "official statement" to the effect that the impressario in the future would not undertake the risk of bringing his great company to Pittsburgh is recognized by the knowing ones as the operatic hyperbole which so often crept into the diction of Mme. Patti.

If there was any person in the great audience at the Nixon theater last night who really thought that it was the last time the Metropolitan opera company would be heard in this city he did not show any signs of the sincerity of his belief, and before the final curtain the young man who takes pride in keeping up appearances was figuring how much he would be compelled to spend next year, if luck assists him in squaring the debts just incurred in the ratio of $6 plus $8 equals $14 plus the flowers, carriage and supper. As long as Pittsburghers are willing to wrestle with this little problem in arithmetic as they did this week, it is a pretty safe forecast to bank on Conried's early arrival in this bountiful field next spring.

There was no statement made as to the receipts from the season just closed. This is contrary to Conried's policy. Receipts slightly exceeded $35,000 for the five performances, but no detailed figures will be made public. Epston last week was looked upon in the light of a "frost" by persons who drew comparisons between the patronage of the cultured city of Massachusetts and that of the Pennsylvania town, which beats the world in the pig iron market, and the continued good attendance here, backed up with the Pittsburgh scale of opera prices, it is declared, is sure next year to temper the roar of rolling mills with the rather harmonious noises of Wagner and Meyerbeer and Donizetti and the rest—per Conried.

But this materialistic view did not intrude on that great gathering of music-lovers who last night were charmed by one of the most brilliant performances of the engagement, Ponchielli's delightful opera "La Gioconda," sung in Italian, won all hearts with the incomparable Caruso, Mlle. de Macchi, Mme. Homer, Miss Walker and Pol Plancon in the cast. The audience in size and costuming eclipsed that of the opening night. The enthusiasm of the people knew no bounds and twice Arturo Vigna, the conductor, was called before the curtain to share with the stars the plaudits of an enraptured audience.

IMPRESSIONS OF THE OPERA.

By E. J. NAPIER.

"La Gioconda" was first performed with immense success at La Scala on April 8, 1876, with such names as Christine Nilsson, Schalchi, Fursch-Madi, Stagno, Novara and Del Puente in the cast, a New York production following seven years later. The composer, Ponchielli, occupied a niche between Verdi and the present day Italians, Leoncavallo, Mascagni and Puccini. In fact, Puccini was the favorite and most gifted pupil of Ponchielli.

The influence of Verdi is most apparent in "Gioconda" and there are moments when "Faust" is also brought to mind, through the agency of charming orchestral interludes. This, however, does not mean that "Gioconda" contains any stolen music.

The opera abounds in strong contrasts and stirring situations, with pleasing melody and thrilling "ensemble," also an agreeable absence of uninteresting "recitative." The incidental dances, especially the "Dance of the Hours," are elegant in style. These dances, together with some excerpts from the opera, have found much favor in England. Ponchielli's work is certainly deserving of a more frequent presentation.

The performance last night was doubly enjoyable on account of the smoothness and evenness which ruled throughout, and while Caruso's name was no doubt responsible for the immense gathering, the great success of the evening lay in the fact that the various departments, principals, chorus and orchestra worked in perfect harmony. The audience became wildly enthusiastic at the close of the third act. Mlle. de Macchi, Mme. Homer and Miss Walker being called before the curtain several times, in which praise Messrs. Caruso, Giraldoni and Plancon were also participants.

M. Vigna, at the conductor's desk, appeared in most amiable mood, a fact which also reflected itself in the accompaniments the orchestra playing with delicious and refreshing care.

The well-balanced chorus quite outdid itself singing with fiery enthusiasm and an amount of vigor but too rarely heard. The staging and coloring also being thorough, the picture thus was made complete and a brilliant series of entertainments brought to an artistic close.

MOST BRILLIANT CROWD OF THE SEASON LAST NIGHT

Society Out in Larger Force and the Dressing Was a More Marked Feature Than Heretofore.

The most brilliant audience of the grand opera season, viewed from a social and sartorial standpoint, attended the last performance. It was an unusually handsome audience that filled the Nixon theater last night. The second appearance of the new and great tenor, Caruso, and the fact that Madame Louise Homer, the Pittsburgh member of the Metropolitan opera force, had a place on the program, were responsible in a measure for the large crowd.

Madame Homer, who has many friends in Pittsburgh's social circles, has not been entertained in a formal manner during her stay in the city, but instead has been at home, informally, in her apartments at the Hotel Schenley during each afternoon.

The gowning last night was splendid, though only a few decollete costumes were to be seen through the body of the house. The dashes of gay color throughout the audience were noticeable, these ranging from delicate blues and pinks to the darker shades of heliotrope, red and other shades.

The boxes were all occupied. With Mr. and Mrs. Andrew W. Mellon were Mr. and Mrs. Carter C. Beggs, Miss Roma Husselton and C. S. Rodman. Mr. and Mrs. Henry Bruce Beatty entertained with a supper at the Nixon after the opera, having with them Miss Lorraine T. Beatty, Miss Minnie A. Beatty, Miss Mary Estep and Mrs. Norwood Johnston. Mr. and Mrs. William Henry Singer were host and hostess to Miss Marguerite Singer, Mrs. G. Horton Singer and Mr. and Mrse. Carroll Hamilton Fitzhugh. Col. and Mrs. James M. Schoonmaker were occupants of one box, while the Rev. Dr. S. Edward Young and a party of friends filled another.

One box to which there was much visiting between acts was occupied by Madame Nordica, while still another held Mr. and Mrs. Felix Hughes of Cleveland, the latter formerly Miss Adele Prentiss of this city; and Madame Homer's husband.

Among other music lovers in the audience were Mrs. J. Walter Rhodes, Miss Rhodes, Mr. and Mrs. John Eaton and their son-in-law and daughter, Mr. and Mrs. Louis Brown; Mr. and Mrs. Samuel A. Ammon, Mr. and Mrs. William Irwin Mustin, Mrs. Jane Hall, Miss Helen Keil, Howard White, George H. Wilson, Mr. and Mrs. John Marron, Miss Frances Pierpont Sviter and William Pierpont.

GRAND OPERA RETURNS SHOW A FALLING OFF

From Financial Standpoint Last Two Seasons Not Up to Duquesne Garden Seasons.

Pittsburgh has now had five successive seasons of grand opera, and for admissions alone has paid a total carefully estimated at $155,641. This does not take into account any of the thousands of dollars paid for admissions during the occasional seasons when the Grand opera house was the scene of these noteworthy events.

In making this careful estimate, which closely reaches $200,000, the box office returns for the season which ended last night are put at something over $35,000, and those for the season of 1904 at a trifle under that figure. For the last two seasons the Nixon theater has been used for the presentations of the Metropolitan Grand Opera company. Duquesne Garden was used for the performances embraced in the other three seasons included in the estimate.

Each of the five opera seasons has embraced one afternoon and four evening performances. In 1901, at Duquesne Garden, the season's receipts were $38,307.50; in 1902, same place, $44,902.50; in 1903, same place, $42,431; in 1904 and 1905, at the Nixon theater, as above stated, each season averaged $35,000.

Duquesne Garden, when the three best seasons of grand opera in Pittsburgh were given, is a made-over car barn. It had no stage and a temporary one had to be improvised. Although there were 300 more seats provided for the seasons in Duquesne Garden than the number of sittings in the Nixon theater, the scale of prices prevailing at the Nixon the past two years, if all the seats were sold, would result in a greater return per occasion than the scale of prices for any year at Duquesne Garden; this does not, however, include the extra "Farsifal" price—an advance of $2 on some 700 of the $6 seats.

The fact is emphasized by these figures that the greatest opera receipts were during the years 1901, 1902 and 1903, when there was no decent theater available for the performances. Those three seasons saw the famous Grau at the head of the Metropolitan forces, with George N. Wilson as his local manager in this city, and also in Cincinnati and Chicago. The past two seasons the Metropolitan company has had Herr Conried for its impressario, with Gustav Schlotterbech as his local and western manager.

The question arises, why have grand opera receipts fallen off in the past two years? Are Pittsburghers faddists and grown tired of the big attraction, or are they simply practical people, who, while they have a widespread reputation for spending money freely, are tired of paying the stiff prices demanded for these yearly and glowingly heralded events? The question has been much discussed between acts at the Nixon the past four days, especially so since the announcement from Herr Conried that this would probably be the last season of grand opera outside of New York.

Last year, at the close of the first grand opera season at the Nixon, some of the newspapers in glowing headlines stated that it was the greatest ever and that the receipts would average $50,000. This was later scaled to $40,000. This season it has already been stated that the total receipts would reach $40,000. Inquiry made by The Gazette at the theater last night of persons in a position to know confirm its estimate of an average of $35,000 as the receipts for the past two seasons.

Will Celebrate First Anniversary.

Invitations have been issued for the first anniversary of the Cosmopolitan club. The event will be held at the club's headquarters, 59 Tunnel street, March 20. A banquet will be held in the early part of the evening. Mayor William B. Hays will be toastmaster and the speakers will be prominent men of Pittsburgh and Allegheny.

MANY ARE AFTER NEW COUNTY JOBS

Commission of Tax Revision and Assessment Will Prove an Alluring Bait.

HAS PASSED BOTH HOUSES

The passage of the bill establishing a commission of tax revision and assessment in Allegheny county is already making trouble for the Republican county organization.

The measure has passed both houses and will probably be signed by the governor. It provides for a commission of three men at a salary of $5,000 each, empowered to fix and revise valuations on real estate, and they are authorized to appoint as many district assessors as they see fit, at a salary of $5 a day. The commissioners are appointed by the courts.

Fifty men from all parts of the county have already signified to the Republican county committee that they would like to get one of the $5,000 jobs, although the county committee's officers disclaim all influence in the matter. Then about 150 men desirous of earning $3 a day have served notice that a job as assessor would just suit them.

The Young Men's "Republican" club last night made arrangements to begin a system of organization in the first 14 wards of the city. The club is supposed to control the "Independent" column on the official ballot. Efforts are to be made to induce Republicans to join the club, with a view to building up in the Republican organization a faction that, while thinking it is fostering a movement within the Republican organization, would in reality be working for the present city administration. Within the next two weeks meetings will be held in the wards indicated.

It was reported yesterday that Gov. Pennypacker might come to Pittsburgh to investigate for himself the question whether Allegheny county really needs two new common pleas courts. Information about the dockets can be obtained by the governor without coming to Pittsburgh. A delegation from the Bar association will go to Harrisburg to see him.

BULLETS RATTLED AMONG THE KETTLES AND THE POTS

All Culinary Diversions Were Suspended When Chefs Began to Settle Their Little Affair.

George Walters of 27 Congress street and Newton Page, both negro cooks employed at McCarthy's restaurant in Wood street, became engaged in an altercation at 8 o'clock last night. Page drew a revolver and shot twice at Walters. Neither of the shots took effect, and Page made his escape.

It is alleged that Walters took exceptions to the manner in which Page was doing his work. The latter resented the remarks, and Walters started after Page, who drew a revolver and fired twice. Both bullets lodged in the wall. Word was sent to Central station, but when the police and detectives arrived, Page had escaped.

The shooting created considerable excitement among the employes of the restaurant, who ran out of the kitchen when Page opened fire. A description of Page was sent to the various police stations.

INDORSEMENT GIVEN GREATER PITTSBURGH

Allegheny Common Council Practically Kills an Antagonistic Resolution.

The "Greater Pittsburgh" movement was virtually indorsed by the Allegheny common council last night when that body, by a vote of 17 to 7, referred to the committee on legislation, thereby practically killing it, a resolution presented by Thomas McHenry of the Fifth ward, protesting against the enactment of the Wilbert bill, now before the legislature. It was the intention of friends of the resolution to have it passed under the suspension of the rules and copies sent to the senators and representatives from Allegheny county.

Mr. McHenry stated that the resolution had been handed to him, but he declared that he was himself in favor of a Greater Pittsburgh. William E. Kimberlin of the Second ward asked that Select Councilman John W. Robinson, chairman of the legislation committee, be allowed to speak on the resolution, but President Samuel McElroy declined to permit this. C. L. Mohney of the Tenth ward then moved that the resolution be sent to the committee on legislation. Mr. McElroy protested against such action, as did Charles P. Bernhard, but on vote the motion was adopted.

Members voted as follows:

Ayes—Messrs. Boyd, Francis, W. G. Freeman, Geltz, F. W. Harvey, W. H. Harvey, Henderson, Hollacher, Hotius, Kelly, Kimberlin, Meyer, Mohney, McBride, McNulty, Schleich, McHenry—17.

Noes—Bernhard, Haring, Keane, Rothpletz, Schroedel, Sheasley, President McElroy—7.

Mr. McHenry presented an ordinance granting the Pennsylvania Company the right to occupy that portion of Church avenue lying west of Federal street and south of South park, in the building of a new passenger depot, and the ordinance was referred to a special committee of joint councils. The ordinance fixing the salary of the chief engineer of the Green Tree Hill pumping station at $1,400 a year and that of his assistant at $1,200 was defeated.

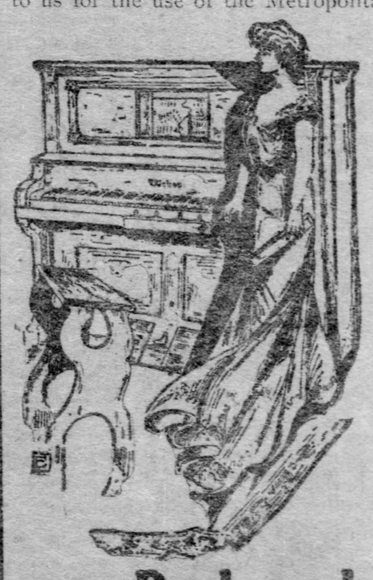
Eighteen Weber Pianos Used by the Metropolitan Opera Co. Will Be Sold

A specially selected lot of new Weber Pianos was consigned to us for the use of the Metropolitan Opera Company during their engagement in Pittsburgh, which ended last night. As everybody knows, this is the most famous musical organization in the world, comprising such renowned singers as Sembrich, Nordica, Homer, Caruso, Plancon, Fremstad, Jacoby, Weed, Alton, Ralph, Walker, De Macchi, Journet, Gorr..., Van Rooy, Scotti, Saleza, Vigna and others.



All of these magnificent pianos are now offered to the music lovers of Pittsburgh at

Specially Reduced Prices

In transportation they were, of course, somewhat marred. And as they make a larger stock than we desire to keep on hand, rather than to return them to the factory we will give a special bargain in each one of them.

Everybody knows the fame of the Weber Pianos, the high position they hold in the artistic world, and that for many years they have been the pianos chosen by the Metropolitan opera artists, thus giving them the stamp of the highest artisitc appreciation as to tone quality.

To each one of this lot of pianos belongs the added value and interest of having been used by the greatest living singers.

We wish to emphasize the statement as to special prices. We mean just what we say, that the prices will be specially low. Every instrument is a splendid bargain. They are all perfect in music parts and only slightly marred in finish.

An opportunity to secure a beautiful, artistic Weber Piano at such special price concessions was never before offered in this city.

Obtainable on payments if desired.

URGED TO BATTLE WITH SLUM EVIL

Jacob A. Riis, New York Reformer, Tells Pittsburghers They Are Neglecting Duty.

WHAT METROPOLIS HAS DONE

For two hours last night an audience which crowded the Second Presbyterian temple in Eighth street listened intently while Jacob A. Riis, the noted New York sociologist and philanthropist, recited the story of New York's battle with the slums and portrayed in graphic language the results of his brief investigation of the slum evils in Pittsburgh. Mr. Riis came here for the fourth of the series of lectures under the auspices of the Columbian Council of Jewish Women. His informal talk, for it was such, rather than a lecture, was a scathing arraignment of the tenement house evil in Pittsburgh, and a recital of the magnificent work done by reform agencies in the metropolis in combatting what the speaker considered the worst phase of the municipal and social problem.

The lecture was illustrated by a number of lantern pictures showing the tenement districts on the congested East Side, New York, and the changes wrought in that section of the metropolis during the 10 years' persistent work of reform agencies in transforming unhealthful communities into veritable garden spots. Mr. Riis is a remarkably entertaining talker, witty at times, outspoken always, and he was frequently interrupted by the applause of his appreciative audience.

Pittsburgh Was Arraigned.

He was introduced by Mrs. Enoch Rauh, at whose home he has been a guest while in the city. Mrs. Rauh referred to Mr. Riis' part in the reformation of New York's slum districts and expressed the hope that the vigor with which the metropolis was dealing with this serious problem would impart itself to Pittsburgh. Mr. Riis, after acknowledging the kindly greeting given him, began at once an arraignment of Pittsburgh for its neglect to deal promptly and properly with the important issue of the "submerged population in its tenement districts."

He recalled the words of the French savant that a nation may grow in riches and in arts, but if it smother the homes of its people it raises against itself forces of evil. The republic, he declared, is on trial and in peril because of its inability or negligence in managing its great cities. Millions of people are living under conditions which foster disease and crime and which are striking at good citizenship. As the slums stand for all that is vicious and wrong, their eradication is absolutely necessary if good government is to survive in the large centers of population.

Mr. Riis pointed out that the child of the tenements is the man of tomorrow, with a vote which balances that of the most learned of our population. The voter reared in unhealthful surroundings cannot, in the nature of things, make a good citizen. He is robbed of his birthright at the beginning and he grows to man's estate with no real conception of what is incumbent upon him as a citizen of the republic.

Slum Problem from Moral Standpoint.

After elaborating upon this view of the question, Mr. Riis discussed the slum problem from the moral standpoint. It was not right, it was inhuman, it was contrary to heaven's demands to condemn a fellow-being to live in hovels such as disgraced the larger cities of the nation, and such as he found in plenty in the very heart of progressive Pittsburgh. He had never seen, anywhere, "a nastier crowding of human beings into veritable hell-holes than could be found in this populous city," he declared. Then he cited instances coming under his personal observation yesterday.

Mr. Riis charged this condition of things to the "deadly inertia" of Pittsburgh people. It was the same everywhere. Politics had something to do with it, of course, but far more responsible was the man in private life, with the vote and the influence and the power to compel a righting of the dreadful wrong that is being done the poorer classes of the city's population. Far more responsible is the landlord, who collects exorbitant rents, and the property owner whose conscience is dulled by avarice and who is content to suffer insufferable conditions because of percentage of profits. Mr. Riis declared that the criminal classes were recruited from the slums, and that the social evil had its strongest roots in the overcrowded districts of American cities.

Passing to the work accomplished in New York, Mr. Riis illustrated the transformation of some of the more notorious districts in the East Side. New York was by no means through with its work, but it had made wonderful progress in eliminating the slum evil, what New York had accomplished was easily possible in Pittsburgh. Mr. Riis declared—and this raised a laugh—that some of Pittsburgh's millionaires' money devoted to charitable projects in other cities would be better expended in the Soho and Hill districts of Pittsburgh itself.

Boys' Clubs Encouraged.

Mr. Riis encouraged the formation of boys' clubs and the promotion of kindergarten work, and paid tribute to the sociological organizations of the city. It is possible always to breed a citizenship down to the level of the slums; it was the duty of women's clubs and right-minded citizens everywhere to arouse the public conscience to the enormity of the danger embraced in a system which denies to any of the people that which is theirs by right of birth—a chance to breathe pure air and see the sunlight, to grow to maturity under healthful conditions and to be housed in homes which inspire sentiments of loyalty to government and gratitude to God.

Before going to the Temple, Mr. Riis addressed a large number of newsboys at the Newsboys' home, in Forbes avenue. The youngsters were given a deal of good advice and Mr. Riis entertained them with a number of witty stories. He left for Buffalo late last night.

INSPECTED INSTITUTIONS.

Senatorial Sub-Committee on Appropriations Visited Hospitals and Penitentiary and Is Pleased.

The senate sub-committee on appropriation arrived here yesterday and spent the day visiting institutions that are asking for state aid. The committee will remain over today on the same business.

Senators Oscar Thompson, Thomas Phillips, Huber and Crawford compose the committee, and they were accompanied on their tour by Senators Wilbert, Goehring and Woods. The sub-committee visited, in the order named, the Mercy, Passavant and West Penn hospitals, the Western penitentiary and the Dixmont hospital for the insane. Today the South Side, East End and St. Francis hospitals and the Morganza Reform school will be inspected.

Like the house committee on appropriations, which was here recently, the senatorial sub-committee is favorably impressed with the Pittsburgh hospitals. The members had no idea that Pittsburgh and Allegheny had such large, commodious and finely-equipped hospitals.

MADE MANY AWARDS.

Local Firms Which Will Furnish Supplies for City Water Works.

Mayor Hays and Director Bigelow yesterday made awards for water works supplies for the current fiscal year. No amounts are indicated because the volume of supplies that will be needed from time to time is not known in advance. The proposals, in some instances covering hundreds of small items, were opened in common council chamber on March 14. The awards are as follows:

To the United States Cast Iron Pipe and Foundry Company, cast iron water pipe supplies and special connections; Ludlow Valve Manufacturing Company, gate valves; Pittsburgh Manufacturing Company, fire hydrants; Pittsburgh Foundry and Machine Company, large iron gate boxes, including top frames and covers; Bingham & Taylor, small iron gate boxes; E. M. Hill, wooden gate boxes; The A. P. Smith Manufacturing Co., cast iron fittings for Smith connections; Bailey-Farrell Manufacturing Company, pig lead; Pittsburgh Foundry and Machine Company, the purchase of scrap iron; Thomas Maxwell Company, hauling.

Wabash to Make Improvements.

CUMBERLAND, MD., March 16.—(Special.)—The West Virginia Central railroad, a Wabash line, will erect roundhouses and shops at Thomas, W. Va., in the center of the coal region controlled by the Gould's.

The Death Roll.

Owen Gilgalon.

Owen Gilgalon, for 30 years in charge of construction work on the Baltimore & Ohio railroad, is dead at the residence of his son, Capt. P. W. Burke, 5229 Gertrude street, Hazelwood. He was born in County Mayo, Ireland, in 1829, and came to this country in 1850, settling in Grafton, W. Va., where he was employed in the construction of the Baltimore & Ohio railroad between Baltimore and Wheeling, which was completed in 1852. He was married at Mt. Savage, Md., in 1857 to Mrs. Wilfield McBerthet Burke. Twenty years ago he retired from the railroad service and purchased a farm near Parkersburg, W. Va., where he lived until recently, when he came to live with his son, who is a well-known passenger conductor on the Baltimore & Ohio railroad. He was a member of the St. Stephen's Roman Catholic church, and is survived by his widow. The funeral will take place from the residence of his son tomorrow morning at 8:30 o'clock, services being held at St. Stephen's church at 9 o'clock.

Mrs. Charlotte Tod Freeman.

Mrs. Charlotte Tod Freeman, widow of Samuel L. Freeman, a former banker of Warren, O., died yesterday morning at the residence of her son, F. I. Freeman, 5806 Elgin avenue, East End, after an illness of several years. She was the daughter of Dr. Jonathan Ingersol Tod, for many years in charge of the Marine hospital at Cleveland, O., and Lucy Price Tod, and was born at Milton, O., 77 years ago. In 1846 she married Samuel L. Freeman at Warren, where she lived until his death in 1903, when she came to this city, making her home with her son. She was a niece of Ohio's war governor, Davis Tod. She was a member of Christ church of Warren, and is survived by one son, F. I. Freeman, superintendent of the George A. Hogg Foundry Company. Short services will be held at the residence of Mr. Freeman this afternoon at 4 o'clock, and the remains will be taken to Warren, where funeral services will be held tomorrow at 1 o'clock.

Mrs. Mary O'Connor.

Mrs. Mary O'Connor, aged 88, died at the residence of her daughter, Mrs. S. G. Walker, 1920 Forbes street, yesterday morning at 9 o'clock. She was born in County Frigo, Ireland, and was married to Thomas Foley, who died in 1850. She came to this country in 1853 and shortly after was married to John O'Connor. She was a member of St. Brigid's Roman Catholic church and is survived by the following children: Mrs. S. G. Walker, John, James and Luke O'Connor, all of this city. The funeral will be from the residence of her daughter tomorrow morning at 8:30 o'clock.

Obituary Notes.

Louis Davis, aged 60, who boarded with W. R. Weaver in Violet alley, was found dead in bed yesterday morning. He was a member of G. A. R. Post No. 41, and of Union Veteran Legion No. 1. He served three years in the civil war and was a prisoner in Andersonville prison. He leaves a widow, one son and a brother.

Charles Brown, aged 52, died yesterday at the Homeopathic hospital. He had lived for some time at the Shelter Home, Third avenue, but the people there know nothing of his relatives. It was said he has a sister, Miss Emma Brown, living at 4881 Forbes street, but no person by that name could be found at that address.

Miss Mary Moore of Uniontown, aged 52, died yesterday at the home of her brother, Jacob Moore, at Mammoth, Westmoreland county. She was a member of the Baptist church. She leaves a sister, Mrs. Laura Smith of Allegheny, and four brothers.

ROB WIDOW AND BURN HOME.

For Second Time in Two Weeks Tarentum Woman Is Victim of Bold Desperadoes.

After robbing the home of Mrs. Sarah Eaton of Tarentum, Wednesday night, burglars set fire to the house. Mrs. Eaton, while descending to a lower room, fell into the fire, the stairs collapsing, having been burned away. She is burned about the body and face and is in a serious condition from shock. Gustave Lowe, a boarder, was also badly burned about the hands and face.

The thieves secured a gold watch, a quantity of provisions, fruit and household articles, and had a quantity of goods piled on the floor to be carried away when they were probably forced to flee by the fire. It is thought a time fuse was used to ignite the building.

It is only two weeks ago that ruffians entered the home of Mrs. Eaton, gagging her and binding her to a chair, and stealing $18. She is a widow, aged 50, and keeps a boarding house for employes of the glass factory. It is thought that it is the savings of the glassworkers that attracts the robbers.

JAPAN IS THE SUBJECT.

Burton Holmes Lectures on the Flowery Kingdom at Carnegie Music Hall.

Burton Holmes lectured at Carnegie Music hall last night on "Japan," contrasting vividly with the address last week on "Russia." He talked principally on "Old Japan," showing the changes that are coming over the country through the introduction of western civilization.

The lecture was magnificently illustrated, not only with black and white and colored views, but with bioscope motion pictures of great vividness, conveying to the mind a lasting impression of characteristic scenes of the flowery kingdom.

What To Do For Heart Trouble

I back up my advice with this Remarkable Offer—A Full Dollar's Worth of my Remedy Free to Prove that I am Right.

I ask no reference, no deposit, no security. There is nothing to promise, nothing to pay—either now or later. To any heart sufferer who has not tried my remedy—Dr. Shoop's Restorative—I will gladly give, free, not a mere sample, but a full dollar bottle.

I am warranted in making this unusual offer because mine is no ordinary remedy. It does not vainly try to stimulate the heart. Such treatments are worse than useless. It goes straight to the cause of all heart troubles—the heart nerves—and strengthens them and vitalizes them and restores them. Then that is the end of heart diseases.

For the heart itself has no more self control than a common sponge. It is made to beat by a tender nerve so tiny that it is scarcely visible to the naked eye. Yet ten thousand times a day this delicate nerve must cause the heart to expand and contract.

The heart is about the size of your clenched fist. Open and close your fist a dozen times, even, and you will see the monstrous labor this little nerve must do.

The heart nerve is only one of the branches of the great sympathetic nervous system. Each branch of this system is so closely allied with the others that weakness or irregularity at any point is apt to spread. Heart trouble frequently arises from Stomach trouble through sympathy, and Kidney trouble may also follow. For each of these organs is operated by a branch of these same sympathetic nerves—the inside nerves.

The bond of sympathy between the nerves that operate the vital organs has a useful purpose, as well. For what will cure weakness in one branch will surely cure weakness in every branch—what will restore one center, will surely restore them all.

There is nothing new about this—nothing any physician would dispute. But it remained for Dr. Shoop to apply this knowledge—to put it to practical use. Dr. Shoop's Restorative is the result of a quarter century of endeavor along this very line. It does not dose the organ or deaden the pain—but it does go at once to the nerve—the inside nerve—the power nerve—and builds it up, and strengthens it and makes it well.

If you have heart trouble and have never tried my remedy, merely write and ask. I will send you an order on your druggist which he will accept as gladly as he would accept a dollar. He will hand you from his shelves a standard sized bottle of my prescription, and he will send the bill to me. This offer is made only to strangers to my remedy. Those who have once used the Restorative do not need this evidence. There are no conditions—no requirements. It is open and frank and fair. It is the supreme test of my limitless belief. All that I ask you to do is to write—write today.

For a free order for a full dollar bottle you must address Dr. Shoop, Box E 568, Racine, Wis. State which book you want:

Book 1 on Dyspepsia.	Book 2 on the Heart.
Book 3 on the Kidneys.	Book 4 for Women.
Book 5 for Men.	Book 6 on Rheumatism.

Mild cases are often cured by a single bottle. For sale at forty thousand drug stores.

SENATOR MATSON THINKS GREATER PITTSBURGH A GO

Chairman of Senate Municipal Affairs Committee Believes Greater Pittsburgh Opposition Has No Weight.

Senator Myron Matson, chairman of the state senate committee on municipal affairs, is in Pittsburgh. He said yesterday he was in favor of the Wilbert Greater Pittsburgh bill. The committee has fixed next Tuesday as the day for hearing the advocates and opponents of the measure.

"The opponents requested a hearing," said Senator Matson, "and we will give them an opportunity to protest. I have, however, sounded the Allegheny county delegation and have found such an unanimity of sentiment favoring the bill that I am surprised at the opposition that has arisen. The bill provides for the annexation of Allegheny first, and amendments provide for the late admission into Pittsburgh of other contiguous territory. I hardly think the opposition will have much weight."

While the opponents of the measure will be represented at the hearing, a large delegation of Allegheny business men who favor the annexation of the North Side will also go down to argue in favor of the bill.

Director Bigelow left last night for Philadelphia. He said he would see Senator Penrose regarding the Greater Pittsburgh bill. Some time ago it was said the director had already converted the senator, and some surprise was expressed that he felt he ought to make another trip. Mr. Bigelow is ordinarily secretive about his eastern journeys, but he volunteered information about his impending journey, so it is suspected he has other objects than Greater Pittsburgh in view. Director Bigelow will try to induce Senator Penrose to agree that one or more lawyers who belong to the Citizens party shall be appointed judges of the new courts.

PENROSE IS SPONSOR FOR PROTEGE OF QUAY

Senator Asks President Roosevelt to Reappoint William B. Sorsby Minister to Bolivia.

[By Private Wire to The Gazette.]

WASHINGTON, March 16.—Senator Penrose today accompanied to the White House William B. Sorsby, minister to Bolivia, and asked the president to reappoint him. Mr. Sorsby is from Mississippi but he owes his appointment in the diplomatic service to the late Senator Quay, in return for services he rendered the Republican party. He was the editor of a newspaper in Mississippi when Thomas C. Catchings was a prominent member of the house of representatives from that state.

In one campaign the seat of Catchings was being hotly contested and he wrote a letter threatening the lives of some Republicans of his district. Sorsby got hold of the letter and sent it to Senator Quay, who was chairman of the Republican National committee, and he used it with good effect.

Sorsby's business future in Mississippi was ruined, but Senator Quay secured his appointment as consul general at Guayaquil in 1889. Later he was made consul at San Juan del Norte and still later he was stationed at Kingston, Jamaica. In 1903 he was appointed minister to Bolivia. President Cleveland dismissed him from the service but he was reinstated by President McKinley. He has a good record and it is probable that he will be reappointed to Bolivia.

spring millinery

Important exhibit of early Spring Headwear—our own beautiful work.

These are the results of ideas absorbed and fostered in the minds of our clever designers during the intervening months.

Milliners with the spark of true genius—without which there is no real success—unconsciously assimilate impressions which develop their talent, and first results illustrate to what extent they have been true to their art while the pendulum swings from season to season.

The Hats on show today—first expression from the teeming brains of brilliant artists—are of such character as create their own atmosphere, and are their own indorsement.

We believe you will find it a real pleasure to inspect them.

Ombre Silks and Shaded Flowers, Wings and Fancy Feathers, including Ostrich, are the materials most used.

Colors that have the preference at present are Old Blue, Pink, Green and Bronze.

Some of the designs are classified as Polo Hats, Rolling Shapes, Face Hats and Side Flare Hats, of which there are many modifications.

Today and tomorrow will be days of more than ordinary concern to those sufficiently interested in the trend of Fashions to care to come.

SMALL HOPE LEFT FOR KUROPATKIN

Three Hundred Miles of Flat, Open Country Lies Before Him to Cross.

PLENTY OF STORES ON WAY

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

ST. PETERSBURG, March 17.—Kuropatkin has been reinforced by the garrisons of Tieling and other northern towns and a few new troops who were on their way from Russia when the battle of Mukden began, but even with these there seems little hope for him. True, he has some 30 or 40 miles of hilly country, extending from Tie pass to Fenghua Tsien, which might enable him to hold off the enemy for a time, but once out of the hills he has before him nearly 300 miles of flat, open country and innumerable rivers and streams to cross. This is what is termed the Great Valley of the Sungari, but is in fact an immense plain, bounded on the east by high mountains and extending northward into Siberia and westward into Mongolia.

Kirin, east of the railway, and Harbin, the most northerly point on the railway where it branches off to Vladivostok eastward and to Siberia westward, are the centers of this wonderfully rich country, resembling in many respects the northwest territories of Canada. From Tie pass the railway runs over hills known as "the Divide," to Kaiyuan, 20 miles, then striking into a valley on either side of which rise high hills, emerges on to the plain just northeast of the important Chinese city of Fenghuasien. From there to Harbin hardly a hill can be seen from the railway train, the line running almost straight, except where an occasional curve is necessary to reach a city or a favorable crossing of a river. Besides the railway there is a splendid wagon road from Tie pass to Kaiyuan, where it branches, one branch making a detour to the westward, skirting the mountains and running almost direct to Harbin. The other branch passes through the mountains to Kirin, from which center there are many roads.

The distance from Tie pass to Harbin is little less than 300 miles, and except for the first few miles, every acre is under cultivation or supporting herds of cattle, sheep and horses. So far as the commissariat is concerned, the Russians need have no fear. Hardly a pound of last year's crop of beans, millet or wheat left the country, the Russians buying it all and storing it at stations along the railway. They also purchased all the cattle and horses, and have Cossacks herding them.

The most important Russian town between Tie pass and Harbin, with the exception of Kirin, which is not on the railway, is Kwansuling, also spelled Kungchuling. This town is a little over 100 miles north of Tie pass. Here were gathered great stores of provisions, alongside of which were erected Red Cross hospitals, the best by far that the Russians had south of Harbin.

PRINCETON AFFAIR TONIGHT.

"Triangle Club" Appears at the Nixon. Dinner at the Schenley Tomorrow Night.

Princeton graduates are looking forward with interest to the production by the "Triangle club" of the university of "The Pretenders" at the Nixon theater tonight and tomorrow afternoon.

At the dinner tomorrow evening at the Schenley there will be a number of notable guests. No educator is more favorably known in Pittsburgh than Princeton's president, Woodrow Wilson. He and Prof. Andrew West, dean of the post-graduate department, will be the special guests of honor. Adrian Joline of New York and Scott Bullitt of Louisville will share the honors with them.

"The Seminary Girl."

Melville B. Raymond's production, "The Seminary Girl," comes to the Duquesne Monday, March 20, and the management is authority for the statement that she is prospering to the complete satisfaction of all concerned. The company is a large one, and featured as "The Seminary Girl" is dainty Ruth Peebles of "Prince of Pilsen" fame.

COULD ADJOURN WITHIN TEN DAYS

Pennsylvania Legislature Is Close Up With the Pending Measures.

CHANCE FOR GREATER CITY

THE PITTSBURGH GAZETTE BUREAU.
HARRISBURG, PA., March 16.

If necessary the present assembly could wind up its business and adjourn sine die in ten days. This is the opinion of party leaders. It is based upon the measures now pending, but there may be features of importance before the doors are closed against new bills next Tuesday night, when both senate and house have decided to put up the bars.

"Farmer" Creasy made one of his entertaining suggestions this morning. With refreshing disregard for parliamentary usage he notified the "country" members that next Monday night he would ask that the committee on passenger railways be discharged from further consideration of the bills in its possession. In particular, Mr. Creasy referred to that time-honored, threadbare measure permitting trolley companies to carry freight, which he is fathering this session.

It is true that the threat had an unexpected effect upon the house. Instead of laughing at the "farmer" and voting him out Monday night, in case he presents his resolution, the railroad committee held an impromptu session, negatived Mr. Creasy's measure and reported the action taken. Mr. Creasy says he will ask the house to place the bill on the calendar, notwithstanding the action of the committee, and while he will not succeed, he certainly will be able to "point with pride," etc.

Greater Pittsburgh Favored.

Senator Penrose is positively scheduled to appear next Tuesday. Mr. Durham may accompany him, but this prediction is made with reservations. Then, in the opinon of the rank and file, there "are to be doings." No one seems to know what is coming in the line spectacular and it is probable that all will be disappointed. So far as Pittsburgh is concerned the greater city bill is of chiefest importance and its chances of final passage are, apparently, most favorable. If Senator Penrose gives the word the measure will have almost unanimous support.

The Ambler bill for the appointment of a rural police force, which failed yesterday in final passage, was reconsidered and passed finally. The following bills also passed finally:

The senate bill validating elections upon the question of increasing indebtedness of counties, cities, boroughs, townships, school or other incorporated districts or municipalities, all bonds issued or to be issued pursuant to such elections and the indebtedness represented by such bonds since April 29, 1903.

Requiring corporations to file a certificate with the governor that all reports required by the auditor general have been filed and that all taxes due the state have been paid before the improvement, amendment or alteration of the charter of any corporation.

Appropriating $20,000 for the state forest academy at Mt. Alton.

Bank Tax Bill Recommitted.

The bill authorizing taxation upon state banks and savings institutions, banking capital stock, classifying and providing a uniform method in determining actual value and imposing a tax thereon was recommitted to the committee on banks.

Among the bills introduced were the following:

Mr. Beidelman, Dauphin, providing for the appointment of special deputy game protectors for the state, who shall receive no pay for their services; appropriating $300 to revise the pamphlet containing the game, fish and forestry laws of the state.

Mr. Carson, Beaver, vesting in the superintendent of public instruction the power to grant to teachers certificates.

Mr. Laughlin, Philadelphia, providing that if the decree or order of court granting a liquor license shall be filed with the clerk of the court within 30 days of the commencement of the term, then the licenses shall have 15 days in which to pay the same.

Mr. Ross, Luzerne, making the chief burgess of a borough eligible to succeed himself, and authorizing him to preside at the annual meetings of council for organization for the election of officers and to cast their deciding vote when councils are equally divided.

Mr. Campsey, Washington, prescribing the method for street improvement and the construction of bridges in municipalities.

CHESTER D. POTTER.

WANT CASE REOPENED.

Relatives of John F. Erdlein of McKeesport Believes He Was Pushed Down Stairs.

The coroner yesterday was asked to reopen the case of John F. Erdlein, a boilermaker, who died at the McKeesport hospital Tuesday, as a result of injuries received by falling down stairs at Kerr's hotel, McKeesport. Mrs. Mary Dolan, a sister of Erdlein, told the coroner her brother was pushed down stairs.

The body of Ralph Rader of Winburne, Clearfield county, who was killed at Thirty-third street Tuesday, was identified at the morgue yesterday by his brother, William Rader. The body was sent to Clearfield county.

Louis Davis, aged 60, boarding at the residence of W. R. Weaver, Violet alley, East End, was found dead in bed yesterday morning. Heart disease caused death. He was a member of G. A. R. Post No. 41, and of the Union Veteran Legion. He was born in Neville island and had lived in this vicinity all his life. He is survived by his widow, one son and a brother.

The coroner last night was notified that Mary O'Conner, aged 80, had died at the home of her daughter, Mrs. Annie Walker, 1030 Forbes street, of heart disease yesterday afternoon.

Coroner Armstrong will hold the inquest in the deaths of the Ohio guardsmen who were killed on the Ft. Wayne railroad at Clifton, March 3, on Monday. There will be 20 witnesses brought from Cleveland to testify in the case.

WIDE APART ON MINING SCALE

Central Pennsylvania Operators Demand Reduction and Their Employes an Increase.

SETTLEMENT IS UNLIKELY

[Special Telegram to The Gazette.]

ALTOONA, March 16.—With a difference of 11 cents a ton in the price of pick mining between the scale presented by the miners of the Central Pennsylvania field and the amount the operators profess a willingness to pay, the chance for a settlement seems slight. The joint conference met tonight and organized and tomorrow will try to reach common ground. The scales were presented in the joint convention this afternoon.

The miners demand 66 cents a ton for pick mining, an increase of four cents over the present rate, and a flat differential of seven cents from machine mining in the scale they presented. Other demands are: For cutting, $3 18; helper, $2 54; motormen, $2 72; brakemen, spraggers, tracklayers, cagers, drivers, trip riders, pipemen, water boilers, $2 42; trappers, $1 82; all other inside labor, $2 42; blacksmiths, carpenters and engineers, $2 56; firemen, $2 25; coke men, 23 cents an hour, and laborers $1 75 for 10 hours. The scale also demands that 2 two and three per cent check-off be deducted from every man in and about the mines, and that a list be furnished the sub-district secretary of the amount opposite names and numbers every two weeks.

Operator James Kerr, talking for the operators, stated that keen competition of the West Virginia fields made it imperative that the miners accept a reduction, as the Central Pennsylvania operators were unable to run their mines profitably at the present rates. The operators then made the following proposition:

"Whereas, owing to the lower rates paid in the southern fields, the Central Pennsylvania field is unable to successfully compete with it in the eastern markets, as is evidenced by the fact that the southern rekon shows an increase in the tidewater tonnage for 1904 amounting to 1,428,000 tons, while this region shows a decrease of 1,150,000 tons, we demand, therefore, a reduction in pick mining to 55 cents a gross ton, with corresponding reductions and an equalization to such basis of all other labor done in connection with coal mining."

Both propositions were rejected. The whole matter was then referred to the joint scale committee.

MORE CANDIDATES NAMED.

Large Number of Persons Seek Places on Republican Ticket in Westmoreland County.

GREENSBURG, March 16.—(Special.)—Candidates were announced today for the Republican primary election on Saturday, April 15, and the list is the largest in years. Alexander D. McConnell, Harry F. Bovard and James H. Gallagher, have no opposition for judge of the common pleas court, treasurer and recorder of deeds respectively.

Two county commissioners are to be nominated, and there are four candidates: Hugh Price, George M. Earnest, W. D. Reamer and B. C. Shaffer. The race for director of the poor is again interesting, nine candidates having been announced for the three places on the ticket. They are: R. M. Loughrey, J. H. Murdock, Robert Bovard, C. W. Saxman, J. W. Armbrust, R. Laughlin, E. B. Stoner, J. F. Kettering and Thomas O'Brien. For coroner, Dr. C. A. Wynn, the incumbent, and Dr. James Harkins are the candidates.

THE THREE RIVERS

[Special Telegram to The Gazette.]

CINCINNATI, O., March 16.—At 6 p. m. today the Ohio river at Cincinnati was 38.5 feet and falling. Today's departures were: Henry M. Stanley, Pomeroy and City of Cincinnati, Louisville. The Peters Lee arrived from Memphis with a good trip, and will return on Saturday. She is the first boat from the lower rivers to arrive at Cincinnati harbor in many months. The towboat movements were: Arrive.—Tom Dodsworth, Exporter and Pacific No. 2 from Pittsburgh with tows of coal. They will turn back immediately with empties. The Boaz passed down with a large tow of coal for New Orleans. The J. B. Lewis arrived from the Kanawha with coal. The Henry Lowry arrived today with her second tow of crippled barges from points below between here and Louisville. These barges were carried away in the breakup and strung along the bank at many points. All of the empties will be taken to Pittsburgh. Clear and warm.

MIDDLEPORT—River 20 feet and falling. Up—Keystone State, 9 a. m.; Josh Cook, 4:30 p. m. Down—Cruiser, 1 p. m.; Joseph Walton, 6 p. m.; Coal City, 7:30 p. m. Clear and cool.

MARIETTA—River 12 feet and falling. Clear and pleasant. Keystone State due up at 9 p. m. Queen City down Friday morning.

WHEELING—River 11 feet 10 inches and falling. Cloudy and warmer. Down—Queen City, Cincinnati, 8 a. m.; H. K. Bedford, Parkersburg, 11 a. m. Up—Greenland, Pittsburgh, 4 a. m.; Lorena, Pittsburgh, 9 a. m. A Cincinnati diver is coming to assist in raising the sunken steamer Mildred at Dam No. 13, below Wheeling.

MORGANTOWN—River 8 feet 3 inches and stationary. Weather clear and warmer.

LOUISVILLE—River 10 feet and falling; 4 feet in canal, 17 feet 2 inches on falls and 44 feet 6 inches below locks. Weather clear and pleasant.

PARKERSBURG—River 12.5 feet and falling. Weather clear and mild. The Valley Belle left at noon for Middleport, the French for Creston and the Keystone State up at 7 p. m. for Pittsburgh.

GALLIPOLIS—River 28 feet and falling. Weather clear and pleasant.

STEUBENVILLE—River 10 feet 8 inches and falling. Weather warm. Down—Queen City. Up—Charles Jutte, Gleaner, Pioneer City, Lorena, Crescent and Rival.

OIL CITY—River 2 feet 11 inches and stationary. Weather clear and mild.

POINT PLEASANT—River 18 feet and falling. Weather cloudy and warm. Up—Keystone State, Josh Cook. Down—Greenwood, Joseph Walton.

WARREN—River 1 feet 5 inches and stationary. Weather mild. Ice gradually rotting and passing away in small blocks.

READY FOR IMPROVEMENT.

Bids for Building Ohio River Dams Will Be Asked Today.

Today will mark the beginning of the work which is to complete the construction of Pittsburgh harbor to Beaver. Maj. W. L. Sibert will advertise for bids for the construction of dams 2, 3, 4 and 6 in the Ohio river. They will be completed in two years.

Ice interfered with the movement of boats on the river yesterday morning, and the Ben Hur got in from Parkersburg several hours late. The Rose Hite, from Morgantown, did not get in until afternoon, as a log under the gate at Lock No. 8 had forced a suspension of navigation at that point for several hours.

The Keystone State, from Cincinnati, passed Middleport, O., yesterday morning, and will arrive here tomorrow.

The Lorena, from Zanesville, and the Greenland, from Charleston, will arrive this morning and leave this afternoon at 4 o'clock.

Announcement is made that C. W. Friend has taken the presidency of the C. Jutte Coal Company, O. W. Thomas, who occupied that position, has resigned to accept that of manager of transportation.

The Monongahela and Western dredge boat Eastern is working up the Allegheny. The Western is at Wellsville, O., engaged in work on a government contract for the T. A. Gillespie Company.

Wooster's Representatives in Debate

R. B. WALKINSHAW. LE ROY ALLEN. WM. W. GRAVES.

Wooster university is to be represented on Friday evening in its debate with Washington and Jefferson college by R. B. Walkinshaw, Le Roy Allen and Wm. W. Graves.

Walkinshaw is a native of Millwood, Pa., and a graduate of the Derry high school. He will graduate from Wooster next June. He is president of the oratorical association. Allen was born in Allegheny, Pa. He is a graduate of the Wooster high school and a junior in the university. Graves is a resident of Massillon, where he graduated from the high school in 1897. He is a member of this year's graduating class of the university.

MADE OFFER TO PUDDLERS.

Conference Was Held With a View of Ending the Strike at American Steel Hoop Mill.

YOUNGSTOWN, O., March 16.—(Special.)—A conference was held this morning between I. W. Jenks, general manager of the American Steel Hoop Company, and a committee of the striking puddlers, regarding going back to work. Mr. Jenks at first offered the men last year's puddling scale, which is about 25 cents above the scale price this year. The men said that they did not want that, but wanted only this year's scale of the association.

Immediately after the conference Vice President Richard Fitzgerald of the Amalgamated association conferred with the committee. He with other officers of the association are exerting every effort to keep the men in line, but the puddlers say that at a meeting of the puddlers' lodge next Saturday night the question of going back to work will be considered, whether the association sanctions it or not.

Guardsmen Ordered Arrested.

JOHNSTOWN, March 16.—(Special.)—Col. John S. Hare of the Fifth regiment, N. G. P., conducted a courtmartial here last night, owing to 12 men failing to appear at the inspection of Company H, February 23. Only six came for trial, and the evidence was sent to the adjutant-general. The others were ordered arrested and placed in jail.

WITNESSES SUMMONED.

Investigation of Charges Against Former Gov. White Will Commence Tomorrow.

CHARLESTON, W. VA., March 16.—(Special.)—The house committee appointed to investigate the official conduct of former Gov. A. B. White, has summoned 10 witnesses to appear before the committee next Saturday upon request of Ex-Gov. MacCorkle, who was appointed by the committee to conduct the prosecution.

The witnesses summoned are Gov. Dawson, Ex-Gov. White, Gen. T. L. Boggs, Duncan McRae, former chief clerk to the secretary of state; John Baker White and J. M. Matthews of the Tribune Printing Company; state Senator Caldwell, United States District Attorney Reese Blizzard and United States Marshall C. D. Elliott, of Parkersburg. Attorney George W. McClintick of this city will represent Gov. White.

Canton Board of Trade Banquet.

CANTON, O., March 16.—(Special.)—The annual banquet of the Canton board of trade was held this evening in Canton's new auditorium. About 400 persons were present. President Zollinger of the board was toastmaster. The toasts were: "The Board of Trade, How Long Will It Last?" J. J. Grant; "Problems Solved and Unsolved," the Rev. Dr. S. K. Mahon of Massillon; "Major Deficit in Modern Commercialism," the Rev. Dr. Isadore Philo of Akron.

DYING BOY SAYS MOTHER TOLD HIM NOT TO TELL

Second Victim of Brutal Crime Dies Without Revealing Details of Terrible Deed.

[By Associated Press to The Gazette.]

WEST CHESTER, March 16.—Dominick Deluca, the 10-year-old boy who was beaten and kicked into insensibility at the same time his 5-year-old sister Mary was abused and killed in an old blacksmith shop in Howellsville Tuesday night, died today in the Chester county hospital. Before dying, he said: "Mother told me not to tell. She said if I did I'd be killed. There was a fight in the house. Mary ran out and I ran after her. A man followed us—"

At this point the boy stopped and in answer to further questioning muttered his first statement that his mother told him not to tell. He died without throwing any more light on the crime. District Attorney Lack said today:

"There are three theories the authorities are working on. One is that the children were killed by a fiend who wanted to wreak vengeance on the parents; the second, that the children were slain because they had witnessed a crime perpetrated in the house, and the third that the little girl had been assaulted by a brute, who being detected in the attack by the brother, killed him also to remove the only witness of the crime."

Four Victims of Accidents.

JOHNSTOWN, March 16.—(Special.)—Washington Wanbaugh and Emanuel Hull died at the Cambria hospital today as the result of the locomotive explosion at Bolivar last night. John L. Ribblett was killed in the explosion. F. M. Fox, a Pennsylvania railroad brakeman, was struck by a train and killed today at New Florence.

Sharon Man Accused of Forgery.

ERIE, March 16.—(Special.)—Harry Linn, who says his home is in Sharon, has been arrested here charged with attempting to pass a forged check for $55. A message from Jamestown, N. Y., says that he obtained cash on a $95 forged check there and that he is wanted in other New York cities.

New Dean is Elected.

MORGANTOWN, W. VA., March 16.—(Special.)—The regents of the West Virginia University in session today elected Prof. Ross Spencer dean of the School of Music. Among other orders made by the regents was one increasing the salary of full professors to $2,000 a year, and providing for increases until the salary shall be $2,200.

Pleaded Guilty to Manslaughter.

STEUBENVILLE, O., March 16.—Joseph Davis, aged 17, who was indicted jointly with Mrs. Jennie Owens, aged 48, for the murder of Calvin Owen at Dungeon Hollow last October, pleaded guilty to manslaughter this evening and was sentenced to the Mansfield reformatory.

LACK OF TESTIMONY MAY SAVE JOHNSON

Commonwealth Unable to Cover One Minute of Time During Quarrel With Son-in-Law.

[Special Telegram to The Gazette.]

NEW CASTLE, March 16.—An interval of one minute in the testimony adduced by the commonwealth in the murder trial here of Frank Johnson, who on January 11 shot and killed his stepson, Frank Genkinger, may save the defendant from the gallows.

Johnson pleads self-defense, having from the first stated that Herman was attacking him when he shot. This is denied by the commonwealth, but the state is unable to summon the accused's wife to testify, and she is the only eyewitness except little 8-year-old Rose Genkinger, sister of the murdered boy.

The commonwealth has not been able to produce testimony to cover about one minute of the incidents just before the shooting, which Mrs. Johnson could give. Today little Rose testified that Johnson threatened on the day of the shooting to kill anyone who interfered with him. Rose said her mother pleaded with Johnson not to shoot just before he drew his revolver and shot her son through the heart.

Rose's testimony on all other points is corroborated by other witnesses for the commonwealth, and the state hopes for a first degree verdict. The case will not likely go to the jury before Saturday. Johnson appears confident.

Dr. John McCormick Ill.

GREENSBURG, March 16.—Dr. John McCormick of Greensburg is in a critical condition at a Philadelphia sanitarium. Yesterday he had a stroke of apoplexy. His brother, the Rev. Samuel B. McCormick, chancellor of the Western University, left last night for his bedside.

Woman Found Not Guilty.

EBENSBURG, March 16.—(Special.)—The jury in the case of Mrs. Susie Benyo, the Slavish woman accused of poisoning her husband, Frank Benyo, in Johnstown last January, returned a verdict this evening of not guilty.

STATE AND NEIGHBORHOOD.

CUMBERLAND, MD.—Thomas Corsi, a young farmer near Elkins, W. Va., attempted to commit suicide by cutting his throat. He was disheartened because his peach crop had been killed by the recent cold weather.

JEANNETTE—William Byerly, a paperhanger of Fort Pitt, aged 38, drank laudanum Wednesday evening and died yesterday from the effects of the poison. His mother, Mrs. Rosa Byerly, died last week and he had been despondent.

YOUNGSTOWN, O.—Yesterday afternoon the bricklayers and the masons' union agreed with the contractors on a 55-cent an hour wage basis. The stationary engineers in the breweries have obtained an eight-hour instead of a 12-hour day.

CUMBERLAND, MD.—The Rev. A. C. Blake and wife have discontinued their revival services in Wilsenburg, W. Va., after giving the town a moral cleaning. More than 250 persons were converted, including a saloonkeeper, who closed his rumshop.

Leever's Yanigans Went to Defeat—Young Players Show Up in Fine Style.

THE PITCHERS TOOK IT EASY

[Special Telegram to The Gazette.]
HOT SPRINGS, March 16.—Captain Fred Smith and Captain Sam Leever, who will be bitter rivals for a fortnight, respectively captained the Regulars and Yanigans in the Pirates' first exhibition game this afternoon. The eight-inning struggle fairly bubbled over with good humor, and as it appeared to be a foregone conclusion that the sage of Goshen would be terribly in earnest, the major portion of the bantering was directed toward him.

Case umpired and was subjected to abuse that under ordinary circumstances would precipitate a small riot in the average National league park. Smith twitted Leever occasionally, particularly when the Yanigans were hopelessly in the rear, when he suggested to Sam that he change the tactics and play like he was playing for keeps. Smith sent Lindaman up, but when he tried his old trick of changing, by substituting Holmes in the fourth, Leever also took out Goodwin and sent Lynch into the box. It was a change for the worse with Sam Leever, for Mike had not yet located the plate, and nearly all the Regulars who were passed to the first sack managed in one way or another to complete the circuit.

The twirlers did not draw on their reserve steam, and as a consequence there was plenty of work for the outfielders. Some long hits were made, Beaumont excelling in stick work with three safeties out of five times up. He was robbed of a fourth by a sensational leap by Heine Peitz, who drew down a hot liner. Heine also wielded a nasty stick, covered several acres around the first sack and was full of ginger always.

Fred Clarke's ambition to drive out the first four-sacker of the year brought him to grief, and incidentally put Flaherty to the bad for a few seconds. Flaherty went hill climbing for the fly and had a fall, with no serious after results, however, and he managed to throw Fred out at the plate.

Hillebrand did nice backstop work, and his throwing was very accurate. Clymer, Howard and Clancy all played well in both batting and fielding departments. It was about an even thing with Lindaman and Goodwin as the opposing twirlers, but the hitting was livelier when the changes were made.

Lynch's two gifts, followed by Clymer's single, gave the Regulars two runs and the lead in the fifth, and two more walks, alternating with safeties by Clancy and McBride, resulted in another pair in the sixth. Leever made a bold bid for a brilliant rally when he opened up in the seventh with a long drive for two sacks, but the next three players went out in order. In the next innins, Holmes presented Howard with a base, and he finished the circuit on Smith's double, Smith scoring on a single by Peitz. It was a close score, and Clarke suggested calling the game at the seventh when there was a slight drizzle that was scarcely perceptible. Leever demurred, and another inning was played, shattering the hopes of the Yanigans.

Tommy Leach drove out a long triple and Ritchey followed with a single. McBride walked, and Holmes cleared the sacks with a two-bagger, the biggest hitting three runs. Wagner is expected to join the team tomorrow or Saturday. Score:

POOL SELLING A FELONY.

Missouri Senate Adopts Bill That Is a Strict One.

JEFFERSON CITY, Mo., March 16.—The senate today accepted the house bill making book making and pool selling anywhere in Missouri a felony, punishable by a fine and two years' imprisonment. The bill will now go to Gov. Folk for his signature, and will doubtless become a law, as the governor made the provisions for the bill the subject of a special message to both houses of the legislature. The breeders' law, which allowed book making and pool selling on horse races in certain enclosures, was repealed several days ago.

The measure adopted today will, if it is signed by the governor, place a ban on book making throughout Missouri, both on races run in Missouri and elsewhere, so far as the betting in Missouri is concerned.

"DUMMY" TAYLOR UMPIRED.

Presided Over a Ball Game and Was Armed With a Bat.

BIRMINGHAM, ALA., March 16.—(Special.)—Baseball fans of this city today saw for the first time a voiceless man officiate as umpire. Luther Taylor acted as arbiter of play after Jack Munroe, the Montana miner, who was present, had refused to again become a target for the raillery of the New York champions.

Killen Will Have the Job.

SHARON, PA., March 16.—(Special.)—At a meeting of the promoters of the Carnegie baseball team last night it was decided to appoint a manager at once and organize the club. Frank Killen of Pittsburgh will be the man. The salary list will amount to about $1,200 or $1,400 a month.

Franklin Passers on a Trip.

FRANKLIN, PA., March 16.—(Special.)—The Franklin Y. M. C. A. basketball five will leave tomorrow on a two-day trip, playing at Youngstown on Friday night and at Sharon on Saturday night.

WHAT THE INDEPENDENT PLAYERS ARE DOING

There are letters at this office for "Pat" Briney and Johnnie Yoedt.

William Lavelle, middlefielder for Pottsville last year, has been signed by Lebanon.

The Philadelphia Athletics are trying to get Pitcher Applegate from the Williamsport Tri-State league club.

John W. Schramm of Perrysville, Pa., wants on some local amateur team. He plays either the infield or outfield and bats lefthanded.

Manager Hammerly will have Pitcher Stewart, Catcher Boulden and Outfielder Southern, last year with Canonsburg, on his new Westinghouse team.

Joe Phillips, the Waynesburg pitcher, is wanting advance money from the Rochester Eastern league club before reporting. He has been notified to join the club at Lexington, Ky.

Pitcher Harvey Hollis denies signing with Homestead. It is his brother Jim who has signed. Harvey Hollis has not attached himself to any club as yet, but is in a receptative mood.

Jim Pastorious, the South Side southpaw pitcher, has not signed with Brooklyn as yet. He balks on the salary offered. He will sign with an independent team unless Brooklyn comes along with the money.

Milt Montgomery, who is to manage the Fairmont, W. Va., team, last night signed Charlie DeMoss to play the infield. DeMoss is one of the best independent players on the circuit. Three years ago he captained the Wiles team, which won the independent championship of Ohio.

FINISHES WERE VERY EXCITING

New Orleans Race Goers Were Treated to Some Fine Sport at the Track.

WILL CONTINUE THE MEETING

[Special Telegram to The Gazette.]
NEW ORLEANS, March 16.—In accordance with a telegram received this afternoon by Steward Charles S. Bush from Harvey Woodruff, secretary of the Western Jockey club, that body had granted permission for the fair grounds meeting to extend its meeting over an additional week, the New Louisiana Jockey club, first aid of bringing the local season under the auspices of the Western Jockey club to a close on Saturday next, will continue to race up to and including March 25.

Secretary Clarke further enhanced his reputation as a skillful adjuster of weights by getting a three-heads finish in the seven furlong handicap for three-year-olds. Kittie Platt, Zeus'chon and Trapper breasted the line in a beautiful finish. The speculation as to the probable winner was confined to these three, although Lightnote and The Trifler also started to make up the field of five.

The day's racing was the best in some time, four of the events being won by heads or noses, and in two races the first three finished heads apart. Betting was lively and by way of variation the public received the worst of it, as but one favorite—Isabella D.—won, although well played second choices were to the fore. The sulky Reticent furnished a heartache for the talent in the third, for, after being backed from 4 to 1 to 3 to 2, he refused to break and was left, the race going to Sid Silver, who won by a nose from Felix Mozes, who was a head in front of Thespian. Reticent was ordered placed on the schooling list. Summaries:

First race, mile and a sixteenth—Mezzo, 100, M. Murphy, 8 to 1, won; Dr. Stephens, 107, Seder, 5 to 2, second; Velos, 104, E. Rice, 5 to 1, third. Time, 1:50.

Second race, six furlongs—Ed. Early, 90, Seder, 50 to 1, won; Hauran, 109, J. Martin, 8 to 2, second; Mr. Jack, 112, Baird, 25 to 1, third. Time, 1:14 3-5.

Third race, three and one-half furlongs—Black Eyes, 92, E. Rice, 9 to 1, won; Wagstaff, 100, Baird, 5 to 1, second; Hand Bag, 99, Aubuchon, 4 to 1, third. Time, 43 2-5.

Fourth race, seven furlongs, handicap—Kittie Platt, 112, Aubuchon, 3 to 2, won; Escutcheon, 112, J. Martin, 13 to 5, second; Trapper, 119, Dominick, 9 to 5, third. Time, 1:26 4-5.

Fifth race, mile and a sixteenth—Montpelier, 102, Shaver, 9 to 2, won; The Huguenot, 112, J. Martin, 11 to 5, second; Mamie Hanlon, 100, Baird, 12 to 1, third. Time, 1:47 2-5.

Sixth race, six furlongs—Opinion, 101½, Shaver, 9 to 2, won; Mon Amour, 105, Bliss, 10 to 1, second; Clique, 105, Aubuchon, 4 to 1, third. Time, 1:15.

Seventh rave, 5 furlongs—Arch Oldham, 105, McMullen, 6 to 5, won; Whippoorwill, 105, Schilling, 3 to 2, second; Stella Allen, 90, M. Murphy, 7 to 1, third. Time, 1:01 3-5.

HANLON HAS TROUBLE.

Jimmy Sheckard and Other Players Will Jump to Lancaster.

NEW YORK, March 16.—(Special.)—The troubles of the Brooklyn club are increasing. Jimmy Sheckard has sent an ultimatum to Hanlon demanding a certain salary, which it is certain he won't get. Sheckard has come to terms with the Lancaster club of the Tristate league, an outlaw organization. Upon receipt of the expected refusal of the Brooklyn club he will sign with Lancaster at a figure already agreed upon.

To add further to Hanlon's troubles, Sheckard has further promised to secure for the Lansaster club a catcher and an outfielder, who have refused to sign Brooklyn contracts at the salary offered. Infielder Owens is under contract to Brooklyn, but he has announced his intention of quitting the league club after the first month of the season and signing with York, Pa. He has drawn advance money from Brooklyn and says he will play there only long enough to cancel the obligation. Victor Willis, the tall pitcher of the Boston Nationals, also threatens to balk. He has agreed to play with the York club if Boston does not give him a better contract than the one he now has and declines to sign.

New Trap Shooting Record.

DES MOINES, IA., March 16.—At the Iowa State Sportsman's association tournament today W. H. Heer of Concordia, Kas., established a new world's record for the open tournament trap shooting by breaking 307 targets without a miss.

PITTSBURGH COLLEGE IS PRACTICING ON THE CAMPUS

Eleven Men Out Doing Baseball Work. Lates Events in School and College World.

The pleasant weather of yesterday brought out the baseball enthusiasts. Many youngsters lined up on vacant lots to whip the ball around, and those who could not get on a field took to the streets, where it was possible to evade the minions of the law.

The Pittsburgh college baseball candidates were on the campus yesterday for the first time. The afternoon was spent in hitting flies to the outfield. Eleven men reported, as follows: Capt. Ralph Hays, Duffy, Brennan, Gastmyer, Harrel, Engle, last year with East Liberty academy; Sweeney, Keating, Donaldson, Dougherty, McCaffery.

Tom Uptegraff will take his Shadyside academy hopefuls to the outdoors next week if the weather permits. The candidates continued batting practice yesterday under Coach Young.

East Liberty academy will probably start outdoor work this afternoon.

The U. of P. baseball candidates are on Franklin Field. In James Cole, who has reported, the squad has another catcher. He was on Princeton's scrub two years.

At a mass meeting of the Columbia students, K. M. Spence, 1906, was elected manager of next season's hockey team, and H. P. Applington, 1907, assistant manager. R. L. Von Bornuth, 1906, and A. J. Akin, 1904, were chosen as graduate directors.

The interscholastic championship will be played on the links of the Garden City Golf club on May 25, 26 and 27. Fred Herreshoff, runner-up in the amateur championship last year, is a student at Hill school, and is likely to enter. Harold Wilcox, the metropolitan champion, may also take part. Jerome D. Travers, the present interscholastic champion, is not eligible to play this year.

Ten of the candidates who are in training for the Cornell baseball nine have been measured for suits. While this does not insure final choice, it indicates the probable make-up of the team for the season. The men measured were L. C. Welch, '06; C. H. Bigelow, '07; E. S. Brown, '07; L. C. Champion, '08; J. Deshon, '06; T. A. McCarthy, '06; P. Martin, '08; S. C. Preston, '06; L. J. Rice, '07, and W. L. Umstad, '06. There are still thirty-four men in the squad after the last cut of a few days ago, and fifteen will be taken on the southern trip.

Finneran, a well-known track athlete and member of the Knickerbocker Athletic club of New York, has been engaged to coach the field and track team of the Midshipmen this season in place of Bernard J. Wefers. The Midshipmen will have a dual meet with Lafayette May 6.

The Princeton wrestlers are working under the instruction of Coach Feagles. The first match will take place tonight with Yale, and another dual match with Cornell has been scheduled for March 30. Manager Scott is now arranging for wrestling matches with Pennsylvania, Columbia and Pennsylvania State college, to take place later in the spring. The club has been recognized by the Princeton University Athletic association and the following officers have been elected: President, A. B. Gaines, '05; vice president, F. B. Leforge, '05; manager, A. H. Scott, '06.

"Bill" Reid, captain fo the victorious 1901 Harvard eleven, and the man who has been engaged to coach the Crimson football team, has arrived in Boston. He took up his duties at once. Daniel A. Newhall, '06, has been elected captain of the Harvard hockey team for next year. Newhall played cover point on this year's champion Crimson seven.

The candidates for the W. U. P. relay team are working daily under James McCormick, the temporary captain. The indication is that W. U. P. will have a good team.

Joe Thompson will probably coach the Pittsburgh High school relay team, which will compete in the U. of P. meet at Philadelphia April 24.

Horace Davis, manager of the Washington and Jefferson baseball team, will be one of the debaters for the red and black in the intercollegiate contest with Wooster university tonight at Wooster O. J. M. Helmberger and D. W. Donaldson will also be in the W. and J. team.

Notre Dame will open its baseball season May 1, playing Wisconsin at Madison. This game will be followed with contests at Beloit, Lawrence, Appleton, Wis., and Kankakee, Ill. The schedules:

May 1—Wisconsin at Madison.
May 2—Beloit at Beloit.
May 3—Lawrence at Appleton.
May 5—St. Viateura at Kankakee, Ill.
May 29—Ohio State at Columbus, O.
May 30—Indiana at Bloomington.
May 31—Purdue at Lafayette.
June 1—Wabash at Crawfordsville.
June 2—Illinois at Champaign.
The home dates will be announced later.

Clearwater Won This Match.

SHARON, March 16.—(Specialy.)—Ex-Pool Champion Clearwater last night at South Sharon defeated Frank Yoho of Sharon 150 to 84. Clearwater was to have played 150 to Yoho's 100. Yoho had high run with 29 balls.

BROKE ALL RECORDS.

Workmen at Homestead Mills Eclipsed any Previous Attempt in Rolling Finished Steel Plates.

All previous records for rolling finished boiler plate steel were broken by the new 140-inch mill at the Homestead steel works Wednesday night, from 6 in the evening until yesterday morning.

The night turn rolled 449 tons and the day turn 360 tons. The plates are being made for a firm in Japan, and a special premium is offered if delivered within a specified time.

The best previous record was held by the Homestead mills, but the run just completed has never been equaled. Several thousand cigars were distributed among the workmen by the management.

Rural Routes Recommended.

WASHINGTON, March 16.—(Special.)—Representative Cooper of Uniontown has recommended the establishment of free rural delivery routes at Rutan, Spraggs and Pine Bank, in Greene county, Pa.

CLEVELAND BOXERS CARRIED OFF HONORS

Pittsburgh Amateurs Were No Match for Lavack's Fighters—Big Crowd at Bouls.

A crowd that filled the Star theater turned out to witness the Cleveland-Pittsburgh inter-city boxing bouts last night, a great number being attracted no doubt by the advertised contest between Dick Given of Homestead and Johnny Lavack of Cleveland. The authorities do not allow professionals to box here and the bout was called off. Given went on with Joe Quinn of Lawrenceville, depending on his right hand (His left having been disabled), but he put the right out of business at the first punch, and consequently could do nothing but fiddle and bluff during the remaining rounds. If knockouts and gore count for anything, the rest of the show was a success. Young Manuell, the Penn avenue favorite, was carried to go on with Kid Brock, but a boy named Manning stepped in instead and the substitute went to sleep in short order early in the second round, from right and lefts to the jaw.

In the 125-pound class Jimmy Clark opposed Mike Sullivan of Cleveland, and although Clark can hardly be classed among the best Pittsburgh amateurs, he did well until the fourth round, when stomach blows made him sick and a short left to the jaw sent him to dreamland. The police do not have the fighting fraternity down fine, and Bert Wing, the Cleveland fighter of some reputation, and who has fought at Star and Garden, got around the ban and went six rounds with Jimmy Frazier. Frazier gave a good account of himself and gave as good as he got and was on even terms with Wing at the end of the bout.

St. Aloysious Team Is Champion.

Nearly 600 people saw the St. Aloysius Literary society of Sharpsburg defeat the Sharpsburgh Y. M. I. at the latter's rooms last evening in the last of the three pool games for the championship of the borough. St. Aloysius had won a previous game in the series and was declared champion. UNITE WORK AND PLEASURE.

Members Attending the Convention of the Ohio Gas Light Association Have Busy Day.

After hearing papers read and discussed bearing upon matters of importance to the gas business, the members of the Ohio Gas Light association, who are in convention at the Hotel Schenley, attended the Alvin theater last evening in a body.

At the morning session E. D. Johnson spoke on "Installation and Care of Exhausters." Irvin Butterworth, as editor of the "Progress Department," brought out a number of interesting contributions. W. H. Hammon spoke on "Piping Gas Long Distances." C. W. Andrews submitted the report of the committee on standard sizes of coke. J. D. Shattuck, H. A. Carpenter and J. O. Johnson, as the committee on "Flow of Gas in Pipes," submitted their report.

"Uniformity of Gas Meters" was the subject of a report from Alten S. Miller, Donald McDonald and R. Shacklette that opened the afternoon session. B. W. Perkins as editor of the "novelty advertising and new business" department, made his report. "Fuel Economies" were discussed by C. H. Williams, and Henry L. Doherty conducted the question box. A business meeting this morning and a trip in the afternoon to Homestead, East Pittsburgh and McKeesport will end the convention.

PIPE LINE HELD UP.

Right-of-Way Is Refused the Prairie Oil & Gas Company in Illinois by County Supervisors.

PEORIA, Ill., March 16.—The board of supervisors of Peoria county have refused the Prairie Oil & Gas Company, the Kansas branch of the Standard Oil Company, permission to lay its pipe line from Kansas to Indiana across certain highways in the northern part of the county.

Unless the supervisors can be induced to reconsider the decision the men now connecting the line will have to stop work and the company will find itself with a gap in its lines which it cannot legally close. The boards' refusal to grant the desired permission was based on an assertion that the authority lay with the highway commissioners of the territory affected.

Former Pittsburgher Killed.

NEW YORK, March 16.—(Special.)—Joseph Zelgel, buyer for a Sixth avenue department store, was killed by a Broadway street car at Union square today. He came from Pittsburgh two months ago, where he was a buyer for the Joseph Horne Co. Motorman Rutledge was arrested, charged with homicide. Spectators grew so excited on hearing the dying man's screams, they tried to lift the car from his body.

Lectures for Teachers.

Beginning tomorrow morning, lectures will be given each Saturday morning at 10:30 o'clock during the university year in the psychology laboratory of the Western University of Pennsylvania for the benefit of public school teachers in Pittsburgh and Allegheny and surrounding territory.

Secretary Fisher on Sick List.

George N. Fisher, secretary of the Matinee club of Pittsburgh and Allegheny, had an operation performed upon him on Wednesday. Secretary Fisher, while a very sick man, is not considered in a serious way. As much of the big things planned for Brunots Island this year is under his management, a protracted illness would affect matters all around.

FAIRMONT WINS GAME FROM GREENFIELD SEVEN

Alan Bright Shoots Only Goal for the Losing Team—Phillips Gets Two Into Cage.

Last night at Duquesne Garden the Fairmount seven won from the Greenfields by the score of 2 to 1. Bright of Pittsburgh high school shot the only goal for Greenfield, and Phillips shot both of Fairmont's. Lineup:

Fairmont—2.		Greenfield—1.

Dunlap	Point	Roney
Crookston	Cover Point	H. Wuerthle
Gaskell	Center	C. Wuerthle
Phillips	Right Wing	Bright
Hornberger	Left Wing	Pringle

Goals—Phillips, 2; Bright, 1. Referee—Stone.

The National Hockey team of Allegheny will play the Allegheny High School team at Duquesne Garden on March 23. The Nationals defeated Allegheny High School 2 to 0 early in the season. Lineup:

Nationals.		A. H. S.
Witherspoon	Center	Doak
Shuman	Cover Point	Hatcher
Reineke	Right Wing	Reed
Brown	Left Wing	Keenlan
Rodgers	Cover Point	Oliver
Jeffers	Point	McVicker

COATESVILLE'S CHANCE.

Almost Assured Fact It Will Be Admitted Into the Tri-State League.

HARRISBURG, PA., March 16.—(Special.)—The schedule committee of the Tri-State Baseball association has been in session here all day. The committee is at sea and cannot work satisfactorily on account of the incomplete circuit. Some of the members want to work on a six-club basis, while others were in favor of continuing upon the eight-club plan. It is nearly an assured fact that Coatesville will be admitted, provided it can show any strength.

If the league drops to six clubs there will be a combination of Lebanon and Lancaster, with chances in favor of the latter city. If the combine is made Manager Kelchner is likely to be invited to handle the club, transferring his players to Lancaster. The men he has secured, with a few additions, will give Lancaster a good nine and would settle all the trouble in the circuit. The league will meet here tomorrow to receive the report of the schedule committee.

IS BUYING IRON.

Pittsburgh Steel Company Said to Be in Big Deal Now on—Block Sheets Advanced.

The Pittsburgh Steel Company, independent wire manufacturers, is said to be the concern which has under negotiation a deal for over 100,000 tons of Bessemer pig iron. The report that the Jones & Laughlin Steel Company is the concern trying to buy was denied yesterday by President B. F. Jones.

The deal between the Pittsburgh Steel company and the Republic Iron & Steel Company late last July, which caused so much commotion on account of its open reduction of the association prices on billets, has caused more than ordinary interest to center in the prospective purchase. Nothing of the kind is expected at present, however, because of the radically different conditions in the iron and steel market.

The American Sheet & Tin Plate Company has advanced the price of black sheets $2 a ton, making the price of No. 28 gauge $2.40, a 100 pounds. This increase equalizes the prices of black sheets with galvanized, which were advanced February 9.

SPOKE ON EDUCATION.

President Thwing of Western Reserve University Tells of Attributes of Learning.

"The Five-Fold Education" was the subject of a lecture by the Rev. Dr. Charles F. W. Thwing, president of the Western Reserve university, before the pedagogical section of the Academy of Science and Art in the conservatory of music last night.

Dr. Thwing dissected his subject under the sub-divisions of "Education as the Creator of the Thinker," "The Builder of a Big Heart," "The Making of an Efficient Man," "The Encouraging of a Sense of Appreciation," and "The Former of Whole and Sound Character." The speaker told how education is the foundation for these attributes, and received the attention of a good sized audience.

Tax Levy Reduced One Mill.

At the third special meeting of Rankin council since reorganizing for the year the tax levy was yesterday fixed at 8 mills, a reduction of one mill. A new water ordinance which will be in effect for 10 years was passed. Another important ordinance, which has passed second reading, is a measure granting a franchise to the Central District & Printing Telegraph Company to put in conduits through Rankin.

Pittsburghers to Erect Plant.

NEW CASTLE, March 16.—(Special.)—Pittsburgh capitalists are trying to purchase 400 acres of land at Coverts station, three miles west of here, for a gigantic open hearth steel plant. The negotiations are for the Byers, Walters and Pitzer farms bordering on the Mahoning river and the Lake Erie and the Baltimore & Ohio railroads.

WELL! WELL!
The Hotel Antler will present to all patrons of the dining-room today a handsome St. Patrick's carnation.

ALTOONA BEATEN BY SOUTH SIDE

Pittsburghers Get Big Lead, but Has It Broken Down by the Mountain Passers.

HOME FIVE BEATEN 28 TO 23

[Special Telegram to The Gazette.]
ALTOONA, PA., March 16.—The South Side Pittsburgh basketball team had its hands full tonight to defeat the Altoona five. In the first half the Pittsburgh team ran away from the locals, ending with the score 2 to 19. Altoona then made changes in the line-up and before five minutes had been played had galled on its opponents, the score being 19 to 16. After this Southside played strictly on the defensive, the game being in doubt until it was finished. It was by far the greatest game ever played in the cage this season. The line-up:

Altoona—23.		South Side—28.
McNevin	Forward	Linnahan
Hargreaves	Forward	Hunt
Roth	Center	Nickel
Tomlinson	Guard	Seibel
Zimmerman	Guard	Windeknecht

Substitutions—Holmberg for Tomlinson, Fyerling for Hargreaves, Whitesell for Nickel. Goals from field—McNevin, 2, Hargreaves 1, Roth 2, Wyerley 2, Linahan 4, Seibel 3, Windeknecht 1. Goals from foul—Roth 5, Linahan 12. Fouls called, Three A's 17, South side 13. Referee—Bob Kelly of Pittsburgh. Timekeeper—Roberts and Bigley. Time—Twenty-minute halves.

FAVORITES' BAD DAY.

Long Shots Carried Off the Races on Oakland Track.

SAN FRANCISCO, March 16.—Not a favorite won today at Oakland. Pickaway, which finished third in the second race, was the only strong favorite to get in the money. Summaries:

First race, 1⅛ furlongs—April's Pride, 108, Jones, 9 to 2, won; I'm Coy, 107, Davis, 5 to 2, second; Superstition, 108, McBride, 20 to 1, third. Time, 58⅘.

Second race, 5 furlongs—Hillsborough, 122, Walsh, 10 to 1, won; Tam O'Shanter, 130, Tullett, 6 to 1, second; Pickaway, 125, Davis, 2 to 5, third. Time, 1:03⅕.

Third race, 1 lie—Teufel, 100, Stewart, 10 to 1, won; Shellmount, 108, Birkenruth, 2 to 5, second; Foxy Grandpa, 103, Davis, 3 to 1, third. Time, 1:47.

Fourth race, 1 mile and 20 yards—Modesty, 106, Fountain, 5 to 1, won; Dora I, 102, Perrine, 3 to 1, second; Barney Dreyfus, 105, Birkenruth, 5 to 1, third. Time, 1:48.

Fifth race, Futurity course—Grenore, 109, Perrine, 7 to 2, won; Gloomy Gus, 109, Jones, 8 to 1, second; Saccharate, 102, Knapp, 5 to 2, third. Time, 1:13⅘.

Sixth race, 6 furlongs—Collector Jessup, 111, Michaels, 7 to 1, won; Delago, 109, Teoman, 8 to 1, second; Southern, 106, Miller, 4 to 1, third. Time, 1:16⅕.

Bowling Records Were Broken.

MONONGAHELA, March 16.—(Special.)—All local bowling records were broken by the wonderfully high score made by Richard Blackmore in a match game here last night. With nine straight strikes and one spare in the frames and two extra balls allowed by the last strike, Blackmore made the score 279 points, being his past high score by 25 points, and beating the record of the alley 17 pins. Blackmore is a member of the Star bowling team.

AMONG THE PASSERS.

The Spearmore Reserves will play the Trinity A. C. Saturday night at Philpy's gymnasium. The Bolger club will play the Lawrence All-Star aggregation at Duquesne school hall Saturday night.

The Young American Juniors of Homestead have Saturday night open. Call up 1322 Court, or 2267 Main and ask for Alex Brown.

This evening at E. L. A. the Trinity five will line up against the Point Breeze team.

PLANS AN ATTACK ON NEW ORLEANS

One of Castro's Advisers in Pamphlet Writes of Invading Mississippi Valley.

THE SITUATION GROWS TENSE

(Associated Press Correspondence.)

WILLEMSTAD, ISLAND OF CURACOA, March 9.—According to trustworthy advices received here the situation in Venezuela is unchanged both internally and as to foreign affairs, except that the relations between President Castro and the various legations at Caracas are a little more strained.

Castro's attitude is reflected in a pamphlet just issued through one of his advisers, Col. Juan Bautistia Lanedo in which plans for sending 30,000 Venezuelans against New Orleans are disclosed. The pamphlet urges the public to avenge the insults offered to Venezuela by the Americans, and declares the invasion of the Mississippi valley would be the most effective means of curbing the power of the United States.

The following is an extract from the pamphlet:

Perhaps 30,000 Venezuelans, bearing the glorious national banner, that very banner whose floating folds illuminated the waters of the La Platta with the splendor of the Venezuelan fatherland to the echoes of the clarions of Carabobo, of Bombona and of Ayacucho would be today sufficient to wash away the insult which our glorious flag has received from North America, in the very waters of the Mississippi.

Would Cross Other Countries.

Cundunourca is not more distant from Venezuela than the hostile land, and the territories which we have to cross in order to arrive there are almost of the same fatherland. Colombia, the first of these, will readily open its frontiers to give passage to the sons of Bolivar, as well as Costa Rica, Nicaragua and Mexico, the fatherland of Juarez, the feared of France, and by Europe for his formidable and terrible patriotism. There can be no doubt that our Latin brothers would willingly open the way for the army of Venezuela, in order that the sons of Washington should not be allowed to believe themselves more valiant and warlike than the sons of Bolivar.

This may seem to many a utopian vision, but when we reflect that the North American squads cannot operate in the forests and that traders will always be traders, inept and cowardly in feats of heroism, our hearts swell within us and we are willing to take our stand in the vanguard, among the distinguished heroes of the new world who have once more to prove that Venezuela is immortal and is the first to take up the glove which is thrown down today to the whole of Spanish America.

Like a Chinese Army.

Practically all of Castro's army is made up of men from the Andes; most of them part Indian. Their appearance is not unlike that of a Chinese military organization. Their weapons kick so badly that the men do not hold them to their shoulders and they shoot without taking aim.

Foreigners say there is not a gunner in the whole Venezuelan army who knows how to shoot the new French six-inch guns which Castro has mounted at Porto Cabello. Castro has also mounted six new French six-inch guns and a number of small guns on the heights overlooking Proitello and LaGuira, and has available three small coast defense vessels.

Brazilian papers are advocating intervention by the United States and the South American press is less caustic in its criticisms of American interference in the affairs of southern republics.

POLICY IS FIXED FOR PHILIPPINES

Secretary Taft Says Islands Will Be Definitely Retained by Uncle Sam.

INDEPENDENCE VERY REMOTE

[By Associated Press to The Gazette.]

WASHINGTON, March 16.—In order to allay any misapprehension relative to the policy of the administration with respect to the future of the Philippines, Secretary Taft today made public the text of a letter which he wrote to John N. Blair of New York, bearing directly on that subject. The secretary states very plainly that the policy of the administration is the definite retention of the Philippines, "for the purpose of developing the prosperity and the self-governing capacity of the Philippine people." What shall be done when the Filipinos have reached a condition when they can safely be trusted with their own government the secretary believes to be a question which doubtless will have to be settled by another generation than the present. The secretary's letter follows:

"My Dear Sir:—I have your letter of March 7, in which you say that a common reported interpretation of my remarks before the house committee on ways and means is that it is the purpose of the administration to give independence to the Filipinos within the next four years, and that this produces great timidity about investments in the Philippines, growing in great part out of the undercurrent of doubt as to what the future of these islands is to be. In reply I beg to say that I cannot prevent misconstruction of my remarks except by repeating to you what I actually think in regard to the matter.

"The policy of the administration is the indefinite retention of the Philippine islands for the purpose of developing the prosperity and the self-governing capacity of the Filipino people. The policy rests on the conviction that the people are not now capable of self-government, and will not be for a long period of time; certainly not for a generation, and probably not for a longer time than that, and that until they are ready for self-government it would be a violation of trust for the United States to abandon the islands.

"The question as to the future, however, is one wholly of conjecture. The important fact is the present policy, which is that of the indefinite retention of the islands. What shall be done in the future, when the people have reached a condition where they can be safely trusted with their own government, is a question which will doubtless have to be settled by another generation than the present, both of the American and of the Philippine people, to whose wisdom and generosity we may safely trust the solution of the problem.

"Should the Philippine people, when fit for self-government, demand independence, I should be strongly in favor of giving it to them, and I have no doubt that the American people of the next generation would be of the same opinion. I think it much more likely, however, that after the Filipino people shall have been associated with the American people for a generation or more, and shall have tasted the prosperity they will find behind the national tariff wall, they will prefer a relation to America like that of Canada or Australia to England to one of absolute independence. Very respectfully yours, WILLIAM H. TAFT."

PRESIDENT IS TOLD THE TREATY WILL FAIL

Senators Declare It Useless to Prolong the Protocol Discussion.

[By Associated Press to The Gazette.]

WASHINGTON, March 16.—Several prominent senators had conferences today with President Roosevelt regarding the Santo Domingo treaty. It was the opinion of all of them that nothing could be accomplished by prolonging the session at this time, and it was indicated to the president that the senate would be ready finally to adjourn on Saturday, unless he had further business to bring to its attention. Even yet, it is understood, no absolute agreement has been reached regarding the treaty, but the disposition is simply to lay it aside without action.

Despite the fact it is recognized that there are not enough votes for the ratification of the treaty there was a general return today of Republican senators who have been absent. Senators Lodge and Kittredge, who have been away for a few days, were in their seats today, and Senator Dolliver is within reach if a vote should be called for.

The Newlands resolution was agreed to calling upon the president, if not compatible with the public interests, to send to the senate certain information in regard to Dominican affairs.

Senator Morgan made a sensational speech in which he charged that William Nelson Cromwell of New York, who was prominently connected with the sale of the Panama canal property to the United States, was the prime mover in a scheme to influence the United States in the financial affairs of the Dominican government. He asserted that Mr. Cromwell was actuated by a desire to frustrate a plan of Mr. and Mrs. Reader, natives of Alabama, who are operating under the name of the Reader syndicate, to get certain concessions from the Dominican government.

The Metal Market.

NEW YORK, March 16.—Another advance was reported from the London tin market, where spot closed at £135 7s 6d and futures at £131 5s. Locally, the market, while quiet, was a little higher in sympathy, closing at $29 45@29 75. Copper was lower in London, closing at £68 8s bd for spot and at £68 16s 3d for futures. The local market was unchanged, with Lake Superior quoted at $15 37½@15 50; electrolytic at $15 25@15 37½, and casting at $14 87½@15 25. Lead was unchanged at $4 45 @4 60 in the local market, but a shade easier abroad, where spot closed at £12 6d 3d. Spelter was also unchanged at $6 10@6 25 in the local market, but a little lower abroad at £23 15s. Iron closed at 54s 9d in Glasgow and at 49s 6d in Middlesboro. Locally, the market is firm. No. 1 foundry northern closed at $17 25 @18 25; No. 2 foundry northern at $17 50@ 18 00; No. 1 foundry souther and No. 1 foundry southern, soft, at $17 75@18 25.

To Install Smoke Consumers.

"Johnstown will soon be one of the cleanest towns along the Pennsylvania railroad," said Theodore Theiss, of Pittsburgh. He returned last night from that place, and while there learned that the Cambria Iron & Steel Company had decided to install smoke consumers at all of the furnaces.

NEWS FROM THE MINES.

Colorado produced $2,617,849 more gold in 1904 than it did in 1903, according to the figures of Commissioner E. Lyman White of the bureau of mines. During last year the excess in value of precious metals produced in the state over 1903 was $2,409,975. In 1904 the gold production in Colorado was 1,171,802 ounces, valued at $24,225,007. For 1903 it was 1,045,252 ounces, valued at $21,605,358. Silver produced in 1904 amounted to 12,000,717 fine ounces, with a value of $7,416,156; for 1903, 13,245,483 fine ounces, valued at $7,679,-719. The total value of the precious metals mined in the state during 1904 was $40,783,-974; for 1903, $38,373,099. Lead produced in 1904, 107,546,850 pounds, valued at $4,624,514. Copper, 9,401,913 pounds, valued at $1,205,097. Zinc, 64,976,225 pounds, valued at $3,313,735.

During the first week of March the shipments of smelting and crude ores, tailings and concentrates from the Black Hawk depot to the Denver and Golden smelters and to outside points of treatment were 85 cars, or 1,775 tons, a heavy week for the commencement of the third month.

The stockholders of the Majestic Copper Company were officially notified yesterday from Hartford, Conn., that the company has sold $200,000 worth of bonds for cash. This will provide enough capital to work out the improvements which have been suggested by Samuel Newhouse, and which it is expected will be carried out under the supervision of his mining staff in Utah.

A bill has been introduced in the California legislature which if passed will be a blow to "fake" mining companies. The bill applies to corporations generally and imposes a penalty of two years' imprisonment or $5,000 fine, or both, upon any officer or director of a corporation who wilfully gives incorrect information or assents to or allows the publication of false or exaggerated statements regarding the company or stock to mislead investors, whether the same be given to individuals privately or to the public. The same applies to any person representing himself as a director or officer of a company to deceive investors.

A dispatch from Reno, Nev., says: The Simmerone lease of Goldfield, Nev., continues to be productive of sensational development. The latest strike was made a few days ago. In the bottom of the incline shaft, which has attained an approximate depth of 40 feet, there has come in a streak of conglomerate porphyric quartz that averages in value above $25,000 a ton. Development work at present is directed to drive a crosscut from the bottom of the vertical shaft to open up the ore chute disclosed in the incline. This will require a considerable amount of dead work, but upon its completion the mine will be in shape for regular shipments.

BOSTON, March 16.—The market today maintained a fairly steady tone throughout the entire session. The market in Copper Range was scarcely active and the price held well around 78. Osceola was heavily sold this morning, but quickly recovered to 99 and was in good demand at anything under that figure. New York bought Utah at 41 all day. After the weakness in the coppers yesterday the steadiness today was encouraging and the market looks ready for a further advance.

HER 107th BIRTHDAY

MRS. MARY McKITTRICK.

UNIONTOWN, March 16.—(Special.)—Mrs. Mary McKittrick will celebrate her one hundred and seventh birthday tomorrow. She lives with her son, Luke McKittrick, in North Union township. Recently she has been bedfast, but is now able to walk about the room. Her grandmother, Mrs. Bridget Curly, lived to the age of 106. Her father was killed in an accident, but her mother was 100 years old when she died. A brother lives in Ireland at the age of 97. She is the mother of 10 children. Until two years ago Mrs. McKittrick would walk a mile to Uniontown to attend the services of St. John's Roman Catholic church. She is proud of having been born on St. Patrick's Day.

SOCIETY

MISS CHARLOTTE HEINER of Butler is the guest of Miss Mary Estep of Rebecca street, East End. Miss Heiner's wedding to Paul Sturtevant of the East End will take place on Thursday evening, April 20, in the First Methodist Episcopal church of Butler. Eight o'clock is the hour set for the ceremony, at which the Rev. Dr. E. S. White, pastor of the church, will officiate. Miss Heiner, who is the daughter of Mr. and Mrs. John H. Heiner, will have her sister, Miss Helen Heiner, as maid of honor. She has chosen for her bridesmaids Miss Mary Estep of the East End, Miss Jessie Merchant of Meadville, Miss Marion Stark of Mansfield, O., and Miss Bird Core of Washington, Pa. Watkins Sturtevant, a brother of the bridegroom, will act as his best man, and as ushers there will be William Secrist and H. E. Wassell of this city, A. O. Chapin of Erie and Frank Matteson of Warren, Pa. Mr. Sturtevant, the prospective bridegroom, is secretary and treasurer of the Polar Water Company. He and his bride will be at home in Stratton lane, East End, after their wedding trip. No at-home cards have been issued nor any date set, but the couple will not receive until after June 1.

Reineman-Wilson.

Mr. and Mrs. William Lawrence Wilson will sail from New York, aboard the Cretic, tomorrow. Before her marriage, which occurred last evening, Mrs. Wilson was Miss Lura Reineman. She is a daughter of Mr. and Mrs. Augustus R. Reineman, at whose home in Rebecca street the ceremony was performed at 7 o'clock, the Rev. Dr. Maitland Alexander officiating. The bride's sister, Mrs. John Logan Wilson, was her matron of honor; Miss Ethel Pew of Philadelphia acting as maid of honor. Miss Ella Reineman and Miss Rhea Reineman, also sisters of the bride, as ribbon bearers, formed an aisle for the bridal party. The party was completed by the best man, Roy A. Hunt of Oakmont, and the ushers, James E. Mathews and John S. O'Neil, both of New York.

The bride was gowned in point applique, made with a court train and trimmed with duchesse lace. Her tulle veil was caught up with a Prince of Wales plume, and she carried a bouquet of white lilacs in shower effect. Mrs. Wilson wore white messaline satin and carried white sweet peas, and Miss Pew appeared in a gown of white chiffon and lace, a touch of color being given by her pink ribbon girdle. She carried a cluster of pink sweet peas. Both ribbon bearers wore dainty frocks of sheer white.

The decorations were exquisitely dainty, the arrangement of flowers in the dining room being particularly beautiful. Ropes of pink roses were festooned from the chandelier to the corners of the room, and also in rows above the mantel and fireplace, which, banked with ferns, formed a background for the bridal party. The colors carried out in the decorations harmonized with the delicate shades of pink and green with which the room is finished. A supper and reception followed the ceremony. The bridal party was seated at one large table, while the guests surrounded smaller ones. On the bride's table the centerpiece was of white lilacs and pink roses. A variety of small yellow spring flowers, including marguerites and daffodils, adorned the library. Mr. Wilson and his bride will not return to this country until June. They will go direct to Naples from New York and will, on returning, sail from Liverpool. They have not yet decided where they will be at home.

Goehring-Goehring Attendants.

The attendants for the wedding of Miss Henrietta Goehring, Mr. and Mrs. Louis S. Goehring's daughter, and J. H. Goehring of Allegheny, have been selected. The wedding will take place at the Hotel Schenley at 7:30 o'clock on the evening of Tuesday, April 11. The bride-elect has chosen Miss Gertrude Wagner of Washington, D. C., as her maid of honor; and Miss Agnes Crookston, herself a bride-elect; Miss Rebecca Marchand of the East End and Miss Hazel Fox of Wilkinsburg, as bridesmaids. Miss Flora Sadie Goehring, the little daughter of Senator and Mrs. John M. Goehring, will be her cousin's flower girl. John G. Stephenson of the East End will serve as best man, and the duties of ushers will be performed by John Brandon Guthrie, Miss Crookston's fiance; Charles Friend and Harry E. McLain. The Rev. John W. Hoffman of Allegheny will officiate, and after a wedding trip through the east, the bride and bridegroom will be at home at the Kenmawr until the completion of their new home in Squirrel Hill. Days after June 1 have been announced as at-homes at the hotel.

Celebrated Wedding Anniversary.

Mr. and Mrs. William McKee celebrated the first anniversary of their marriage last evening with a euchre of 10 tables. The same number were called into play when Mrs. McKee entertained in the afternoon. The prizes were won by Miss Maud Morrow, Mrs. Edward Moreland, Miss Jean McCloy and Miss Alice Hewitt of St. Louis, who is visiting Miss Ruth Grant. Mrs. McKee, who was formerly Miss Margaret Fulton, was assisted by Miss Nan Nixon, and those who had been her bridesmaids, Mrs. Herbert Black, Mrs. Robert Rowland, Mrs. Harvey McCullough, Miss Grace Dickinson and Miss Bertha Fisher. Her mother, Mrs. Louis Brown Fulton, her aunt, Mrs. M. M. Fulton of St. Paul, and Mrs. Helen M. Birch, received with her. The decorations were all carried out in pink, roses and carnations prevailing.

Reception for Pastor.

The congregation of the Presbyterian church of Hazelwood gave a reception last evening for their pastor, the Rev. Herbert Heslep, who has been with them a year. A purse of $200 was presented to Mr. Heslep. The reception committee last evening included John Stevenson, Miss Stevenson, Mr. and Mrs. John McKibben, Mr. and Mrs. Hershawa, Mr. and Mrs. J. W. McCurdy, J. E. McCune, W. C. George, Mr. and Mrs. H. H. Gregg. The special committee in charge of the reception was composed of Mrs. W. E. Borland, Mrs. A. G. Augustine, Mrs. W. Elsey, Miss Mary Alexander and Mrs. J. W. McCurdy.

Owen-Raub.

SCOTTDALE, March 16.—(Special.)—Miss Florence Owen became the wife of Charles Raub here this evening. The ceremony was performed by the Rev. James B. Lyle of the First Presbyterian church, assisted by the Rev. H. N. Bassler of Harrisburg, at the home of relatives. The bride was given away by her uncle, G. F. Kelly. She was attended by Miss Colvin of Mt. Pleasant, and William A. Owen of Allegheny, a brother of the bride, was best man. The bride is a granddaughter of Mr. and Mrs. John Hurst of Scottdale, and the late Rev. Dr. Alexander Owen, formerly president of Otterbein university at Westerville, O. The groom is a son of Mr. and Mrs. G. J. P. Raub of Quarryville, Pa., and is a nephew of the Rev. W. H. Hepsel, formerly attorney general of Pennsylvania. After a wedding tour Mr. and Mrs. Raub will live in Philadelphia.

Church Wedding at Bellevue.

In the Bellevue United Presbyterian church last evening the marriage of Miss Clara May Perkins, daughter of Mr. and Mrs. Gilbert L. Perkins of Bellevue, and Frank William Burger was solemnized. The ceremony was performed by the Rev. W. W. Lawrence, pastor of the church. The maid of honor was Miss Emma M. Burger, sister of the groom. The bridesmaids were Miss Mary Crayne Ross of Pittsburgh; Miss Alice M. Aiken of Cleveland; Miss Lida M. McKeever and Miss Mary E. Wright of Bellevue. The best man was S. C. Irwin. The ushers were Grant Burger, William Dick, Edward G. Roddy and Harry J. Stern.

Plate Shower for Bride-Elect.

Miss Clarabel Radcliffe of Pacific avenue, East End, gave a plate shower yesterday afternoon for Miss Mae Florence Learned, and Miss Elizabeth G. Leese, both of whom are spring brides-elect. Thirty-five guests were present, and the decorations were carried out in pink and white. The marriage of Miss Leese to Herbert Clark Burchinal will be an event of Saturday, April 15, while that of Miss Learned to James Whitney Hess will take place on March 22.

House Guests in Box Party.

Alexander Blaine Robinson, who is one of the box holders for the Princeton Triangle club concert this evening, will have as his guests the members of a house party he is entertaining over Sunday. Among the guests are Mr. and Mrs. Paul Burr, of Columbus, the former a Princeton man, and Scott Willock who will be one of the speakers at the Princeton dinner tomorrow evening. Miss Alice Blaine Robinson, sister of the host, will also be in the box. Miss Robinson has just returned from a short shopping tour to New York.

Miss Klein's Engagement Announced.

Formal announcement is made of the engagement of Miss Birdie Henrietta Klein, daughter of Maj. and Mrs. Max Klein of Allegheny, and Nathan Hecht of this city. The members of the Phi Kappa Pi club of Tarentum were entertained last evening by Miss Nell Kaler at her home in East Ninth avenue, Tarentum. A feature of the evening was a mock wedding.

Mrs. Albert Moore of Beaver street, Sewickley, entertained with a fancy work party at her home yesterday afternoon. Thirty guests were present. Dainty refreshments were served.

The junior class of the pharmacy department of Western University of Pennsylvania gave a dance in Braun's auditorium last evening.

Broke Window; Prevented Robbery.

An unsuccessful attempt was made to rob the home of Postmaster John Grein, in Fifth avenue, Homestead, early yesterday morning, and only the breaking of a pane of glass in one of the windows prevented the attempt from being successful. The noise awakened the family, and the burglars were frightened away.

AMONG THE CLUBS

AN important meeting of the joint committee of women's clubs for Allegheny playgrounds and vocation schools was held yesterday in the superintendent's office of the Allegheny Carnegie library. Mrs. John Cowley presided. The committee of equipment and supplies, of which Mrs. C. L. W. Price is chairman, made the first report. The following women are engaged on this committee: Mrs. B. F. Veach, vice chairman; Mrs. Dallas Albert, Mrs. Andrew Penwick, Mrs. Thomas P. Fleeson, Miss Cora Flaharan, and Mrs. August Wileggaard. Different clubs and organizations have made several contributions which were made public yesterday. One hundred bean bags were given by the sewing class of the Irwin avenue Second ward school, Allegheny; the Woman's Press club gave 100 bags; the Auxiliary of the Allegheny Commandery No. 35, 100; Parents and Teachers Co-operative association of the Fifth ward school, Allegheny, 200 bags, and the Travelers' club will also contribute bean bags. The teachers committee reported that applications from teachers were being received. Mrs. John Cowley is chairman of the teachers' committee and with her were the following members who were present yesterday: Mrs. S. B. M. Hooker, vice chairman; Mrs. David C. Boyce, Mrs. Charles W. Gerwig, Mrs. A. A. MacLachlan, Mrs. F. A. Schumucker, and Miss Georgia Allison.

The committe on schools, of which Mrs. A. G. Latimer is vice chairman, reported that six schools have been chosen for the playground work, viz.: Second ward schools on Irwin avenue and Sherman avenue; Third ward, Fifth ward, Seventh ward, Ninth ward schools. These summer playground schools will be opened immediately after the 4th of July and continue for five weeks. The Woman's club of the Sewickley Valley will have charge of the Ninth ward school. The Summer Work club will probably continue in charge of the Fifth ward school, Allegheny. The Travelers' club had the Fifth ward school last year and may keep it this summer.

It was reported that the $1,200 city appropriation is now available, but it will be necessary to have a great many individual contributions from Allegheny citizens and from different clubs, in order to raise funds for the playground work this coming year.

Prizes for Art Students' League.

Cash prizes are offered by Mrs. Stevenson, of New Castle, to those three members of the Pittsburgh School of Design for Women who produce the best oil painting, water color and china piece shown at the exhibition to be held by the organization on Saturday afternoon at 2 o'clock at the rooms of the Art Students' league in Emily street, near Craft Avenue. There promises to be a very creditable exhibition. The meeting on Saturday will be the annual business meeting of the club and officers will be elected. The club house is to be profusely decorated with daffodils; the club colors are white and yellow. A reception and view will follow the business meeting. The present officers of the organization are: President, Mrs. Hallie Ann Swaney; vice president, Miss Minnie Darlington; treasurer, Miss Vinnie Stevenson, and secretary, Miss Susan Haymaker. The committee on entertainment for Saturday includes Miss Elizabeth Robb, chairman; Miss Haymaker, Miss Thomas, Miss Woodside, Miss Sill and Miss Stevenson.

Settlement House Work in Soho.

The Soho Bath committee will meet today at 10:30 a. m. to arrange for the opening of a settlement house in Soho. The first floor of the residence standing on the property recently purchased by the bath committee, will be fitted up as a home where the people of the neighborhood may gather. A reading room is to be one feature, a library another, and perhaps a penny savings bank, and there will be an assembly room for entertainments. The committee in charge of the house includes Mrs. Jesse Carey and Mrs. Alfred Longmore. The intention of the committee is to open the house April 1.

Have Arranged Fine Program.

The program for the entertainment given by Mrs. Julia Chandler French, under the auspices of the Women's Southern society on March 22, will consist of monologues, character sketches, negro dialect stories and southern poems. Mrs. Minnie Castle Davis will contribute several vocal numbers. She was formerly contralto soloist at the Broadway Tabernacle, New York, and came here to take the same position in the Highland Presbyterian church. The entertainment will be held in the rooms of the Twentieth Century club, Duquesne way.

Vassar Aid Society to Meet.

There will be a meeting of the Vassar Aid society this afternoon at the home of Miss Worcester, 1119 Fayette street, Allegheny. The club will discuss the advisability of giving a play sometime in the near future. Among the young women interested in this undertaking are Miss Pallie McKinley, Miss Irene Snyder, Miss A. G. Richey and Miss Gertrude Heard.

Epoch Club Meets Today.

The Epoch club will hold an important meeting today at the home of Mrs. R. S. Griffith. Mrs. E. E. Keller will speak on the "Art of Japan;" Mrs. W. W. Blackburn will present a paper on "Literature and Language of Japan," and juvenile court work will be discussed by Mrs. Henry L. Barton.

TWO WAYS OF CLEANING AND PRESSING CLOTHING.

One way is to soak them in a tub of water until all the stiffening, starch and powdery dirt has come out, and then pressed in such a way that when you wear it a time or two the shape is gone and you say "No more cleaning for me."

The other way is our New Process, a ladies' or gentleman's suit, light jacket or overcoat is cleaned by our own exclusive method and cleaned thoroughly without affecting the goods in the least, and then pressed by tailors, so that when you get it home you say, "Well, I intended to wear that for scuff, but it looks well enough to wear for good."

Which way do you want your's cleaned?

Your work shall have careful and prompt attention.

PUBLIC-SPIRITED, SAYS MR. BIGELOW

Director's Opinion of Senator Flinn in Connection With Withdrawal of Protests.

ALL IS NOW UP TO LARKIN

Within a day or two the T. A. Gillespie company will start the work of building the Pittsburgh filtration plant. For a while yesterday the prospect looked dubious, for Controller Larkin refused, by telegraph, to countersign the award to the Gillespie company, with the intention of taking up the protest filed by Booth & Flinn, limited. When Booth & Flinn later in the day announced that it would enter into no litigation concerning any of the contracts, it was generally considered that the controller would countersign.

There were some dramatic features about the day's occurrence. The receipt of the telegram from Larkin, who is in Atlantic City, caused Director Bigelow to decide to put off his trip to Philadelphia, and brought T. A. Gillespie posthaste to city hall. Later there was a meeting of George H. Flinn and Mr. Gillespie at the head of the city hall stairway, on the second floor, that resulted in an agreeable surprise to Gillespie, who had not expected the rival bidder to give in so quickly. Mr. Flinn handed Mr. Gillespie a paper and when Mr. Gillespie read it he and Mr. Flinn shook hands and Mr. Gillespie thanked the younger man. Following is Booth and Flinn's statement, which caused Gillespie to say that he expected to start the work today:

Would Mean Delay of Pure Water.

Under advice of counsel we have determined not to institute litigation on the filtration contract. We were the lowest bidders on contracts Nos. 8, 9 and 10, and bidding these separately we are entitled to them. By litigation it is probable we could accomplish no other result than to set aside the entire award for the whole work and not secure for ourselves contracts Nos. 8, 9 and 10, to which we are entitled. Litigation would result in delay, and a better supply of water, which our city is in urgent need of, might be delayed for one or more years.

The day's doings began about 10 o'clock when Assistant Controller Morrow received the following telegram from Controller Larkin:

I feel justified in refusing to countersign those contracts especially protested against. Send for protesting parties. Have notice of their good faith given to you officially with a statement that such protest is not for the purpose of delaying or obstructing said work, and that a speedy adjustment of the matter is sought. These instructions do not stand against the other contracts if no protest is entered within the next day or two. Reasons for refusing counterelgnature will be sent in letter to you Friday morning.

Mr. Morrow immediately notified Director Bigelow of the contents of the telegram. Mr. Bigelow sent for Mr. Gillespie and later in the day Mr. Flinn heard of the matter. The representative of the Heine Boiler Company, as soon as apprised of Larkin's action, filed a protest with Mayor Hays and Director Bigelow against the award of the boiler contract to the Gillespie firm on the ground that the Heine bid was lower than that of the Gillespie.

Director Bigelow Takes the Floor.

Director Bigelow talked for a while. He said that the move of the controller was not startling, as Larkin merely wanted to know more about the matter before signing the contracts; that he would sign in a short time and of his own free will, the director meaning that it would not be necessary to take Larkin into court. The protest filed by Booth & Flinn, he added, would amount to nothing, for the firm had not "a leg to stand on, as any good lawyer would tell them."

George H. Flinn came to the controller's office at Mr. Morrow's request. They had a long talk together and Mr. Morrow insisted that Mr. Flinn tell him exactly the firm's intentions, as Larkin wanted to be assured that the Flinn protest was bona fide, but he promised to consult his attorney, D. T. Watson, before giving a final answer.

Thus the matter rested until 3:30 p. m. Mr. Gillespie had just left the mayor's office and had started down stairs, when Mr. Flinn came bounding up. He greeted Mr. Gillespie cordially, and the latter, replying, continued down stairs:

"Oh, Mr. Gillespie," said Flinn, "come back, please. I have something here that will interest you." Gillespie climbed again to the landing, and Mr. Flinn handed him a slip of paper. "Read that," he said.

Mr. Gillespie took his glasses out of his pocket, set them on his nose and read. His face lighted up. "Thank you," he said to Mr. Flinn and started down stairs again, but he again returned and shook hands with Mr. Flinn.

Will Begin Work at Once.

"This settles the whole thing, I think," he said a few minutes later. "We will start on the work tomorrow, that is, we will begin preparations just as if the contract were already countersigned by Mr. Larkin, for I do not doubt that the controller will now no longer decline to affix his signature. I have just read in the newspapers that the Heine Boiler Company has filed a protest. I have nothing to do with the selection of the type of boilers to be used. I attached to my bid on boilers the proposals made to me by at least four firms of boiler manufacturers, leaving to Mr. Bigelow and his engineers the decision as to which one I should be required to install. The fact is that it would be money in my pocket if the director selected the Heine boiler."

Although Booth & Flinn had signified that there would be no litigation, there still remained the protest filed by the firm with Mr. Morrow. Mr. Flinn was asked if the protest would be withdrawn. After considering the question he replied: "Yes, it will be withdrawn."

Director Bigelow said: "The firm of Booth & Flinn has withdrawn opposition to the award of the filtration contract. This is a public-spirited action and is owing, I have no doubt, to the fact that Senator Flinn is desirous of having the work begun and finished as soon as possible. Controller Larkin will sign the contracts within 24 hours."

Morrow Can Do the Signing.

Mr. Morrow was asked if he thought Controller Larkin would approve the award of all the contracts. "That is for Mr. Larkin to say," he answered. He was asked if it would be necessary to send a messenger with the contracts to Atlantic City. "No," he replied, "that is totally unnecessary. If Mr. Larkin directs that the contracts shall be countersigned I, as assistant controller, will sign them, just as I have signed many another contract."

Mr. Gillespie said he hoped the matter would be settled speedily. He has options for steel and other material that fall due on March 20, and if the contracts are countersigned he can take up the options.

TO FERRET OUT ELECTION FRAUD

Grand Jury Finds a True Bill in Every Case Presented to It.

CHURCH WINS EQUITY SUIT

Not in the history of grand juries in Allegheny county have so many election cases been considered or so many true bills found where voters and election officers have been charged with fraud in trying to carry an election by illegal methods as during this term. District Attorney Stewart is anxious to have every individual who was in the remotest manner implicated in any ideal or connivance to work fraud at the polls, brought to justice and will endeavor to try every case with the utmost speed.

Yesterday a true bill was returned against Thomas Davis, John C. Smith, Thomas Jones, John Schnepper and Charles Crawford, charging them with a misdemeanor. The charge was made by Inspector of Police R. H. Robinson, who alleged the men were election officers of the Twelfth district, Thirteenth ward, and that they stuffed the ballot box with 104 marked ballots. It is also alleged they refused to allow an inspection of the ballot box after the polls had opened. In the cases of Louis Katkesky, judge of election of the board in the Third ward, two true bills were returned. Katkesky is charged with violating the election laws in putting Isadore Keber, a watcher for the Socialist party, out of the room while the ballots were being counted. He is also charged with a misdemeanor for allowing persons to vote who were challenged and are said not to have properly qualified. Fred L. Schwartz is the prosecutor in both cases.

Indictment in N. G. P. Scandal.

A true bill was found against Rudolph H. Schaffer, formerly an officer in the Eighteenth regiment, on a charge of embezzlement, made by a national guard officer. The information was made by Charles A. Lawrence. It is alleged that Schaffer was captain of Company L, Eighteenth regiment, and that he received $500, which was to be used for the company. He is charged with appropriating the money for his own use.

The other true bills returned were as follows: Felonious assault and battery, Joseph Vinski; aggravated assault and battery, Christopher Drake; assault and battery, John Hock, Josephine Rahubert; entering a building, etc., Thomas Way; larceny, Francis Carter et al, John Clark; misdemeanor, William Apel, Leon Foshan, Nathan Adelman, Thomas Rhodes et al; carrying concealed weapons, John Balaski; pointing firearms, John Hock.

In the suit of Martha Davidson and others against the Rev. Charles McCaslin and others, an action to set aside a deed made by an ancestor of the plaintiffs to one of the defendants, in trust for the other defendants, as having been made without due notice, Judge Shafer dismissed the bill at the plaintiffs' costs, as he is of the opinion that they failed to show the deed in question was fraudulent or void. He orders a decree drawn accordingly. The property is in Plum township.

Judge Shafer also handed down an opinion in the case of William G. McCandless against the Window Glass Machine Company and others, an action for an injunction to restrain the allotting of certain shares of the capital stock of the company to others than the plaintiff. The plaintiff also asked that stock be issued to him. The court finds that McCandless is entitled to 59 shares of the stock and that he must pay for them at the par value of $5,900. The suit was the outgrowth of a money lending transaction. The costs of the case are placed on the company.

An opinion was handed down by the same court in the case of W. L. Mellon against Theodore P. Simpson, in which he makes a rule for judgment absolute. The action was on a mortgage which the court finds was 60 days overdue.

Judge McClung handed down an opinion in the equity suit of Samuel R. Harris against B. Donovan asking for a dissolution of the existing partnership and a division of the profits. Harris alleged that a verbal agreement to a partnership in the contracting business was formed and nearly $200,000 worth of work secured, but that Donovan assumed an attitude of hostility toward him and finally refused to allow him to draw money for his living expenses. Judge McClung upholds the agreement and orders an equal division of the profits secured, which gives Harris $1,820 25. He states that Donovan simply undertook to reduce Harris to the standing of a journeyman, offering him journeymens' wages. Donovan claimed Harris neglected his duties and Judge McClung says that in that case he should have hired a man to take his place and charged the expenses to Harris.

Laura Biggar Appears Again.

Laura Biggar Bennett appeared before Judge Kennedy and was given sealed bills in both the rules granted in the cases brought against her by Attorneys McDermot and Johnston of New Jersey. This gives her a chance to appeal the cases to the supreme court. She informed Judge Kennedy that her paper book of appeal had been returned to her by the prothonotary of the supreme court as faulty, but that attorneys to whom she had submitted the papers could find nothing wrong in them. Judge Kennedy looked over her paper book and he could not find anything wrong with it. The court advised her to secure a Pennsylvania attorney to look after her interests. Mrs. Bennett expressed herself as well pleased with the court's treatment of her, which she said contrasted strangely with the treatment received when she filed papers in the cases some time ago, while acting as her own attorney.

Mary Hoxley, one of the victims of the Sheraden disaster, was awarded a verdict of $3,500, and a new trial was refused the defendant company, the Pittsburgh, Cincinnati, Chicago & St. Louis railroad.

H. P. Dilworth was awarded $1,485 damages with interest, the full amount for which he sued the Auto Car Company. The action was brought by Dilworth, who had purchased an automobile from the defendant company. He alleges that the agreement was made that if the machine did not work properly it could be returned and the money refunded, but the company refused to take back the machine.

While the detail for the judge to fill Judge Rodgers' place in license court has not yet been made, it is rumored that the new appointee, Judge James S. Young, will be detailed. Owing to the serious illness of Mrs. Evans, Judge Evans will not likely be detailed, and it is expected that the place will fall to Judge McClung.

The report of the viewers appointed to award damages to the trustees under the will of Jacob J. Vandergrift and Helen Mercer, for land taken by the Pittsburgh Junction railroad, has been filed and confirmed nisi. The award which was made by David B. Oliver, J. P. Bingaman and other viewers places the damages at $232,532 60. The property, which is located at Twenty-second and Railroad streets, near the Allegheny river, was taken by the railroad for the purpose of widening its tracks.

Wife Alleges Husband Hired Her Out.

Ianthe Butler Happy, who is being sued by her husband, James T. Happy, for divorce, filed an answer to the charges of infidelity he brings. She denies that she was ever intimate with William G. Austin, as charged, or that she was ever at a hotel with him in Washington, D. C., or Atlantic City. She asserts that her husband hired her out to Austin for $1 a week to go with Austin and help him sell sewing machines. She admits that Austin lived at their home and was employed by her husband.

Before Judge Shafer in criminal court Steve Galobrin, an Italian, was convicted of a charge of felonious assault and battery, made by Police Inspector Robert S. Gray. He was sent to the penitentiary for three years and six months. On February 7, Galobrin is said to have attacked Elizabeth Rochetta with a razor, cutting her on the neck and face.

Morris Heraskoviz pleaded guilty to charges of stealing goods from two downtown stores and was sent to Huntingdon reformatory. John Gleason pleaded guilty to a charge of stealing a ham, and was sent to the workhouse for one year. Ed Bacon pleaded guilty to a charge of unlawfully wounding Fanny Vincent by shooting her in the leg. He was sent to the workhouse for nine months.

Nannie Lucas was sent to the workhouse for one year. She admitted stealing about $75 worth of goods from a downtown department store.

Affidavits of defense were filed by William Walder, Hay Walker, Jr., and Samuel Walker of the W. and H. Walker Company to the of the W. & H. Walker Co. to the suit brought by the Pittsburgh Provision and Packing Company, an action to recover on tallow purchased by the soap firm. The Walkers allege that the tallow purchased was impure and adulterated with mineral oil, and unfit for the manufacture of soap. They charge this was done fraudulently and injured the credit and reputation of their product. They claim a set-off of $10,687 08 to the bill.

A writ of mandamus was granted against Alderman John A. Martin upon the petition of H. L. Askenasi. It is alleged in the petition filed that the alderman refused to allow Askenasi to appeal from judgments granted in the suits of A. Fuchan and the Krieger Dorrestyn Shoe Company for $250 and $30 respectively.

Trinity Episcopal church was allowed $97,-000 damages against the city of Pittsburgh for the widening of Oliver avenue. The award was reached by agreement of the attorneys for both parties to the suit, and allows the damages mentioned over and above all special benefits.

William Dunshee leaves a large estate of unestimated value to his children, giving $5,000 to his son, M. P. Dunshee, and $10,000 each to his daughters Margaret and Edith. The rest of the estate is to be divided among his seven children.

LIGHT AND DARK,

Day and night, sunshine and shadow are not more different from each other than a healthful from a sickly woman. The healthful woman carries light and sunshine with her wherever she goes.

The woman who suffers from ill-health casts a shadow on her own happiness and the happiness of others. She cannot help it. Those who suffer cannot smile and sing.

Ill-health in woman is generally traceable to disease of the delicate womanly organism. Many women have been restored to happiness by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

"I feel it my duty to inform you that I had been a sufferer for many years from nervousness with all its symptoms and complications," writes Mrs. O. N. Fisher, of 1861 Lexington Ave., New York, N. Y. "I was constantly going to see a physician or purchasing medicine for this or that complaint as my troubles became unbearable. In the spring of 1897 my husband induced me to try Dr. Pierce's Favorite Prescription. After taking one bottle as I following your advice I was so encouraged th I took five more bottles of 'Favorite Prescription' and then I did not take any more for several weeks as I felt so much better, but still I was not *completely cured*. I commenced taking it again and felt that I was improving faster than at first. I am not now cross and irritable, and I have a good color in my face; have also gained about ten pounds in weight and *one thousand of comfort*, for I am a new woman once more."

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss, therefore accept no substitute.

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the paper-covered book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

South Penn's Smithfield Gusher Has Declined to 157 Barrels

In the Smithfield district the South Penn Oil Company's No. 30 on the Matilda Gallagher farm, which came in a gusher a few days ago, has declined to 157 barrels, as shown by the last gauge. In the same district Carnahan & Smith have shot their test on the Sanford E. Lowe farm in the Gordon and will have a 35-barrel producer.

The South Penn Oil Company has drilled its test on the H. R. Johnson farm 45 feet into the Big Injun. A little gas was developed at 24 feet in the sand. Trees & Brast's old No. 5 on the Josephus Morris farm is still holding up at 100 barrels a day. The South Penn company has shot its No. 20 on the I. D. Morgan farm and it responded by producing 112 barrels the first 24 hours.

In the Littleton district, Wetzel county, the Hope Natural Gas Company has drilled its test on the S. Newman farm through the Gordon and failed to develop any oil or gas. The South Penn company has completed its second test on the John McGee farm and will not have better than a five-barrel pumper in the Gordon. The same company's No. 10 on the S. Newman farm is holding up at 150 barrels a day.

In the Pine Grove extension, Weizel county, the South Penn Oil Company has drilled its second test on the Marion Gorby farm through the Gordon and will give it a shot. A light pumper is the most that can be hoped for at this location.

In the Salem district, Harrison county, the South Penn company has drilled its test on the J. C. Fox farm through the Gordon and the hole has filled up 2,500 feet with fluid. It will make a fair producer when shot. The Star Oil and Gas Company has completed and shot its test on the Joel Randolph farm and will not have better than a five-barrel pumper in the Gordon. The Globe Oil Company's test on the William Frum farm is producing 60 barrels a day.

Down in Braxton county, near Burnsville, the Hope Natural Gas Company has drilled its wildcat on the L. M. Rogers farm through all sands and was a duster. On Big Run, in Grant district, Ritchie county, the Stewart United Oil Company has drilled its test on the J. P. Wildman farm through the Big Injun and found nothing but a light gas pressure. In the same locality the East and West Oil and Gas Company has started to drill at its No. 7 in the William Harkness farm.

In the Wick district, Tyler county, some of the old producers are holding up very creditably. The Carter Oil Company's No. 3 on the Mathias Mosser farm is producing 150 barrels a day. The Melrose Oil and Gas Company's No. 6 on the T. H. Ewell farm is producing 75 barrels; the Continuity Oil Company's No. 1 on the W. R. Bullman farm 50 barrels, and the Carter Oil Company's No. 3, H. C. Watson, and No. 1, Charles Eberhart, 60 and 50 barrels, respectively.

In the Yellow Creek district, Calhoun county, the South Penn company's No. 6 on the H. I. Jackson farm is holding up at 125 barrels and is the only well in the district that is producing 100 or more barrels a day.

On the Ohio side in the Hays Run district, Washington county, Altenberg & Co. have completed their test on the J. A. Ellison farm and have a show for a five-barrel pumper in the top of the Big Injun. In the Newport district, in the same county, James Morrison & Co. agitated their old No. 5 on the A. Fiedal farm and it produced 110 barrels the ensuing 24 hours.

In the Mackeburg field in Washington county, there are dusters galore. L. R. Phillips & Co. have drilled their test on the A. Lutton farm through the Buells Run sand and found no oil or gas. J. C. McBride & Co. have completed their No. 10 on the Smith farm and have a duster.

George Hess & Co. have drilled their test on the George Brown farm through the 500 and 800-foot sands and have a duster. J. E. Stephens has drilled his No. 10 on the James Dixon farm through the stray below the 800-foot sand and has a duster. J. F. Ward has completed No. 2 on the C. Schimmel farm and has a duster.

In the Wolf Creek district, C. E. Bryan & Co. have completed their second test on the C. E. Bryan farm and have a duster. The Penn Oil Producing Company's No. 20 on the J. J. Lorenze farm is holding up at 70 barrels a day.

Back of Beaver Falls in Beaver county, Pa., Galey & Co. have drilled their No. 4 on the J. & T. H. Boyd farm 30 feet into the sand and have a show for a 50-barrel pumper in the Berea grit.

Facts and Figures Regarding Cross Ties Used on Railroads

The paper read by Joseph T. Richards, chief engineer of maintenance of way of the Pennsylvania railroad, before the American Forest congress in Philadelphia last month, is being sent out in circular form. He gave some interesting figures regarding cross ties and the efforts being made to keep up the forests so the supply of ties will equal the demand. He says the number of cross-ties in use by the railroads of the United States is estimated to be about 620,000,000; the number used annually for repairs and for extensions of track, is estimated to be from 50,000,000 to 110,000,000, requiring the entire product of 200,000 acres of woodland. The railroads in Pennsylvania look chiefly to inland Virginia, West Virginia and Kentucky for white oak ties. The long leaf yellow pine of the southern states will soon disappear. The annual consumption of ties on the Pennsylvania railroad east of Pittsburgh and Erie, for repairs only, is about 2,000,000. To this should be added 500,000 used annually for new work. Under these conditions it is necessary to adopt forestry methods, having for their purpose the proper care and management of the forests still remaining and the cultivation of new tree plantations. During the past three years the Pennsylvania has begun the planting of yellow locust trees on an extensive scale on property owned by the company. The trees thus planted are seedlings two or three years old, and cost, including labor of planting, about 8 cents each. They are planted 10 feet apart, averaging 400 to the acre. In the fall of 1904 there were planted 34,871 trees six feet apart, and 88,127 trees eight feet apart. In the fall of 1902 there were planted 33,470 trees at Newton Hamilton; fall of 1903, 41,264 at Conewago; spring of 1904, 25,696 at Conewago, 20,280 at Powency, 16,357 at West Atglen, 8,168 at Atglen; fall of 1904 at Juniata bridge, 20,730, Newport, 20,565; Vintage, 30,300; Atglen, Susquehanna branch, 53,000; total so far planted 280,530. During this year 800,000 are to be planted at various places along the railroad. In concluding this paper Mr. Richards says: "In order to supply our entire needs for the year, namely, 3,000,000 for repair and 500,000 for new work, and adding thereto 10 per cent for the immediate future increase, making the total annual requirements 3,850,000 ties, we figure that three ties to a tree would require about 1,300,000 trees each year. To produce 3,850,000 ties (figuring that it will require 20 years for a yellow locust to mature), would require a continuous growth of 20,000,000 trees. 1,300,000 to be planted each year, and if planted 10 feet apart, or about 400 to the acre, would entail the continuous use of 32,500 acres, or 152 square miles of ground for the purpose."

Changes on the Lines West.

General Superintendent Ralph Peters of the Panhandle has announced the transfer of W. H. Newcomer, engineer of maintenance of way of the Cincinnati division, to the Erie & Ashtabula division of the Ft. Wayne. He is succeeded on the Cincinnati division by George Le Boutillier of the Cleveland & Pittsburgh, and Mr. Boutillier is succeeded by H. E. Culbertson, transferred from the E. & A. division.

Railroad Notes.

The Pennsylvania Railroad Company is said to be short 12,000 cars and the Baltimore & Ohio 7,500.

Work on the Pennsylvania Railroad Company cut-off at Newport, 100 miles east of Altoona, will be resumed in a few days.

J. W. Patterson, vice president of the Wabash-Pittsburgh Terminal, left last night for New York to confer with President Joseph Ramsey.

Tickets over the Lake Shore from the east to points west of Cleveland are good either on the boat or on the train after May 1. The necessary arrangements were made yesterday between the Lake Shore and the Cleveland & Buffalo Transit Company.

SUPERIOR MERIT.

Remarkable Curative Properties of a Remedy for Indigestion and Stomach Weakness.

Stuart's Dyspepsia Tablets, a preparation for the cure of dyspepsia and the various forms of indigestion and stomach trouble, owes its great success as a cure for these troubles to the fact that it is prepared for disease and weakness of the stomach and digestive organs only, and is not recommended or advised for any other disease.

It is not a cure-all, but for any stomachic trouble it is undoubtedly the safest, most sensible remedy that can be advised with the prospect of a permanent cure. It is prepared in tablet form, pleasant to taste, composed of vegetable and fruit essences, pure pepsin and Golden Seal, every one of which put effectively in digesting the food eaten, thereby resting and invigorating the weak stomach. Rest is nature's cure for any disease, but you cannot rest the stomach unless you put into it something that will do its work or assist in the digestion of food.

That is exactly what Stuart's Dyspepsia Tablets do, one grain of the digestive principle contained in them will digest 3,000 grains of meat, eggs or similar wholesome foods, they will digest the food whether the stomach is in working order or not, thereby nourishing the body and resting the stomach at the same time, and rest and nourishment is nature's cure for any weakness.

In persons run down in flesh and appetite these tablets build up the strength and increase flesh, because they digest flesh-forming food which the weak stomach cannot do, they increase the flow of gastric juice and prevent fermentation, acidity and sour, watery risings.

Stuart's Dyspepsia Tablets can be found at all drug stores at 50 cents per package.

THE LARGEST CO-OPERATIVE STORE IN AMERICA

This Store Will Be Open for Business On or About April 1st, 1905.

CAPITAL STOCK ONE MILLION DOLLARS.

THE LEADER DEPARTMENT STORE,

(FORMERLY BUSKY'S)

Corner Fourth and Third Avenues, Fronting an Entire Square on Market Street, Will Be the

LARGEST CO-OPERATIVE DEPARTMENT STORE IN AMERICA, COVERING A FLOOR SPACE OF ABOUT TWO ACRES.

MECHANICS, TRADESMEN, CLERKS, CRAFTSMEN, AND THE GENERAL PUBLIC ARE INVITED TO TAKE STOCK AND BECOME OWNERS AND PROFIT-SHARERS IN THIS GREAT ENTERPRISE.

WITH A CAPITAL STOCK of $75,000 and a frontage on Fifth avenue of only 20 feet, this company did a cash business last year of about $425,000.

This is the most marvelous and unprecedented business done with small capital and under adverse circumstances known in DEPARTMENT STORE enterprises.

The stock of this company will be divided into 100,000 shares, par value $10.00 each. 50,000 shares of preferred stock. 50,000 shares of common stock, full paid and non-assessable.

It is proposed to sell the preferred stock at par and give as a bonus one share of common stock with each share of preferred stock. Each and every share of the preferred stock is guaranteed a dividend of seven per cent annually. Dividends to be paid semi-annually.

THE LEADING DEPARTMENT STORE IN GREATER PITTSBURGH

earned a dividend of 50 per cent on their stock last year. The Company proposes to do a credit business with their stockholders to the extent of their holdings in the Company. Every stockholder will receive a special discount on every purchase, exceeding all other store discounts.

This is an opportunity the like of which has never before been offered in this community, and should be taken advantage of by persons of large or small means. This is the only Department Store in the city you can purchase stock in.

The management of the proposed organization is indorsed by such prominent business firms as the Pittsburgh Drygoods Co., James B. Haines & Sons, Arbuthnot-Stephenson Co., and others.

THE STORE WILL BE CONDUCTED TO SERVE THE WANTS OF THE PEOPLE. THE MANAGERS AND EMPLOYES OF THE VARIOUS DEPARTMENTS HOLDING RESPONSIBLE POSITIONS WILL BE REQUIRED TO HOLD STOCK IN THE COMPANY, THUS ASSURING THE MANAGEMENT OF THE FAITHFUL PERFORMANCE OF THEIR WORK, AND EVERY OFFICER AND MANAGER OF THE DEPARTMENTS HOLDING POSITIONS OF TRUST, FOR THE PROTECTION OF THE STOCKHOLDERS AND INTEREST OF CREDITORS, WILL BE REQUIRED TO GIVE BOND TO THE COMPANY FOR THE HONEST PERFORMANCE OF THE DUTIES ENTRUSTED TO THEM. THIS WILL PROVIDE AGAINST LOSSES THAT ARE OFTEN MADE POSSIBLE THROUGH FIRMS NOT TAKING THIS PRECAUTION.

Persons considering subscribing for stock in this company will bear in mind that there is no fancy prospectus written up with glowing colors of the great possibilities that may be done, which necessarily is required to sell stock in wild-cat schemes, which are offered in Colorado, Oregon, or other distant points.

This company will do a large mail order business, which will be very attractive to stockholders throughout the country.

Stock subscriptions will be received in any amounts, to be paid for in the following manner: 10 per cent to be paid when giving your subscription, and 20 per cent per month until fully paid. Or you can pay for subscription in full when you subscribe.

Subscriptions received by mail or in person.

REACTION IN STOCKS, FOLLOWED BY A RALLY

London Was a Heavy Buyer All Day—Call Loans Again Touch Four Per Cent—Pittsburgh Coal Sells Equipment Trust Notes.

By JOHN O. BAGLIN, Financial Editor.

There was a moderate increase in the volume of trading, but a very irregular market for stocks in New York yesterday. The opening was strong under the influence of higher London quotations, and in the initial dealings a number of new high marks were recorded. Among the strong features at this time were Illinois Central, which advanced to 164; American Locomotive, Car Foundry common and preferred, National Biscuit, Chesapeake & Ohio and both issues of Toledo, St. Louis & Western. By the end of the first hour, however, the whole market had developed a reactionary tendency, and under heavy selling by western houses and by what is known as the Waldorf clique, the whole market declined. The reaction ranged from 1½ to 4½ per cent, comparing Wednesday's prices with the low point yesterday, as follows:

	Wed.	Thurs.	Dec.
Amalgamated Copper	81⅛	78½	2⅝
United States Steel	36⅞	35⅜	1½
Do preferred	98⅞	96½	1⅜
Union Pacific	136⅜	133½	3⅜
New York Central	166¼	162¼	3⅞
Northwestern	245¼	240	5¼
Illinois Central	163½	161	2½
St. Paul	183⅛	180¼	3⅞
Atchison	91⅝	89¾	2¼
Pennsylvania	146⅝	144⅜	2⅛
Baltimore & Ohio	110½	108⅝	1⅝
Reading	98¾	96⅞	3
Canadian Pacific	148⅝	146½	2⅜
Missouri Pacific	109¾	107⅝	2
Louisville & Nashville	145¼	142¾	2⅜
Tennessee Coal & Iron	92½	89½	2⅝
Colorado Fuel & Iron	55⅜	52⅜	2½
Smelting	102½	99	3½

In the closing hour there was a sharp recovery from the extreme low prices of midday, and the market displayed a better tone. The tractions were strong throughout the session under the leadership of Metropolitan Securities, which closed at a net advance of 2½ per cent. Car Foundry also closed 2½ per cent higher.

There was some mystery connected with the heavy buying by London, which was a conspicuous feature of the market. It is reported on good authority that a clique of Wall street professionals, who thought that a reaction was overdue, had made up a pool of 40,000 shares of the leading stocks and sent the selling orders to London for execution before the time for opening on this side. Apparently it was planned to make a weak market abroad for effect upon this side. But London not only absorbed these offerings, but an additional demand sprang up from some source to strengthen the foreign market, with the effect, as stated, of higher quotations in London for American securities. Foreigners are credited with buying 30,000 shares Chicago Great Western, which was the only important railroad stock to close at a net advance, and 30,000 shares Union Pacific, besides purchases in other parts of the list. Lord Rothschild was quoted as denying that Russia had been successful in placing the latest proposed war loan, and in Wall street it was thought that the attitude of London toward our stock market had been influenced by advance knowledge as to the real status of peace negotiations.

Call loan rates again advanced to 4 per cent and ruled well above 3 per cent most of the day, closing at 3¼ per cent.

There were but two active stocks in the local market yesterday. These were National Fire Proofing and United States Steel. Fire Proofing common was in good demand at 12, and the preferred advanced to 37⅛, both issues closing at fractional gains. United States Steel common was heavy, sympathizing with the weakness in the east. Pittsburgh Coal stocks were less active, but the common declined to 19¾, the low point of the year. The preferred closed unchanged for the day. The recent weakness in this stock was partially explained by the announcement that the company had sold $1,484,000 4½ per cent car trust notes to provide for new equipment, contracts for which have already been made. The Westinghouse stocks were heavy, Switch and Signal declining to 84, Electric to 90½ and Air Brake to 140½. Bonds were fairly active, but the only change of note was an advance of 1½ per cent in Brownsville, Allentown and Knoxville 6s, which sold at 117.

NOTES AND COMMENT.

The Pittsburgh Coal Company has placed contracts for 1,400 50-ton steel cars of the hopper type, and to pay for the same it has sold to New York, Cleveland and St. Louis bankers $1,484,000 4½ per cent car trust notes. These notes will fall due in regular series on November 1, 1905, to May 1, 1915. The transaction will probably account for the recent depression in the market for the stocks of the company. It was supposed that when the company last year negotiated its $25,000,000 bond issue it had provided for future capital requirements, and the street is evidently disappointed over the issue of car trust notes at this time. At least this is the only explanation for the decline in the stock to the lowest prices of the year, while other industrials were advancing. The company has recently been handicapped in its operations by the scarcity of cars, and it will now solve the problem by increasing its own supply. The railroads have recently placed large orders for locomotives, and it is probable that by the time the lake trade requirements are at their maximum the Pittsburgh Coal Company will be better equipped than ever before to move its product to market.

Directors of Union Switch & Signal yesterday declared the regular quarterly dividends of 2½ per cent on the preferred and 2 per cent on the common stock, both payable April 10 to stock of record April 1. The common stock declined a fraction to 84. The other Westinghouse stocks were also slightly lower. There was some expectation that the Air Brake Company would restore the old rate of extra dividend paid in 1903, but if this is contemplated it would not likely be done before the end of the fiscal year in August. The annual meeting does not occur until October. The half year beginning with the current month should witness a large increase in gross and net earnings, owing to the activity in car-building.

There was a better demand for National Fire Proofing stocks yesterday than for months. Sproul & Co. were large buyers of the preferred and the price advanced to 37⅛, the highest of the year. The common stock was fractionally higher at 12. Sproul & Co. were also large buyers of United States Steel common, taking one block of 500 shares from R. C. Hall.

The many friends in local financial circles of Mr. Thomas H. Robinson, Jr., of Robinson Bros., will be gratified to learn that he is steadily gaining in health. Mr. Robinson went to California with his family last fall to spend the winter, and in a private letter received yesterday he writes that he is feeling better than at any time for more than a year. Speaking of Los Angeles he says the city is growing at an astonishing rate, the present population being 180,000, against 100,000 in 1900, and that there is no abatement in building operations.

Mr. J. T. Hoag of the New York banking firm of Simmons & Slade, was in the city yesterday, a guest of Henry Sproul & Co.

Some of the New York stock commission houses have notified local correspondents that while the market is in its present condition it will be necessary to keep $15 margins on stocks selling up to 125 and $20 on stocks selling at 200. This is a precaution against sudden fluctuation in the market.

The belief was still professed in Wall street that the flurry in call loans was due to the recall of government deposits and was merely temporary. Preparation for the Standard Oil dividend is also assigned as the occasion for the shifting of loans. The money rate was higher figure late in the day. It was suggested that the recent receipts of currency from the interior have been due to remittances by interior banks in preparation for drafts on their New York correspondents for the repayment of government deposits and that the lack of this offsetting movement to New York is likely to cause the movement of coin currency towards the interior for the future. Sterling exchange weakened, indicating a source of relief for higher money, although discounts were firmer in London, as was natural with the heavy demands on the Bank of England for credits indicated by the week's expansion of loans by that institution of $30,000,000.

While professional traders in the stock market are bearish for a turn, it is noticeable that they quickly cover contracts when a small profit is in sight, indicating distrust of their position on the short side.

The annual report of the Electric Storage Battery Company shows a decrease in gross earnings of $416,522 and a decrease in net earnings of $442,350.

The American Iron and Steel Manufacturing Company, following the making of its common share capital full paid, has resumed dividends on the common stock by the declaration of a dividend of 2 per cent. The regular quarterly dividend of 1¼ per cent on the preferred was declared.

About the only stock on which talk was confidently bullish yesterday were Metropolitan and Metropolitan Securities. The reason given for the bull feeling is that it is reported that the Metropolitan Street Railway Company is to construct a subway. The case with which New York Central recovered helped sentiment considerably. The market was also helped by the advance in Metropolitan Street Railway and Metropolitan Securities.

The usual Westinghouse Air Brake dividends of 2½ per cent regular and 2½ per cent extra are payable April 10 to stock of record April 1.

Otis Elevator directors have declared the regular quarterly dividend of 1¾ per cent on the preferred stock and the usual dividend of 2 per cent on the common stock, payable April 15 to stock of record March 31.

Wall street gossip: "The sharp rise in General Electric the last few days has been the first interruption to a considerable period of dullness and steadiness, but with a slow and gradual creeping upward in prices. Observers express the opinion that accumulation is undoubtedly going on. No effort to bid up the stock is made, but stock is absorbed as offered. The motive for the accumulation is most probably the enormous growth in the company's turbine business. It is understood on good authority that actual bookings for turbines will shortly exceed 1,500,000 horsepower. This represents in value about $37,000,000 of turbo-electrical machinery. The New York Central alone is installing turbo-generators of 80,000 horsepower. Friends of the company say that General Electric business will soon be double that of last year and that profits likewise are doubling up fast. The opinion of an operator who is in close touch with the market situation is that while the slow up-creeping movement may continue for a while in General Electric, a rampant bull movement is not in process of development and he predicts 225 for it by June."

Important financial interests representing several millions of the debenture B bonds of the Wabash railroad are formulating plans looking to the betterment of their security at the hands of resident Goulds. There are $25,000,000 of these bonds outstanding and they have never paid any interest, notwithstanding protests lodged with the management at various times to the effect that interest had been fairly earned and should be paid. The contention of the protesting bondholders is that these bonds have been improperly ignored, and that the earnings of the Wabash system have been long diverted from the payment of interest. These bonds are secured by a mortgage unusually liberal as to security and voting power, and a close scrutiny of the terms of the indenture leads the protesting bondholders to the conclusion that at least 5 per cent or $1,250,000 is due them on unpaid bonds. The mortgage indenture states that interest shall be paid when for a six months' period there is shown surplus earnings equal to 1 per cent. The Wabash road has so managed its accounting as to show just short of 1 per cent for the half-year periods for many years, but it has evidently overlooked the fact that the extra earnings for a six months' period must be paid to the bondholders. These bonds were firm yesterday, closing at 71¾, a net advance of ½ per cent.

The $15,000,000 Cincinnati, Hamilton & Dayton 4½ per cent collateral notes, purchased by Redmond & Co. from Central Trust Company, were all sold within a few hours.

The Norfolk & Western dividend is payable in June, but will probably be declared next month, and it is expected to be at the rate of 4 per cent per annum.

The stockholders of the North American Company have voted to increase the capital stock from $17,000,000 to $30,000,000 in accordance with recommendation of the board of directors.

The net earnings of United States Steel for 1904 were $75,115,521, a decrease of $35,994,631. Detailed figures will be found in our New York dispatches.

UNIVERSITY CLUB HUNTING A SITE

Has Fund of $65,000 and May Locate on the Schenley Property.

OUTER FIFTH AVENUE DEAL

The University club is taking on new life and may soon be relocated, if present plans materialize. Next Saturday night a meeting of the club will be held to take action on securing a new site and erecting a modern club house this summer. It is expected that at this meeting some definite plans will be formulated, and a committee will likely be appointed to take up the matter. The movement to get a site and build a home of its own has been gaining impetus rapidly of late, and there is now a fund of $65,000 at hand to start the project. It is expected that at least $75,000 more will be required to meet the cost of the proposed move, but if the club can secure $100,000 it feels safe in going ahead.

Since it abandoned its old quarters in Penn avenue about a year ago, the club has occupied the rooms of the Union club in the Frick building. For a time interest in the affairs of the club was at a low ebb, but this spring the membership is picking up again and the club now has nearly 350 members. A majority of these are in favor of getting a permanent location as soon as possible, but there is a considerable diversity of opinion as to the best location. Several properties in Oakland, Bellefield and East End districts have been considered, but no formal vote has been taken. As many members have always favored a downtown location, it is pretty certain that the club will not locate in the East End, but will compromise and get a location as near the downtown section as it is for the club's best interests. Recently a large number of the club's members have expressed a preference for a site in Bellefield avenue, near Fifth avenue, on what was part of the old Schenley farm. A 60 or 80-foot lot could be secured there, they say, at a reasonable cost, and owing to the location being central to so many big educational institutions it would be of particular advantage to the club. A leading member of the club said yesterday: "The prospects for the University club having a home of its own soon, and a largely increased membership as a result, are excellent."

Fifth Avenue Sale of $30,000.

The property of J. Glick at 1504 Fifth avenue is reported sold for $30,000. The lot is best known as the Mimm holdings, and was bought by Kaskel Solomon about two years ago and sold by him to Mr. Glick last year. It has a frontage of 25 feet between Pride and Marion streets, and a depth of 115 feet to Ann street. A three-story brick business block is the only improvement. The sale figures at the rate of $1,200 a front foot.

The West Carnegie Land Company has purchased from William P. Sossong nine houses on the west side of Glenn avenue, West Carnegie, for $10,800. The houses are seven room frame dwellings on lots 25x100 feet each, and are all rented for $20 a month.

B. C. Youngman, Jr., proves to be the buyer of the Joseph Woodwell property in Third avenue, just below Wood street, which was sold a few weeks ago for $42,500. The lot is 20x84 feet, and is improved with a three-story brick building. This sale figures at the rate of $2,125 a front foot, or $25 30 a square foot. The buyer of the Axthelm lot, adjoining at 243 Third avenue, which was sold about the same time, has not been announced.

Paid Only $2.21 a Square Foot.

By the registry of the deed yesterday it seems that the Pittsburgh & Lake Erie Railroad Company paid only $2 21 a square foot for the James M. Bailey property on the South Side, which it secured by condemnation proceedings about a year ago. The consideration in the deed was $119,250. The lot has a frontage in Carson street, near Smithfield street, of 111 feet, and a depth of 127 feet to the railroad tracks.

The East End Savings and Trust Company closed the sale of the Gabbert property at Penn avenue and Beatty street, East End, the buyer being Leopold Vilsack. The lot is 20x145 feet and brought $18,000, or $900 a foot for the Penn avenue frontage.

Architect James T. Steen is preparing plans for four brick houses which Joseph W. Craig will build on the old Craig homestead in Church avenue, near Cedar avenue, Allegheny, at a cost of $20,000. The old Craig residence was taken down and moved to Sewickley Heights two years ago and the big plot has since been vacant. It is expected the Pennsylvania Railroad Company will take off a strip from the front of the lot, but the houses will set back far enough to allow for this. Mr. Craig has also commissioned Architect Steen to prepare plans for a three-story brick warehouse at Pike and Twenty-first streets, to cost $20,000.

The Bellevue Methodist congregation started yesterday to move its church at Lincoln and Home avenues, Avalon to make room for the $48,000 structure which they will build this spring. The parsonage was moved across the street a short time ago, and the church will be left on a lot in the rear, pending the completion of the new edifice.

Sales Made by Brokers.

Coffee and Sugar.

NEW YORK, March 16.—The market for coffee futures opened steady, with unchanged prices in advance of 5 points in response to steady European cables and a rather better demand from local bulls. The second cable from Santos reported smaller San Paulo receipts for the day and the market later increased the gain somewhat with offerings relatively light. The market closed steady, with the spot month 15 points higher and the other positions 5@10 points higher. Sales were reported of 78,250 bags, including April at 6.05c; May at 6.20@6.25c; July at 6.35@6.40c; September at 6.50@6.60c; December at 6.75@6.80c; February at 6.90c. Spot Rio steady. No. 7 invoice, 7⅝c; mild dull; Cordova, 10@18c. Sugar—Raw steady; fair refining, 4¼c; centrifugal, 96° test, 4⅞c; molasses sugar, 4c; refined quiet.

MARKETS ALL LIVELY AND PRICES ARE FIRM

Egg Packers Announce Price at Which They Will Buy for Storage Purposes.

Markets were lively enough in all lines yesterday, so far as the amount of business transacted was concerned, except in flour. This commodity continues weak, and some dealers are still shading in spite of the advance in the wheat market. The western millers are expected to make another cut this week, and this will probably result in a further reduction in Pittsburgh, although it will probably not take effect here until next week, if it comes at all.

The egg dealers are all unanimous in their declarations that eggs will not go below 16 cents by the case lots this season. It is announced the big packing companies have ordered eggs bought, packed for storage, April delivery, when they get down to 16 cents. This frank announcement on the part of the packers is something new. They propose to stop the slump in price at the 16 cent figure. What the hen is going to do in the matter has not yet been announced.

The butter market continues stronger with good indications for a 1 cent advance next week. Green goods are selling lively and prices have advanced in a few lines. This is notably the case in celery, which is getting scarce and correspondingly dear.

HAY AND GRAIN.

Receipts.

Receipts of hay and grain yesterday were as follows: Pennsylvania lines, 8 cars corn, 12 cars hay, 1 car hay and grain, 1 car straw, 3 cars feed, 1 car rye, 1 car rye and corn; Pittsburgh & Lake Erie, 3 cars oats, 5 cars hay, 1 car straw, 1 car corn; Baltimore & Ohio, 12 cars hay, 1 car straw, 1 car oats, 1 car feed.

Business in the hay and grain market yesterday was a little dull and the receipts were not taken so readily as for the past several days. No changes were recorded in prices and the market is pronounced firm in every line.

MILD WEATHER GAVE IMPETUS TO SALES

Wheat Market Opened Weak, and Under Continued Selling July Closed Off.

[By Associated Press to The Gazette.]

CHICAGO, March 16.—Mild weather in the southwest was an incentive for continued general selling of wheat today by pit traders. At the close, July wheat was off ⅛@¼c. May is up ⅛c. Corn is down ⅛@⅜c. Oats show a loss of ⅜c. Provisions are practically unchanged.

The wheat carket opened weak. May was ⅛@¼c lower at $1 12⅜@1 12⅝ and July was down a shade to ¼@⅜c to 91⅝@91¾c. The principal influences were lower cables and continued favorable weather in the west and southwest. Pit traders generally favored the selling side, but the volume of business was not large. The principal trading was in July options. As the session advanced the deferred futures became still weaker, July declining to 91¼. Bullish news from Minneapolis regarding the flour situation there had a steadying effect on the May delivery, the lowest point on which was reached at $1 12⅝. Small receipts in the northwest also tended to support the price of May wheat. A feature of late trading was the reported purchase of about 1,000,000 bushels of July by a prominent commission house. The effect of this was to cause a rally in prices. May advanced to $1 13⅛ and July to 92⅜c. Additional realizing, however, resulted in renewed weakness. Final quotations on May were at $1 13¼. July closed at 91⅜c. Clearances of wheat and flour were equal to 71,800 bushels. Primary receipts were 557,500 bushels compared with 542,900 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 218 cars against 266 cars last week and 290 cars a year ago.

Larger receipts than expected caused considerable selling of corn early in the session, resulting in some weakness. The selling, however, was held in check by predictions of wet weather for the corn belt, the effect of which would be to materially lessen receipts. Longs showed some disposition to take profits. The market had a little rally late in the day in sympathy with the bulge in wheat, but profit taking soon caused renewed weakness. May opened ¼@⅜c lower at 49⅛@49⅜c, sold between 49⅛@49⅝c and closed at 49⅛c. Local receipts were 324 cars with 6 of contract grade.

Trading in the oats market was very quiet. Sentiment was inclined to bearishness owing to weakness of other grains. May opened a shade to ⅛c lower at 32@32¼c; sold between 31⅝@32¼c and closed at 31⅝c. Local receipts were 191 cars.

Provisions showed considerable strength, high prices at Liverpool and continued light receipts of hogs were bullish factors. Brokers were good buyers throughout the day. At the close May

IS EMERGING FROM PANIC

Steel Corporation, Despite Its Worst Year, Will Spend Millions for Improvements.

AT BEGINNING OF A BOOM

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square.
NEW YORK, March 16.

The pamphlet report of the United States Steel Corporation for the year ended December 31, 1904—shown to be the worst in the Corporation's history—was distributed today. Net earnings for the year amounted to $73,176,522, a decrease of $35,964,631 from the amount earned in 1903, and a surplus, after dividends on the preferred stock of $5,047,852, equal to almost 1 per cent on the common stock.

The surplus balance at the end of the year was $81,365,445, compared with $66,000,682 at the end of 1903. Excluding the $25,000,000 capital surplus provided at organization, a total surplus of $56,365,445 from operations since organization is indicated. The report states it is intended to spend about $31,000,000 this year for improvements, new construction and the like.

Of course the report relates to operations largely when the iron and steel trade was at its worst in years. Toward the end of last year business picked up rapidly, and now it is currently intimated that net earnings for the first quarter of this year will amount at least to $26,500,000, within $200,000 of the figures for the first quarter of the record year, 1902. All reports agree the trade is in the beginning of a boom.

Revival Has Continued.

There were 36,654 preferred stockholders at the end of 1904, a decrease of 3,006 during the year, and 27,888 common stockholders, a decrease of 9,369.

The report, which is signed by E. H. Gary, chairman of the board, and President W. E. Corey, says:

The depression in the iron and steel trade which, in common with all other lines of business, took place during the summer of 1903, continued until the late fall of 1904. The severity of the changed trade conditions is indicated by the lesser volume of business done for the year as represented by gross sales and earnings, which show a decrease of 17 per cent in comparison with 1903 and by a falling off of 33 per cent in net earnings. While the total output of manufacturing properties shows a decrease in tonnage of finished products for sale of only about 9 per cent, it will be noted by the table, except for the increase in blooms, billets, etc., on which the margin of profit is lowest, the percentage of decrease in the aggregate of tonnage would have been nearly 15 per cent. In the latter part of the year 1904 there was a marked increase in the volume of business received, and this revival has continued. The tonnage of unfilled orders on the books on December 31, 1904, was 4,696,268 of all kinds of manufactured products, in comparison with 3,215,122 tons at the close of 1903.

As shown by the several statements in this report, liberal expenditures have been made by the subsidiary companies during the year for maintenance, improvements and construction, it being the policy to maintain the various plants, mills and properties at the highest state of efficiency.

Large Expenditures to Be Made.

The fact that the properties are in this condition, together with the efficient organization which exists, permits economical operating results and influences largely the net earnings, particularly in periods of depression in business. Notwithstanding the liberal outlay made for improvements, construction and new property during the last and preceding years, large expenditures must be made from time to time in order to keep pace with the growing demands of the country.

The unexpended appropriations which have been authorized for work to be done during the year 1905 equal approximately $31,000,000.

Reference was made in the last annual report to the fact that arrangements had been made with the United States Steel Products Export Company, whose capital stock is held by the Federal Steel Company, to act as export selling agent for the several subsidiary companies. Most satisfactory results have been obtained in respect to the export trade. A total of 1,921,672 tons of various products was shipped during the year 1904 for export. One of the essential features in this business is that the average production cost of similar commodities for domestic sale is thereby reduced.

The redeemed bonds held by the Steel Corporation at par on December 31 last amounted to $14,079,000, of which $10,159,000 were Steel Corporation bonds and $3,920,000 subsidiary company bonds.

Rodgers Got What He Wanted.

City Solicitor Rodgers has returned from Harrisburg. He went there to have the state health bill so amended as to permit an appeal to be taken to court from decisions of the state health commission, when it refuses to permit the erection of water works or the extensions of established sewer systems. Mr. Rodgers said he succeeded in securing what he contended for. The bill is intended to prevent the pollution of streams.

CALEB POWERS FUND PASSES $1,200 MARK

Friends of Justice and Equity Giving Material Support to Accused Kentuckian.

Subscriptions to The Gazette fund on behalf of Caleb Powers have passed the $1,200 mark. This result foreshadows that when the accused Kentuckian again faces judge and jury he will have substantial and material support from Western Pennsylvania in his dual fight for justice and vindication.

Subscribers to The Gazette fund are not so much subscribers to Powers' individuality as they are adherents of justice, equity and fair play. Guilty or innocent, this man has spent five of the most valuable years in his robust young manhood behind prison walls without being legally adjudged guilty of that with which he is charged. Every verdict found against him has been set aside by the court of appeals, which means that he was not legally and fairly tried. The five years which have been taken out of the life of Caleb Powers can never be replaced, nor can the mental anguish of his aged mother during those years ever be recompensed.

If this man has wrongfully suffered, the world should know it; if criminally guilty he should be so convicted; but, guilty or innocent, he should be heard after being properly, legally, and fairly prosecuted before an impartial court and impartial jury. That is what Powers himself asks. That is the purpose of The Gazette fund in his behalf. Those who would further this cause will have their subscriptions acknowledged in these columns from day to day if sent to this office.

MARCONI TAKES A BRIDE.

Inventor Married to the Hon. Beatrice O'Brein — Coming to the United States.

LONDON, March 16.—The marriage of Guglielmo Marconi to the Hon. Beatrice O'Brien, fifth daughter of Lady Inchiquin, took place at St. George's church, Hanover Square, today. Signor Marconi's mother and brother, the latter being the best man, came from Italy for the ceremony. Lord Inchiquin gave away the bride. The couple afterwards started on their honeymoon, which will be spent in Ireland. They expect to sail for New York March 26 and later proceed to Rome where they will be the guests of King Victor Emmanuel and Queen Helena at the quirinal.

The upwards of 500 presents received included a costly collection of jewels. The crowds outside the church were so dense that traffic had to be stopped. The couple were loudly cheered as they drove away.

CONGRESS OF MOTHERS HOLDS ANNUAL ELECTION

WASHINGTON, March 16.—The National Congress of Mothers today elected officers for the ensuing year as follows: President, Mrs. Frederick Schoff, Philadelphia; vice presidents Mrs. D. O. Mears, Albany, N. Y.; Mrs. W. W. Murphy, Los Angeles, Cal.; Mrs. R. R. Cotten, Bruce, N. C.; corresponding secretary, Mrs. E. C. Grice, Philadelphia; recording secretary, Mrs. J. P. Bronk, Bridgeport, Conn.; treasurer, Mrs. Louis K. Gillson, Wilmette, Ill.; auditor, Mrs. Roger B. McMullen, Evanston, Ill.

FINANCIAL AND TRADE NOTES.

WASHINGTON, March 16.—National bank notes received today for redemption, $1,064,149; government receipts from internal revenue, $627,394; customs, $641,141; miscellaneous, $257,673; expenditures, $1,749,000.

NEW YORK, March 16.—(Special.)—The United States Steel Corporation will build car shops for the Bessemer & Lake Erie road this year. They will be located on the ground of the Carnegie Steel Company. Material is ready and work of construction will begin in the spring.

HARTFORD, CONN., March 16.—The Hartford Machine Screw Company's business and plants in this city and in Elyria, O., have been sold to the Standard Screw Company of Detroit, Mich. The Hartford concern is capitalized at $500,000, and it is understood that the sale price approaches $1,000,000.

NEW YORK, March 16.—(Special.)—Rudolph Kleyboite & Co. and William Salomon & Co. of New York, and G. H. Walker & Co. of St. Louis announce the joint purchase of $1,484,000 Pittsburgh Coal Company 4½ per cent equipment trust notes, due in series from November 1, 1905, to May 1, 1915.

NEW YORK, March 16.—(Special.)—The Nut and Bolt association met in this city Wednesday and agreed upon a general advance in prices. The new schedule is from 2½ to 5 per cent higher than the old schedule. Members of the organization say they were forced to make the advance on account of the upward tendency in prices for raw material.

BOSTON, March 16.—The Boston & Albany railroad has closed a contract with the Boston bridge works, an independent concern, for 3,000 tons of structural steel to be used in the construction of a bridge across the Connecticut river at Springfield. The American bridge works of the United States Steel Corporation was a competitor for the contract.

NEW YORK, March 16.—George W. Young, president of the United States Mortgage and Trust Company, is an applicant for membership to the New York stock exchange. Two seats at $83,000, the high record figure, were transferred today, one to Francis C. Carley and another to John D. Chapman. One of yesterday's purchasers of an $83,000 membership was announced today to be E. Drexel Godfrey of Philadelphia.

SONS OF ERIN WILL HOLD NO ST. PATRICK'S PARADE

Ireland's Patron Saint Will Be Honored With Quiet Enthusiasm, Nevertheless, Among Hibernians.

There will be no parade of loyal sons of Erin on this St. Patrick's day. Local Irishmen have decided they can do appropriate honor to the memory of St. Patrick without expending money for a street demonstration. There will be several gatherings of the various divisions of the Ancient Order of Hibernians, with oratory, ballads, hornpipes and "blarney" galore. The money formerly spent in parades, the Hibernians say, can be applied to more patriotic uses.

Division No. 14 will entertain at Carnegie hall, Braddock, with an Irish minstrel show. Division No. 26 and the ladies' auxiliary of division No. 9 will celebrate in St. Peter's school hall, Allegheny. Division No. 20 will hold forth in Central Turner hall, Forbes street. The Irish of the South Side will recall memories of the "Ould Sod" in their hall at Sarah and South Twenty-seventh streets.

The green will be seen everywhere in Pittsburgh today. The confectioners are putting up St. Patrick's day candy in harp-shaped boxes of emerald hue, and the haberdashers are working overtime in supplying green cravats. Alderman Humphrey Lynch of Allegheny has received his annual supply of real shamrocks from Ireland, and the celebration can proceed as per schedule.

ETNA HAS $75,000 FIRE.

Threading Department of Spang-Chalfant Plant Destroyed Yesterday Morning.

Fire in the butt-weld threading department of the Spang-Chalfant company's plant at Etna, caused a loss of $75,000 yesterday morning. Flames were discovered shortly after 9 o'clock and the Etna and Sharpsburg departments at once responded to the alarm.

Fifteen threading machines, valued at $600 each, were destroyed, while other machinery and much stock was ruined. It is believed the fire originated from a gas stove in an adjoining office used by shipping clerks.
